Most Impacted and Distressed Threshold (Projected)	\$3,356,830,320.00	\$3,481,559,232.78

Overall Progress Narrative:

The State has allocated CDBG-DR funds to four major program areas: Housing, Small Business, Community Reconstruction, and Infrastructure including Rebuild by Design. The State has continued progress on recovery efforts across all programs throughout Q1 2019 and continues to ensure that it is serving the individuals, small businesses, and communities impacted by Sandy, Irene, and Lee. Additional information on these programs and detailed quarter programmatic updates can be found in the appropriate program narratives in this QPR. GOSR has continued to consult with HUD on the national objectives for all of the activities. Any changes identified based on HUD's guidance will be reflected in GOSR's QPR.

During Q1, 2019, Action Plan Amendment 21 was approved by HUD in February 2019. Non-substantial APA 22 was submitted to HUD in February 2019. Substantial APA 23 was posted for public comment in February 2019 and submitted to HUD for approval in March 2019. APA23 reallocates funds between programs. The Action Plan and all amendments can be found on GOSR's website.

Staff levels are being maintained as programs progress. At the end of Q1 2019 GOSR totaled 180 employees working throughout the state. Staff levels will continue to meet the needs of the recovery programs.

During the quarter, budget changes were made in order to establish new DRGR activities and comply with the requirement to establish separate obligation round budgets for all activities. Budget changes were also made to lower the budgets of activities within a round that expended funds more slowly and to raise the budgets of activities that were expending funds faster. The State has attached a list of activities affected by the budget changes as Supporting Documentation to the QPR.

Funds drawdown in the following activities does not match funds expenditure because funds drawdown in the final days of a quarter is typically expended in the first days of a following quarter. The State has attached a list of the affected activities as Supporting Documentation to the QPR.

The State has attached its contract reporting template as Supporting Documentation to the QPR.

Project Summary

Project #, Project Title	This Report Period		To Date

Match Contributed	\$0.00	\$0.00

Activity Description:

Certain highest risk areas in the floodplains, determined to be among the most susceptible to future disasters and that therefore present a greater risk to people and property, will be identified by the State and its local partners for Buyouts for Floodplain Restoration. In accordance with the HUD Notices governing the use of these funds, these properties will be maintained in perpetuity as coastal buffer zones. This is a direct benefit activity qualifying as a Low to Moderate-Income Buyout Activity per 82 FR 36812 and Docket No. FR-6039-N-01, when CDBG-DR funds are used for a buyout award to acquire housing owned by a qualifying LMI household, where the award amount is greater than the pre-disaster fair market value of that property. This activity was originally known as R1-BOH-LMI. The activity was renamed as R1-BOH-UN-A. The activity was renamed as R1-BOH-FPR-UN-A. The activity is known as R1-BOH-FPR-LMB, which reflects that the activity is benefitting Low and Moderate Income households that have their homes bought out and qualify under LMB. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau, Suffolk, and parts of Staten Island.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

To date, three projects have been undertaken by the State of New York at Robert Moses State Park. The first project is the Robert Moses State Park Emergency Beach Renourishment Project, which was completed in May 2013. The second project, known as the Captree State Boat Channel Dredging and Beach Stabilization Project, builds on the prior Project to provide longer term stabilization of the Park infrastructure and adjoining beach. The first two parks together restored over 1.2 million cubic yards of sand Superstorm Sandy took from beaches and dunes at the park. When the state initially chose performance metrics for Robert Moses it chose the number of linear miles. However as the project has progressed the state has determined that reporting the number of cubic yards is a more accurate measure of performance. The third project includes improvements to the water treatment infrastructure at the park. The project will elevate and strengthen the primary water treatment facility and vital electrical system elements, and will include updated treatment systems and discharges to relieve pressure in emergency situations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Park is an 875 acre State park located on the southern coast of Long Island on the western end of the barrier island known as Fire Island. The Park extends from Democrat Point on the west to the Fire Island National Seashore on the east, and is bounded by the Atlantic Ocean on the south side and Great South Bay and Fire Island Inlet on its north side.

Activity Description:

These activities provide the non-federal share payment to address the immediate post storm debris removal needs undertaken by public entities that are eligible for FEMA Public Assistance Grants in the PA Program. These activities were undertaken in low to moderate income census blocks or benefit persons of low to moderate income. Each activity has a Project worksheet(s) which supports the draw. This includes the entity, location, type and quantity of debris in addition to location of where work was performed. The State devised a mechanism to report on detailed activity on non-federal share match payments made for this Debris Removal. The FEMA PA program provides disaster recovery funds to repair and rebuild directly damaged public infrastructure to units of local government (UGLG). CDBG-DR Match payments are provided to these UGLG for multiple projects. The State consolidated these multiple units of local government to a count of these entities because individual projects are expected to exceed 20,000 for 1500 UGLGs. Although the State consolidated reporting (of Public Facilities/Properties), it is providing other data that shows the identity of each UGLG and the specific FEMA PA project associated with the CDBG-DR funds committed to that project as local match. The State determined the HUD national objective LMI, from the latitude and longitude of the FEMA project work location overlaid onto HUD census block shape files. This information was then used to identify the portion of the work that benefited (LMI/UN] populations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in storm related debris in Presidentially declared counties across New York. Specific geographic locations of the debris are determined and documented in FEMA Public Assistance Category A - Debris Removal project worksheets.

Total Funds Expended	\$0.00	\$19,070,683.31
Most Impacted and Distressed Expended	\$0.00	\$15,026,667.39
Match Contributed	\$0.00	\$0.00

Activity Description:

These activities provide the non-federal share payment to address the immediate post storm debris removal needs undertaken by public entities that are eligible for FEMA Public Assistance Grants in the PA Program. The work covered in this activity was determined to meet the urgent need national objective. Each activity has a Project worksheet(s) which supports the draw. This includes the entity, location, type, and quantity of debris, in addition to location of where work was performed. The State devised a mechanism to report on detailed activity on non-federal share match payments made for this Debris Removal. The FEMA PA program provides disaster recovery funds to repair and rebuild directly damaged public infrastructure to units of local government (UGLG). CDBG-DR Match payments are provided to these UGLG for multiple projects. The State consolidated these multiple units of local government to a count of these entities because individual projects are expected to exceed 20,000 for 1500 UGLGs. Although the State consolidated reporting (of Public Facilities/Properties), it is providing other data that shows the identity of each UGLG and the specific FEMA PA project associated with the CDBG-DR funds committed to that project as local match. The State determined the HUD national objective UN, from the latitude and longitude of the FEMA project work location overlaid onto HUD census block shape files. This information was then used to identify the portion of the work that benefited UN populations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in storm related debris in Presidentially declared counties across New York. Specific geographic locations of the debris are determined and documented in FEMA Public Assistance Category A - Debris Removal project worksheets.

Activity Description:

Activities in this program, address specific post disaster needs that public entities had to perform to protect the public and or provide services and the beneficiaries were of low to moderate income. Program funds pay the non-Federal Share match payment for activities captured in FEMA's Public Assistance (PA) Program as Category B work in project worksheets. Activities may also include public services provided by the State through the FEMA Transitional Sheltering Assistance Program TSA. These activities would have taken place within the 1st 90 days after the event. All activities have a Project worksheet(s) or supporting documentation in the file. The State devised a mechanism to report on detailed activity on non-federal share match payments made for this Public Services. The FEMA PA program provides disaster recovery funds to repair and rebuild directly damaged public infrastructure to units of local government (UGLG). CDBG-DR Match payments are provided to these UGLG for multiple projects. The State consolidated these multiple units of local government to a count of these entities because individual projects are expected to exceed 20,000 for 1500 UGLS. Although the State consolidated reporting (of Public Facilities/Properties), it is providing other data that shows the identity of each UGLG and the specific FEMA PA project associated with the CDBG-DR funds committed to that project as local match. The State determined the HUD national objective LMI, from the latitude and longitude of the FEMA project work location overlaid onto HUD census block shape files. This information was then used to identify the portion of the work that benefited [LMI/UN] populations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in the need for the State to provide public services to assist residents who live in Presidentially declared counties across New York. The geographic location of each public service is provided in the project file.

Activity Description:

Certain highest risk areas in the floodplains, determined to be among the most susceptible to future disasters and that therefore present a greater risk to people and property, will be identified by the State and its local partners for Buyouts for Floodplain Restoration. In accordance with the HUD Notices governing the use of these funds, these properties will be maintained in perpetuity as coastal buffer zones. This is a direct benefit activity qualifying as a Low to Moderate-Income Buyout Activity per 82 FR 36812 and Docket No. FR-6039-N-01, when CDBG-DR funds are used for a buyout award to acquire housing owned by a qualifying LMI household, where the award amount is greater than the pre-disaster fair market value of that property. This activity was originally known as R2-FPR-UN. The activity is known as R2-BOH-FPR-LMB, which reflects that the activity is benefitting Low and Moderate Income households that have their homes bought out and qualify under LMB. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau County, Suffolk County, Rockland County, and parts of Staten Island.

Activity Description:

DASNY is a state contracting agency that is providing support to GOSR by implementing disaster recovery and resiliency projects as part of the NY Rising Community Reconstruction Program. In this activity, DASNY will build and retro-fit fire department facilities as part of a long-term recovery and in order to reduce the future vulnerability of communities to disasters. The eligible activity for these projects is Public Facilities and Improvements, pursuant to Section 105(a)(2) of the Housing and Community Development Act.

Location Description:

Gerritsen Beach, Brooklyn, NY
 Howard Beach, Queens, NY
 Rotterdam, NY

Activity Progress Narrative:

There was no significant activity during the quarter.

Activity Description:

The State of New York developed the Interim Mortgage Assistance Program (IMA) to meet the needs of displaced homeowners unable to inhabit their primary residences as a result of Hurricane Irene, Tropical Storm Lee and/or Superstorm Sandy. The IMA program has developed a formula to determine monthly payment amounts to eligible applicants that takes into account the following factors: rental housing expenses, prior rental assistance, and mortgage costs. Applicants who are already in the Rental program may also be enrolled in the IMA program,

pending eligibility. Assistance is provided to displaced homeowners to help them pay the lesser of their monthly mortgage or rental payment. APA 12 amended the description of the IMA Program to extend the period in which interim mortgage assistance may be provided from 20 months to 36 months, as authorized in the February 12, 2016 Federal Register Notice (81 FR 7567). Applicants assisted through this activity were determined to meet the LMI national objective. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

Project management, including staff, development of design criteria for proposed improvements, and design implementation. The proposed accomplishments include replacement of 2,195 linear feet of existing steel sheet pile bulkhead, one elevated walkway at the park, and one quarter mile of natural shoreline revetment reported here as one linear mile of public improvement because of limitations in DRGR. Funds will also be used to increase and provide greater recreational opportunities for these residents at the park. GOSR has committed an additional 5 million USD to the project to support the further development of resilient recreational facilities for this LMI community and has partnered with Major League Baseball and the Harlem RBI non-profit to create a baseball academy at the park that will serve thousands of youth from around New York City. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Roberto Clemente State Park, a 25-acre urban park serving 1.3 million visitors annually, is located in the Morris Heights neighborhood of the Bronx with 3,700 linear feet of waterfront along the Harlem River in Bronx County, New York. Owned and operated by the State of New York Office of Parks, Recreation and Historic Preservation (OPRHP/Parks), this Bronx County park was directly impacted by Superstorm Sandy.

Activity Description:

To date, three projects have been undertaken by the State of New York at Robert Moses State Park. The first project is the Robert Moses State Park Emergency Beach Renourishment Project, which was completed in May 2013. The second project, known as the Captree State Boat Channel Dredging and Beach Stabilization Project, builds on the prior Project to provide longer term stabilization of the Park infrastructure and adjoining beach. The first two parks together restored over 1.2 million cubic yards of sand Superstorm Sandy took from beaches and dunes at the park. When the state initially chose performance metrics for Robert Moses it chose the number of linear miles. However as the project has progressed the state has determined that reporting the number of cubic yards is a more accurate measure of performance. The third project includes improvements to the water treatment infrastructure at the park. The project will elevate and strengthen the primary water treatment facility and vital electrical system elements, and will include updated treatment systems and discharges to relieve pressure in emergency situations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Park is an 875 acre State park located on the southern coast of Long Island on the western end of the barrier island known as Fire Island.

The Park extends from Democrat Point on the west to the Fire Island National Seashore on the east, and is bounded by the Atlantic Ocean on the south side and Great South Bay and Fire Island Inlet on its north side.

Activity Description:

The State will provide the non-federal share or Local match related to FEMA grant funds for eligible storms including Superstorm Sandy and Hurricane Irene for the benefit of low and moderate income persons. Funded activities include the immediate repairs to the transmission and distribution system in Nassau and Suffolk counties on Long Island, and the Rockaway Peninsula in Queens. Labor, equipment, and material costs associated with the restoration of power to the customer base are included. The costs include both force account activities and those associated with the emergency procurement of outside utility companies and electrical contractors to aid in the effort, according to traditional mutual assistance protocols. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

Activities in this program, address specific post disaster needs that public entities had to perform to protect the public and or provide services and the beneficiaries were of low to moderate income. Program funds pay the non-Federal Share match payment for activities captured in FEMA's Public Assistance (PA) Program as Category B work in project worksheets. Activities may also include public services provided by the State through the FEMA Transitional Sheltering Assistance Program TSA. These activities would have taken place within the 1st 90 days after the event. All activities have a Project worksheet(s) or supporting documentation in the file. The State devised a mechanism to report on detailed activity on non-federal share match payments made for this Public Service. The FEMA PA program provides disaster recovery funds to repair and rebuild directly damaged public infrastructure to units of local government (UGLG). CDBG-DR Match payments are provided to these UGLG for multiple projects. The State consolidated these multiple units of local government to a count of these entities because individual projects are expected to exceed 20,000 for 1500 UGLS. Although the State consolidated reporting (of Public Facilities/Properties), it is providing other data that shows the identity of each UGLG and the specific FEMA PA project associated with the CDBG-DR funds committed to that project as local match. The State determined the HUD national objective LMI, from the latitude and longitude of the FEMA project work location overlaid onto HUD census block shape files. This information was then used to identify the portion of the work that benefited LMI populations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in the need for the State to provide public services to assist residents who live in Presidentially declared counties across New York. The geographic location of each public service is provided in the project file.

Match Contributed	\$0.00	\$0.00

Activity Description:

Activities in this program, address specific post disaster needs that public entities had to perform to protect the public and or provide services. The work covered in this activity was determined to meet the urgent need national objective. Program funds pay the non-Federal Share match payment for activities captured in FEMA's Public Assistance (PA) Program as Category B work in project worksheets. Activities may also include public services provided by the State through the FEMA Transitional Sheltering Assistance Program TSA. These activities would have taken place within the 1st 90 days after the event. All activities have a Project worksheet(s) or supporting documentation in the file. The State devised a mechanism to report on detailed activity on non-federal share match payments made for this Public Service. The FEMA PA program provides disaster recovery funds to repair and rebuild directly damaged public infrastructure to units of local government (UGLG). CDBG-DR Match payments are provided to these UGLG for multiple projects. The State consolidated these multiple units of local government to a count of these entities because individual projects are expected to exceed 20,000 for 1500 UGLS. Although the State consolidated reporting (of Public Facilities/Properties), it is providing other data that shows the identity of each UGLG and the specific FEMA PA project associated with the CDBG-DR funds committed to that project as local match. The State determined the HUD national objective for UN, from the latitude and longitude of the FEMA project work location overlaid onto HUD census block shape files. This information was then used to identify the portion of the work that benefited UN populations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in the need for the State to provide public services to assist residents who live in Presidentially declared counties across New York. The geographic location

Match Contributed	\$0.00	\$0.00

Activity Description:

GOSR awarded First Ward Action Council, Inc. (FWAC) is the Applicant and Developer of Binghamton Gateway Homes (Gateway), a scattered site, mixed-used project located in the City of Binghamton First Ward. Binghamton Gateway Homes meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. There are 11 existing buildings that will be substantially rehabilitated plus 1 mixed-use building that will be newly constructed. There will be a total of 37 apartments with 27 in the gut rehab buildings and 10 in the 3-story new construction building, which will also have 2 commercial storefronts. This multi-family project will target 6 units to persons with physical disabilities. FWAC has an agreement with Southern Tier Independence Center to provide support services and referrals for the 6 set-aside units. Gateway has unit sizes from studios to 3-Bedrooms, so it will meet the demand for quality affordable housing from individuals, small households, and large families. None of the units are reserved for a superintendent. Twelve (12) of the units are targeted to households within incomes at or below 50 percent AMI and 25 are targeted to households with incomes at or below 60 percent AMI. An admissions preference for persons displaced by Tropical Storm Lee will be in place as part of the Affirmative Fair Housing Marketing Plan. Funds included in this Obligation Round 2 activity are expected to contribute to accomplishments that will be reported in the future during the time that future obligation rounds are active. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Binghamton Gateway project is located in the First Ward neighborhood of Binghamton, Broome County, New York. The First Ward neighborhood suffered extensive damage from Tropical Storm Lee – multiple sites within the First Ward neighborhood had moderate to major damage, and a few of this project's sites have been vacant since the Storm hit in 2011. The NY Rising Community Reconstruction Program – Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will cover the following addresses: 249, 252, 254, 255, 257.5, 259, 267, 269, and 273-275 Front Street, 8 Meadow Street, and 20 Spring Forest Avenue, and 164-168 Clinton Street. All sites are in zip code 13905. This new building will be constructed on the site of a local landmark that was known as the Lincoln Hotel until it was destroyed by fire last year.

Activity Description:

The Rental Properties Program works to assist storm-damaged rental properties and is designed to restore residential rental properties located outside of New York City that were damaged by Hurricane Irene, Tropical Storm Lee, and or Superstorm Sandy. The Program is intended to assist owners of damaged small and larger residential rental properties. The Program covers costs for reimbursement of eligible repair or replacement costs, the repair or replacement of damaged real property, replacement of disaster-impacted non-luxury residential appliances, and environmental and health hazard mitigation costs related to the repair of disaster-impacted property. The Program also covers costs (including elevation) to mitigate future damage for those properties that are located within a 100-year floodplain. Assistance is provided for unmet repair or reconstruction and elevation or mitigation needs. Renters assisted through this activity were determined to meet the urgent need national objective. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Description:

This activity involves the reconstruction of storm sewer and sanitary sewer infrastructure along a portion of Route 5. Based on the expected existing pipe and manhole materials, the proposed construction work will involve replacement of approximately 12 sanitary sewer manholes, replacement of one storm sewer catch basin, installation of approximately 100 feet of new storm sewer pipe and lining of approximately 3,500 feet of sanitary sewer pipe. Additionally, the sanitary sewer manholes in the flood damaged area will receive new water-tight frames and covers to prevent flood waters from entering the sanitary sewer system. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Amsterdam in Montgomery County. The GEOIDS for the project include: 36057074001 and 36057074002.

Activity Description:

This activity will mitigate future flooding of Gulf Brook through restoration measures that will increase water flow and sediment transport capacity. This will involve repairs and improvements to approximately 1,500 linear feet of Gulf Brook. These repairs and improvements will include modifications to the profile and form of the stream channel along with the installation of measures to dissipate energy and armor the channel to protect against future erosion and damage. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOID for the project is: 360319609002.

Activity Description:

This activity will restore the natural shoreline in an area of the Town of Hempstead along Valley Stream and between Cloverfield Road North to Mill Road, commonly referred to as "The Path". This area is approximately 1,800 linear feet in total length and includes a walking trail, approximately 200 linear feet of bioswale and other green infrastructure practices to create tidal marshes and living shoreline, and approximately 60,000 square feet of pocket park area. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of South Valley Stream in Nassau County. The GEOIDS for the project include: 360594104002, 360594108004, 36094109001, 36094109002.

Match Contributed	\$0.00	\$0.00

Activity Description:

Schoharie County Soil and Water Conservation District will construct approximately 5,220 feet of drainage improvements in the Village of Schoharie. This includes relocating existing utilities, lowering culverts, developing a detention pond to attenuate peak runoff, constructing an outfall to Schoharie Creek, re-establishing swales, constructing additional drainage along and across State Route 30/Main Street and Brdige Street, constructing backflow gates to prevent Schoharie Creek flood waters from feeding back into the project site and stabilizing Schoharie Creek. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated place of the Village of Schoharie in Schoharie County.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The Schoharie County Soil and Water Conservation District Stony Brook Creek project will include replacing two culverts, one on Frisbieville Road and one on Stony Brook Road; reconstruction of a stacked rock revetment wall; and bank failure repair at two additional locations. Additional work will include installation of precast concrete culverts, a bridge railing and approach guiderail, full-depth roadway reconstruction, installation of proposed dry stacked boulder walls, channel improvements, and landscaping. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Schoharie in Schoharie County. The GEOIDS for the project include: 360957401002, 360957401003, 360957401004.

Activity Description:

Smith Hill Creek is a manmade stream located in the Wallace Road neighborhood and serves as part of a storm water management system for this portion of the Town of Chenango. This project will include various improvements along approximately 3050 linear feet of the creek with measures such as: increasing the size of culverts and the cross sectional area of portions of the stream channel and installation of drainage piping, check dams, catch basins and trash racks. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Chenango in Broome County. The GEOID for the project is: 360070121031, 360070121033.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The funding will permanently install an 80kw backup generator at the town hall and a 250kw backup generator at the high school in order to provide a consistent source of power during an outage. The Town will utilize these two facilities as shelters during future storm events. During previous storm events there was a lack of critical shelter space for residents of the Town of Amsterdam, particularly those living along the north bank of the Mohawk River who regularly experience severe flooding, forcing them out of their homes and negatively impacting government operations for several days after the storm. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Amsterdam in Montgomery County. The GEOIDs for the project include 360570721001, 360570721002, 360570721003, 360570721004, 360570702001, 360570703001, 360570704001, 360570709001, 360570702002, 360570703002, 360570704002.

Activity Description:

Planning activities related to the identification and development of RBD Nassau - Living With the Bay project, funded through the New York State CDBG-DR RBD allocation. Planning activities include the gathering of information need to get this RBD project located along the Mill River in Nassau County through the AE design phase and into construction phases. Planning activities are expected to include working with municipalities that align and or are near the Mill River and Nassau County government. Planning activities will take place that address land and water based issues including but not limited to planning and developing integrated water management, coastal storm surge, stormwater run-off, coastal restoration activities in addition to creating greenways and water retention parks, and underground storage solutions, and social and educational resiliency actions. Work may include, scope development, development of program management policies, processes and procedures, analysis of studies and data and efforts to evaluate the RBD project design that support the environmental planning activity. Activities will also include New York State's GOSR need to address progress in implementing this project and communicating it to the public. The planning activities relate to specific programs and projects which may be implemented by either New York State (NYS)- GOSR, NYS Parks and its sub-contractors, municipalities and county governments, and or the winning design team and or its subcontractors. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. This activity includes funds from funding round 3. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. Activity Description:

The State of New York developed the Interim Mortgage Assistance Program (IMA) to meet the needs of displaced homeowners unable to inhabit their primary residences as a result of Hurricane Irene, Tropical Storm Lee and/or Superstorm Sandy. The IMA program has developed a formula to determine monthly payment amounts to eligible applicants that takes into account the following factors: rental housing expenses, prior rental assistance, and mortgage costs. Applicants who are already in the Rental program may also be enrolled in the IMA program, pending eligibility. Assistance is provided to displaced homeowners to help them pay the lesser of their monthly mortgage or rental payment. APA 12 amended the description of the IMA Program to extend the period in which interim mortgage assistance may be provided from 20 months to 36 months, as authorized in the February 12, 2016 Federal Register Notice (81 FR 7567). Applicants assisted through this activity were determined to meet the LMI national objective. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Match Contributed	\$0.00	\$0.00

Activity Description:

Bay Park wastewater treatment facility in Nassau County is the largest wastewater treatment facility in Nassau County. During Superstorm Sandy, engines for the plants main pumping system were flooded by over nine feet of water destroying the plants electrical system and comprising other critical components of the plant, the electrical failure resulted in over 200 million gallons of raw sewage being discharged into nearby neighborhoods, waterways and natural resource areas causing a public health and safety crisis. The State of New York along with Nassau County worked with FEMA to apply for FEMAs Public Assistance Alternative Procedures Pilot Program. A settlement was reached that provided funds for repair, restoration, resiliency, and mitigation. The project will serve to protect communities located near the plant as well as to minimize outflows to bays and natural resources areas from power outages. Funds disbursed through this activity are used to pay for construction costs and have been determined to meet the urgent need national objective. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Bay Park STP. 2 Marjorie Lane. East Rockaway, Town of Hempstead, Nassau County, NY 11518.

Activity Description:

Project management, including staff, development of design criteria for proposed improvements, and design implementation. The proposed accomplishments include replacement of 2,195 linear feet of existing steel sheet pile bulkhead, one elevated walkway at the park, and one quarter mile of natural shoreline revetment reported here as one linear mile of public improvement because of limitations in DRGR. Funds will also be used to increase and provide greater recreational opportunities for these residents at the park. GOSR has committed an additional 5 million USD to the project to support the further development of resilient recreational facilities for this LMI community and has partnered with Major League Baseball and the Harlem RBI non-profit to create a baseball academy at the park that will serve thousands of youth from around New York City. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Roberto Clemente State Park, a 25-acre urban park serving 1.3 million visitors annually, is located in the Morris Heights neighborhood of the Bronx with 3,700 linear feet of waterfront along the Harlem River in Bronx County, New York. Owned and operated by the State of New York Office of Parks, Recreation and Historic Preservation (OPRHP/Parks), this Bronx County park was directly impacted by Superstorm Sandy.

Activity Description:

To date, three projects have been undertaken by the State of New York at Robert Moses State Park. The first project is the Robert Moses State Park Emergency Beach Renourishment Project, which was completed in May 2013. The second project, known as the Captree State Boat Channel Dredging and Beach Stabilization Project, builds on the prior Project to provide longer term stabilization of the Park infrastructure and adjoining beach. The first two parks together restored over 1.2 million cubic yards of sand Superstorm Sandy took from beaches and dunes at the park. When the state initially chose performance metrics for Robert Moses it chose the number of linear miles. However as the project has progressed the state has determined that reporting the number of cubic yards is a more accurate measure of performance. The third project includes improvements to the water treatment infrastructure at the park. The project will elevate and strengthen the primary water treatment facility and vital electrical system elements, and will include updated treatment systems and discharges to relieve pressure in emergency situations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Park is an 875 acre State park located on the southern coast of Long Island on the western end of the barrier island known as Fire Island. The Park extends from Democrat Point on the west to the Fire Island National Seashore on the east, and is bounded by the Atlantic Ocean on the south side and Great South Bay and Fire Island Inlet on its north side.

Activity Description:

This activity provides non-federal share payments to eligible public entities in the FEMA Public Assistance (PA) Grant Program to address immediate post storm debris removal needs (categorized as FEMA Category A work). The work covered in this activity was determined to meet the national objective of primarily benefiting persons of low- to moderate-income. For the purposes of reporting performance measures for this activity, the metric used is number of businesses, which refers to the number of public entities that are assisted through the match payments made in this activity. Each entity may have been assisted with multiple projects, which are documented in FEMA Project Worksheets (PWs). FEMA PWs, which include information about the entity, location, and type and quantity of debris, support each draw. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in storm related debris in Presidentially declared counties across New York. Specific geographic locations of the debris are determined and documented in FEMA Public Assistance Category A - Debris Removal project worksheets.

Activity Description:

This activity provides the non-federal share payments to the Long Island Power Authority (LIPA) for FEMA Public Assistance work to restore power to LIPA electrical grid following damage from Superstorm Sandy (4085), Hurricane Irene (4020), and Winter Storm NEMO (4129). The work covered in this activity was determined to meet the urgent need national objective. GOSR is only providing the match for work related to restore power to the grid. Labor, equipment, and material costs associated with the restoration and repair of transmission and distribution system are included. Costs include both force account activities and those associated with assistance that other electrical providers provided as part of national emergency response compact. The compact addresses mutual assistance protocols and procedures and procurement of outside utility companies and electrical firms which come to provide expertise necessary to correctly and safely restore power following events nationwide. For the purposes of reporting performance measures for this activity, the metric used is number of non-business organizations, which refers to the number of public entities that are assisted through the match payments made in this activity. For this activity, one entity (LIPA) will be assisted once match payments are completed. Work done for LIPA was documented in multiple FEMA Project Worksheets (PWs). FEMA PWs, which include information about the location and nature of work, support each draw. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

This project will fund activities in Nassau, Suffolk and Rockaway Peninsula in Queens which comprise the LIPA energy grid.

Activity Description:

This activity provides non-federal share payments to eligible public entities in the FEMA Public Assistance (PA) Grant Program to address immediate post storm emergency protective services (categorized as FEMA Category B work). Activities may also include public services provided by the State through the FEMA Transitional Sheltering Assistance (TSA) Program. This work would have taken place within the first 90 days after the event. The work covered in this activity was determined to meet the national objective of primarily benefiting persons of low- to moderate-income. For the purposes of reporting performance measures for this activity, the metric used is number of non-business organizations, which refers to the number of public entities that are assisted through the match payments made in this activity. Each entity may have been assisted with multiple projects, which are documented in FEMA Project Worksheets (PWs). FEMA PWs, which include information about the entity, location, and nature of work, support each draw. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in the need for the State to provide public services to assist residents who live in Presidentially declared counties across New York. The geographic location of each public service is provided in the project file.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The proposed project Norstar and Metroplex propose to redevelop the vacant building located at 13 State Street in Schenectady into a mixed use, mixed income for area seniors. The concept includes 61 residential units with 44,200 S.F. and approximately 4,467 S.F. of common space, and 8,650 S.F. of commercial and community supportive facility space. The residential structure includes 47 one bedroom one bath units averaging approximately 686 S.F., 12 one bedroom with den units averaging 842 S.F., and 2 two bedroom one bath units of 1,268 S.F. The project includes 29 units targeted to seniors with incomes of 50 percent or less of AMI, 24 units targeted to 60 percent or less of AMI, and 8 units targeted to 80 percent or less of AMI. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project is a redevelopment of a former YMCA located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Most Impacted and Distressed Expended	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

GOSR awarded First Ward Action Council, Inc. (FWAC) is the Applicant and Developer of Binghamton Gateway Homes (Gateway), a scattered site, mixed-used project located in the City of Binghamton First Ward. Binghamton Gateway Homes (Gateway) meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. There are 11 existing buildings that will be substantially rehabilitated plus 1 mixed-use building that will be newly constructed. There will be a total of 37 apartments with 27 in the gut rehab buildings and 10 in the 3-story new construction building, which will also have 2 commercial storefronts. This multi-family project will target 6 units to persons with physical disabilities. FWAC has an agreement with Southern Tier Independence Center to provide support services and referrals for the 6 set-aside units. Gateway has unit sizes from studios to 3-Bedrooms, so it will meet the demand for quality affordable housing from individuals, small households, and large families. None of the units are reserved for a superintendent. Twelve (12) of the units are targeted to households within incomes at or below 50 percent AMI and 25 are targeted to households with incomes at or below 60 percent AMI. An admissions preference for persons displaced by Tropical Storm Lee will be in place as part of the Affirmative Fair Housing Marketing Plan. Funds included in this Obligation Round 2 activity are expected to contribute to accomplishments that will be reported in the future during the time that future obligation rounds are active. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Binghamton Gateway project is located in the First Ward neighborhood of Binghamton, Broome County, New York. The First Ward neighborhood suffered extensive damage from Tropical Storm Lee – multiple sites within the First Ward neighborhood had moderate to major damage, and a few of this project’s sites have been vacant since the Storm hit in 2011. The NY Rising Community Reconstruction Program – Broome County (March 2014) calls for

improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems.

The project will cover the following addresses: 249, 252, 254, 255, 257.5, 259, 267, 269, and 273-275 Front Street, 8 Meadow Street, and 20 Spring Forest Avenue, and 164-168 Clinton Street. All sites are in zip code 13905. This new building will be constructed on the site of a local landmark that was known as the Lincoln Hotel until it was destroyed by fire last year.

Match Contributed	\$0.00	\$0.00

Activity Description:

GOSR awarded Sepp, Inc. as applicant in joint venture with Lakewood Development 2 Plus 4 Development as Developer of Cardinal Cove, a new construction development for low-income households in the Village of Endicott, Town of Union, NY. Cardinal Cove meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. This disaster relief project involves the new construction of 50 affordable units in 25 duplex buildings, as well as a separate community building. In addition to providing much-needed affordable housing, by keeping families in the area the Cardinal Cove will help to stabilize the neighborhood commercial center. The project community building will house the manager office, community space, a computer lab, and community laundry facilities. The site will include a playground, individual driveways at each townhouse, and an on-site storm water retention system. Cardinal Cove will consist of twelve 1BR apartments, 26 2Br apartments, and 12 3BR apartments, thus providing affordable housing appropriate for a range of household compositions. 50 percent of the units will be affordable to households up to 50 percent of AMI and 60 percent of AMI, respectively. The Affirmative Fair Housing Marketing Plan includes a priority for applicants who received assistance from the Disaster Housing Assistance Program (DHAP), and provides a marketing preference for 3 units that shall be fully accessible and marketed to individuals with mobility impairments, and 2 units to individuals with vision or hearing impairments. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Cardinal Cove project is located in the town of Union, Broome County, New York. Union suffered extensive damage from storms in 2006 and again in 2011 from Tropical Storm Lee – a 50 Unit mobile home park located approximately 1 mile from the Cardinal Cove site was decommissioned as a result of flooding during Tropical Storm Lee. The NY Rising Community Reconstruction Program – Broome County (March 2014) calls for improving the

resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will be located at 397 Glendale Drive in the Village of Endicott, in the Town of Union, in the County of Broome within New York State 13760.

Activity Description:

Conifer Realty, LLC is the project sponsor for the construction of a three-story, 90-unit residential building on Long Island in the hamlet of Copiague within the town of Babylon. Of the 90 units, 71 units will be set aside for households earning up to 60 percent of area median income (AMI) and the remaining units will serve families earning up to 100 percent of AMI. CDBG-DR funds will make up 29.9 percent of the project financing. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Copiague is an unincorporated hamlet within the Town of Babylon in the County of Suffolk. As noted in the NY Rising Community Reconstruction Plan, more than a quarter of the hamlet's housing stock suffered damage during Superstorm Sandy. The impact on housing stock exacerbated a housing shortage that existed prior to Superstorm Sandy.

Activity Description:

DePaul Properties, Inc. will construct fifty (50) units of affordable housing in Schenectady for households earning up to 60 percent of area median income (AMI). 25 units will be set aside for participants of the Medicaid Redesign Team Financing Program. The building will have three levels and approximately 50,000 square feet. There will be 46 one-bedroom units and 4 two-bedroom units. The project is located in Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The site includes 758, 766 -782 Albany Street, 311-313 Schenectady Street, adjacent lots along Hulett Street. The project is located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Description:

GOSR awarded Westhab, Inc. as sponsor and Ludlow Commons Limited Partnership as Beneficial Owner of Ludlow Commons, a new construction development for low-income senior households in the City of Yonkers, Westchester County, NY. Ludlow Commons involves the new construction of 70 affordable 1- and 2-bedroom apartments of elderly households with at least one household member 62 years of age or older. Eight units will be accessible for mobility impaired tenants and three units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 6,945 square feet. The building will provide surface parking, a laundry room, a community room, access to computers, a wellness and management office, a landscaped outdoor patio in the rear yard, and additional outdoor seating in the front. By being only one half block from South Broadway, residents will be within walking distance of shopping, municipal and health services and multiple public transportation options. Residents will have convenient access to the county-wide bus and Para-Transit lines, MTA bus service to NY City, and Metro North train service to NY City and northern Hudson Valley communities. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Ludlow Commons will be located at 7-17 Ludlow Street in the Town of Yonkers, in the County of Westchester within New York State 10701. It will provide 70 affordable senior apartments in a heavily storm damaged area. The City and County suffered significant damage in Superstorm Sandy--118 rental units in Westchester were damaged in one of the three covered storms, 839 owner-occupied units were damaged, for a total of 957.

Activity Description:

GOSR awarded Home Leasing, LLC (as sponsor) and Owego Gardens LLC (as Beneficial Owner) of Owego Gardens, a new construction development for low-income senior households in the Town of Owego, Tioga County, NY. Owego Gardens involves the new construction of 62 affordable 1- and 2-bedroom apartments of elderly households with at least 80% of households occupied by at least one person 55 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 66,250 square feet. The building will include common laundry facilities, air-conditioning, community spaces, tenant storage, patios/balconies, and on-site parking restricted to the tenancy. The municipality has elected to provide utilities and an access road to the site. The access road will link the building to Southside Drive (i.e. Route 434), as well as connect the building to any future developments on the property. The Village of Owego is distinctive for its picturesque riverfront location and its historic downtown and civic center with a village square opening to the river and the Court Street Bridge, recently reconstructed. The public library, post office, health care and senior service facilities, banks, pharmacies, supermarket, bus stop, and various other services and amenities are located here. While the site is not located directly in the center of the village, a common hub for Tioga County's bus system aka Ride Tioga can be found in the Village square just across the bridge. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Owego Gardens will be located at 130A Southside Drive in the Village of Owego, in the County of Tioga within New York State 13827. It will provide 62 affordable senior apartments in a heavily storm damaged area. 85% of the structures in the town of Owego experienced storm damage due to Hurricane Irene and/or Tropical storm Lee; over

2340 owner- and renter-occupied homes were damaged, gas and electricity were shut off for over 1400 residential and commercial properties.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

Development of 45 units of affordable and workforce housing. 40 units will be made available for renters at or below 50 percent of AMI. 5 units would be available for applicants at or below 120 percent of AMI. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Located in the center of downtown Riverhead, the property is currently owned by the Long Island Science Center.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The Rental Properties Program works to assist storm-damaged rental properties and is designed to restore residential rental properties located outside of New York City that were damaged by Hurricane Irene, Tropical Storm Lee, and or Superstorm Sandy. The Program is intended to assist owners of damaged small and larger residential rental properties. The Program covers costs for reimbursement of eligible repair or replacement costs, the repair or replacement of damaged real property, replacement of disaster-impacted non-luxury residential appliances, and environmental and health hazard mitigation costs related to the repair of disaster-impacted property. The Program also covers costs (including elevation) to mitigate future damage for those properties that are located within a 100-year floodplain. Assistance is provided for unmet repair or reconstruction and elevation or mitigation needs. Renters assisted through this activity were determined to meet the urgent need national objective. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Description:

Certain highest risk areas in the floodplains, determined to be among the most susceptible to future disasters and that therefore present a greater risk to people and property, will be identified by the State and its local partners for Buyouts for Floodplain Restoration. In accordance with the HUD Notices governing the use of these funds, these properties will be maintained in perpetuity as coastal buffer zones. This is a direct benefit activity qualifying as a Low to Moderate-Income Buyout Activity per 82 FR 36812 and Docket No. FR-6039-N-01, when CDBG-DR funds are used for a buyout award to acquire housing owned by a qualifying LMI household, where the award amount is greater than the pre-disaster fair market value of that property. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau County, Suffolk County, Rockland County, and parts of Staten Island.

Activity Description:

This activity involves the reconstruction of storm sewer and sanitary sewer infrastructure along a portion of Route 5. Based on the expected existing pipe and manhole materials, the proposed construction work will involve replacement of approximately 12 sanitary sewer manholes, replacement of one storm sewer catch basin, installation of approximately 100 feet of new storm sewer pipe and lining of approximately 3,500 feet of sanitary sewer pipe. Additionally, the sanitary sewer manholes in the flood damaged area will receive new water-tight frames and covers to prevent flood waters from entering the sanitary sewer system. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Center for New York City Neighborhoods will implement the Residential Technical Assistance Pilot Program (RTAPP) to provide technical assistance, on-site resiliency audits, and one-on-one counseling in residential resiliency retrofitting techniques, flood insurance, and long-term housing affordability to low/moderate income homeowners in Canarsie, Gravesend and Bensonhurst, Howard Beach, Lower Manhattan, Red Hook, Rockaway East, Southeast Brooklyn Waterfront, Gerritsen Beach/Sheepshead Bay, and Southern Brooklyn Peninsula. In addition to direct program assistance, CNYCN will develop an online tool related to flood resiliency and insurance costs for residential structures tailored to property owners within New York City. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Communities of Canarsie, Gravesend Bensonhurst, Howard Beach, Lower Manhattan, Red Hook, Rockaway East, Southeast Brooklyn Waterfront, Gerritsen Beach/Sheepshead Bay, and Southern Brooklyn Peninsula in Kings, Queens, and New York Counties.

Activity Description:

The project will include repair and resiliency improvements to the STARS Community Center as part of the New York Rising Community Center network. A recovery center network will ensure the continued provision and coordination of recovery services as well as efficient delivery of services and access to information after a storm. Additionally, the Committee specified the use of funding to undertake resiliency improvements to the building, including the installation of green technologies for energy efficiency and power generation. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area is the Stars Community Center. The GEOID for the project include: 360810716001, 360810884007, 360810884008, and 360810884006.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The Project is going to purchase and install 1 generator. Ensuring that municipalities and 1st responders, including Fire Departments, have the necessary resources to provide essential service, protect life and property before, during, and following disasters. This project will also ensure that this critical facility has backup power during and after major storms by the installation of a permanent generator that will be elevated to prevent its being flood damaged. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Fire Island in Suffolk County. The GEOIDs for the project include: 361031595101 and 361031595102.

Activity Description:

This project will implement restoration and stabilization measures along both Beede and Gulf Brooks to help mitigate future flood events. The proposed improvements to Beede Brook will include a redesign of the outlet into the East Branch Au Sable River the creation of a two-stage channel the installation of grade contract and drop structures to maintain channel slope, and the restoration of in-stream habitat while the improvements at Gulf Brook will commence the third phase of work undertaken in separate projects. This last phase will install grade contract and drop structures to maintain channel slope and expand the capacity of Gulf Brook to transport water and sediment through restoration of the floodplain, and stabilize road embankments. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOIDS for the project include 360319609002.

Activity Description:

This activity will mitigate future flooding of Gulf Brook through restoration measures that will increase water flow and sediment transport capacity. This will involve repairs and improvements to approximately 1,500 linear feet of Gulf Brook. These repairs and improvements will include modifications to the profile and form of the stream channel along with the installation of measures to dissipate energy and armor the channel to protect against future erosion and damage. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOID for the project is: 360319609002.

Activity Description:

The Dormitory Authority of the State of New York (DASNY), on behalf of Fire Island, will prepare a bayside shoreline engineering and design study (Phase 1) which will inform Phase II construction of pilot projects. The design study will assess the feasibility of using natural infrastructure, as well as hard structural solutions, to protect the bayside of the barrier island, which fronts on the Great South Bay (also known as the South Shore Estuary Reserve) from storm surge and wave action (erosion). This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

This activity will address future storm flooding on Pepperidge Road in the area of Auerbach Avenue, Heather Lane and the Village Hall. Storm surge and inadequate stormwater drainage systems has caused road flooding and sewage backups. The activity will involve the upgrade of approximately 4,000 linear feet of storm drainage pipe along Pepperidge Road. Green infrastructure practices will also be constructed including permeable surfaces in parking lots, bioswales, and a stormwater detention pond. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Hewlett Harbor in Nassau County. The GEOIDS for the project include: 360594115001 and 360594115002.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The proposed project involves constructing resiliency improvements at three facilities in the Rockaways. The improvements include constructing diesel generators at three of the facilities and check valves at two of the facilities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The neighborhood on the Far Rockaway Peninsula in Queens County. The GEOIDS for the project include: 360810942021, 360810942031, 360810954001, 360810964001, 360810972021, 360810972031, 360810972041, 360810992001, 360810998011, 360810998021, 360811008011, 360811008021, 360811010011, 360811010021, 360811032011, 360811032021, 360810942022, 360810942032, 360810954002, 360810964002, 360810972032, 360810972042, 360810992002, 360810998012, 360810998022, 360811008012, 360811008022, 360811010012, 360811010022, 360811032012, 360811032022, 360810942033, 360810954003, 360810972033, 360810972043, 360810998013, 360810998023, 360811008023, 360811010013, 360811032013, 360811032023, 360810942034, 360810972034, 360810998014, 360811008024, 360811010014, 360811032024, 360810942035, 360810998015.

Activity Description:

Nassau County wants to design and install transfer switches of traffic signals poles located in priority locations, identified by Nassau County, across the Seaford, Wantagh, Baldwin, Bellmore, Merrick, Massapequa (massapequa, East Massapequa, and Massapequa Park), and Freeport communities. Once connected to oen of Nassau County's portable power sources, these transfer switches will allow traffic signals to remain operational in the event of a power outage. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community Wide-Massapequa, Merrick, Bellmore, Freeport, Baldwin, Seaford, and Wantagh. Activity Description:

The proposed public service will involve the creation, implementation and operation of a crowd-sourced web platform for gardeners to utilize to stay up-to-date with projects, learn about the toolkit strategies and post resources, thoughts, suggestions or comments to a public forum. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Lower Manhattan in New York County. The GEOIDS for the project include: 360610030013, 360610018004, 360610040002, 360610020003, 360610040004, 360610038002, 360610018005, 360610038006, 360610022012, 360610032005, 360610038004, 360610036022, 360610040003, 360610032002, 360610036011, 360610032004, 360610036021, 360610032007, 360610030011, 360610036012, 360610030022, 360610030014, 360610042002, 360610038003, 360610028002, 360610032006, 360610040006, 360610022011, 360610028001, 360610014021, 360610038007, 360610036013, 360610010021, 360610026011, 360610034003, 360610038005, 360610032001, 360610022013, 360610040001, 360610012001, 360610018003, 360610034001, 360610042001, 360610038001, 360610034002, 360610034004, 360610032003, 360610014022, 360610030012, 360610024002, 360610022021, 360610028003, 360610020002, 360610040005, 360610026022, 360610030021, 360610026012, 360610010022, 360610026021, 360610028004, 360610020001, 360610024001, 360610010023, 360610022014.

Activity Description:

The Dormitory Authority of the State of New York (DASNY) is requesting CDBG-DR funds on behalf of the Seaford, Wantagh, Bellmore, Merrick, the Massapequas, and Freeport communities to design and install upgrades to approximately 50 NYS DOT-owned traffic signals critical for safe and secure passage during and after future storm events. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Places as follows: Village of Freeport CDP, Seaford CDP, Wantagh CDP, Bellmore CDP, Merrick CDP, Massapequa CDP, Massapequa Park CDP, East Massapequa CDP, and North Massapequa CDP, NY.

Activity Description:

The implementation of a workforce development program in Rockaway East that will provide 6 types of job trainings, such as Certified Home Health Aid and CERT, to an expected 796 majority LMI residents of the storm-impacted neighborhoods of Rockaway East. The project is expected to be carried out over a 12-month period. Also, the project, which was included in the Rockaway East NYRCR Community Reconstruction Plan, is in response to the demonstrated need for skills that are demanded locally and which can support the post-Sandy revitalization of the employment base. Among the needs addressed, will be the desire among residents to be better prepared and trained to assist in disaster recovery. Trainings are expected to be provided at multiple sites which will be determined closer to the program start. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The East Rockaway community in Queens New York. Activity Description:

This activity will improve stormwater drainage along an approximately 4,800 linear foot length of James Street which has experienced flooding and roadway collapse. The activity will involve reconstruction of approximately 510 linear feet of the stormwater drainage system as well as measures to reconstruct and stabilize approximately 400 linear feet of the bank of Rondout Creek. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rosendale in Ulster County. The GEOIDS for the project include: 361119528001, 361119528002, and 361119527003.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

This project will involve the rehabilitation of existing stormwater trenches located on the east and west sides of the neighborhood and is anticipated to include widening, deepening, and/or slope reconstruction to convey stormwater from the neighborhood in an existing flood control area and ultimately into Rondout Creek. This would include the installation of storm sewers and catch basins along with drainage culverts and swales. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rosendale in Ulster County. The GEOIDS for the project include 361119527003.

Activity Description:

The Village of Saugerties is funding a project for exploration of groundwater resources and subsequent drilling, pumping and disinfectant equipment, and piping infrastructure that will connect with the Village's main water system. This will act as a supplemental water source to protect the Village from risk of interruption in service. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area for this project falls into the Village of Saugerties and a portion of the Town of Saugerties. Overall, it includes GEOIDs 361119501001, 361119502001, 361119502002, 361119502003, 361119503001, 361119503002, 361119503003, and 361119549001.

Activity Description:

Schoharie County Soil and Water Conservation District will construct approximately 5,220 feet of drainage improvements in the Village of Schoharie. This includes relocating existing utilities, lowering culverts, developing a detention pond to attenuate peak runoff, constructing an outfall to Schoharie Creek, re-establishing swales, constructing additional drainage along and across State Route 30/Main Street and Brdige Street, constructing backflow gates to prevent Schoharie Creek flood waters from feeding back into the project site and stabilizing Schoharie Creek. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated place of the Village of Schoharie in Schoharie County.

Activity Description:

This activity involves the construction of streetscape enhancements to help control stormwater runoff and retention, provide shade and improve the quality of life for residents. Enhancement measures will include stormwater attenuation measures such as catch basins and bioswales and landscape improvements such as the use of tree pits for stormwater retention and planting salt-tolerant species. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

This project will include the design and construction of a relocated town hall and highway department, including the feasibility for development on the proposed site regarding water. This complex will centralize the Town's agencies and departments, as well as emergency operations, including a town hall and administrative offices, multi-use meeting room for ranging from court use to conversion to an emergency shelter, highway and public works department garage and maintenance facility with fueling station and wash bays, community health and human services department offices, and a no-kill animal shelter facility. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the County Subdivision of the Town of Shandaken, including GEOIDs 361119553001, 361119509002, 361119553002, and 361119553003. The relocated town hall and highway department will be built at 5605 NY Route 28, Shandaken, NY 12480, which is a site now completely owned by the Town.

Activity Description:

Smith Hill Creek is a manmade stream located in the Wallace Road neighborhood and serves as part of a storm water management system for this portion of the Town of Chenango. This project will include various improvements along approximately 3050 linear feet of the creek with measures such as: increasing the size of culverts and the cross sectional area of portions of the stream channel and installation of drainage piping, check dams, catch basins and trash racks. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Chenango in Broome County. The GEOID for the project is: 360070121031, 360070121033.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The funding will permanently install an 80kw backup generator at the town hall and a 250kw backup generator at the high school in order to provide a consistent source of power during an outage. The Town will utilize these two facilities as shelters during future storm events. During previous storm events there was a lack of critical shelter space for residents of the Town of Amsterdam, particularly those living along the north bank of the Mohawk River who regularly experience severe flooding, forcing them out of their homes and negatively impacting government operations for several days after the storm. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Town of Oyster Bay is requesting as described in the Massapequa NYRCR Plan to stabilize, restore, redesign, rebuild, enhance, and improve Alhambra Park. The project will reduce flood risk and vulnerability by stabilizing the shoreline to mitigate on-going erosion. It will also increase resiliency by incorporating green infrastructure and other sustainable elements in the redesign. Improvements may include, but are not limited to replacing existing falling bulkhead structure with a new bulkhead, rip rap gabions. Green infrastructure improvements include permeable paving, bio-swales, stormwater retention ponds, swirl separators and/or rain gardens. This project will benefit residents of the Village of Massapequa Park, the Hamlets of Massapequa, and East Massapequa. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Village of Massapequa Park, The Hamlets of Massapequa, and East Massapequa. GEOID's: 360595211001, 360595211002, 360595211003, 360595211004, 360595211005, 360595212001, 360595212002, 360595212003, 360595213011, 360595213012, 360595213021, 360595213022, 360595213023, 360595213024, 360595214001, 360595214002, 360595214003, 360595214004, 360595214005, 360595215001, 360595215002, 360595215003, 360595215004, 360595215005, 360595216011, 360595216012, 360595216013, 360595216014, 360595216021, 360595216022, 360595216023, 360595216024, 360595217001, 360595217002, 360595217003, 360595217004, 360595217005, 360595218011, 360595218012, 360595218013, 360595218014, 360595218021, 360595218022, 360595218023, 360595219021, 360595219022, 360595219023, 360595219024, 360595220001, 360595220002, 360595220003, 360595220004, 360595220005.

Activity Description:

This project seeks to reduced the frequency and risk of flooding impacts from storm events, related high-tide flooding and shoreline erosion. It will protect the adjacent canals from sediment deposition. Specifically, this project will stabilize the shorelines around the terminus of Araca Road through the implementation of bulkheading , living shoreline. These improvements will protect residential homes from wave energy that would otherwise move through the area during future storm events. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Babylon in Suffolk County. The GEOID for the project is 361031246023.

Activity Description:

The Town of Babylon is requesting funding to design and install in-line backflow valve infrastructure at multiple coastal outfalls into the Great South Bay and adjoining canals in order to reduce flooding associated with high tides during major storm events. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Babylon in Suffolk County. The GEOIDS for the project include 361031244011, 361031244012, 361031244022, 361031244021, 361031246012, 361031246013, 361031246022, 361031246023, 361031246021.

Activity Description:

This project consists of the implementation of the results of the planning study final report that analyzed modifications to the Upper Pond at the Bowman Avenue Dam and included an assessment of whether modifications to the rules governing the operation of the sluice gate at the Bowman Avenue Dam are warranted. The analysis of the modifications to the Upper Pond at the Bowman Avenue Dam assessed how the pond could be modified such as how much soil could be removed, and to what extent the modifications would reduce downstream flooding. The construction phase includes the installation of sensors to analyze flood conditions of the Blind Brook and establishment of rules governing the operation of the sluice gate. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Rye in Westchester County. The GEOIDS for the project include: 361190075001, 361190076001, 361190077001, 361190084041, 361190075002, 361190076002, 361190077002, 361190085002, 361190075003, 361190076003, 361190077003, 361190076004, 361190077004, 361190076005, 361190076006.

Activity Description:

This activity involves drainage system improvements including repairing and upgrading the Mad Brook retaining wall in the Hamlet of Windham to increase its ability to protect the hamlet from extreme flooding events, and replacing an undersized culvert on Route 56 in the Hamlet of Maplecrest with a larger box culvert to expand its capacity and reduce localized flooding. The 625-foot Mad Brook retaining wall will be repaired, upgraded and extended approximately 150 feet upstream. The project will also replace an undersized culvert under Route 56 where it crosses the Batavia Kill in the hamlet of Maplecrest. The existing four-foot diameter corrugated metal pipe culvert will be replaced with a six (6) foot-by-six (6) box culvert to expand its capacity. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

Activities related to the identification and development of RBD Nassau - Living With the Bay project, funded through New York State CDBG-DR RBD allocation. Planning activities include the gathering of information need to get this RBD project located along the mill river in Nassau through the AE design phase and into construction phases. Planning activities are expected to include working with municipalities that align and or are near the Mill River and Nassau County government. Planning activities will take place that address land and water based issues including but not limited to planning and developing integrated water management, coastal storm surge, stormwater run-off, coastal restoration activities in addition to creating greenways and water retention parks, and underground storage solutions, and social and educational resiliency actions. Work may include, scope development, development of program management policies, processes and procedures, analysis of studies and data and efforts to evaluate the RBD project design that support the environmental planning activity. Activities will also include New York State's GOSR need to address progress in implementing this project and communicating it to the public. The planning activities relate to specific programs and projects which may be implemented by either New York State (NYS)- GOSR, NYS Parks and its sub-contractors, municipalities and county governments, and or the winning design team and or its subcontractors. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. THIS WILL BE UPDATED WHEN A RBD ELIGIBLE ACTIVITY IS CREATED BY HUD. This activity includes funds from funding round 4. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. Activity Description:

Planning activities related to the identification and development of RBD Nassau - Living With the Bay project, funded through the New York State CDBG-DR RBD allocation. Planning activities include the gathering of information need to get this RBD project located along the Mill River in Nassau County through the AE design phase and into construction phases. Planning activities are expected to include working with municipalities that align and or are near the Mill River and Nassau County government. Planning activities will take place that address land and water based issues including but not limited to planning and developing integrated water management, coastal storm surge, stormwater run-off, coastal restoration activities in addition to creating greenways and water retention parks, and underground storage solutions, and social and educational resiliency actions. Work may include, scope development, development of program management policies, processes and procedures, analysis of studies and data and efforts to evaluate the RBD project design that support the environmental planning activity. Activities will also include New York State's GOSR need to address progress in implementing this project and communicating it to the public. The planning activities relate to specific programs and projects which may be implemented by either New York State (NYS)- GOSR, NYS Parks and its sub-contractors, municipalities and county governments, and or the winning design team and or its subcontractors. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. This activity includes funds from funding round 4. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004, 360594124005, 360594125001, 360594125002, 360594125003, 360594126001, 360594126002, 360594126003, 360594128001, 360594130011, 360594130012, 360594130013, 360594130021, 360594130022, 360594130023, 360594130024, 360594132001, 360594132002, 360594132003, 360594132004, 360594162011.

Activity Progress Narrative:

This activity corresponds with planning and design activities that support the Rebuild by Design Living with the Bay (LWTB) program located along the Mill River Program Area in Nassau County, Long Island, New York. GOSR procured architecture and engineering (AE) firms for all stormwater and greenway projects (14 projects, 6 AE firms). Program has met with 7 beneficiaries regarding the 14 projects to provide program and design updates. Program also held a public citizens advisory committee meeting (CAC meeting) in December 2019 to update the public on project status. GOSR and HGA have prepared over 10 pre-application memos for the projects. GOSR has also procured Hofstra University through a Notice of Funding Availability (NOFA) to work on the education and social resiliency associated with all of the projects within LWTB. The activity data for this activity were changed.

Activity Progress Narrative:

This activity corresponds with planning and design activities that support the Rebuild by Design Living with the Bay (LWTB) program located along the Mill River Program Area in Nassau County, Long Island, New York. GOSR procured architecture and engineering (AE) firms for all stormwater and greenway projects (14 projects, 6 AE firms). Program has met with 7 beneficiaries regarding the 14 projects to provide program and design updates. Program also held a public citizens advisory committee meeting (CAC meeting) in December 2019 to update the public on project status. GOSR and HGA have prepared over 10 pre-application memos for the projects. GOSR has also procured Hofstra University through a Notice of Funding Availability (NOFA) to work on the education and social resiliency associated with all of the projects within LWTB. The budget for this activity was revised. Performance measures for this activity were revised. The activity data for this activity were changed.

Activity Description:

Activities related to the identification and development of RBD Staten Island - Living Breakwaters project, funded through New York State's CDBG-DR RBD allocation. Planning activities include the gathering of information need to get this RBD project through the AE design phase and into construction phases. Work may include, scope development, development of program management policies, processes and procedures, analysis of studies and data and efforts to evaluate the RBD project design. social and educational resiliency actions, development and communicating the plans to the public. Activities will include New York State progress in implementing this project. The planning activities relate to specific programs and projects which may be implemented by either New York State GOSR, project subrecipients, and or the winning design team SCAPE and or its subcontractors. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. THIS WILL BE UPDATED WHEN A RBD ELIGIBLE ACTIVITY IS CREATED BY HUD This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The State of New York developed the Interim Mortgage Assistance Program (IMA) to meet the needs of displaced homeowners unable to inhabit their primary residences as a result of Hurricane Irene, Tropical Storm Lee and/or Superstorm Sandy. The IMA program has developed a formula to determine monthly payment amounts to eligible applicants that takes into account the following factors: rental housing expenses, prior rental assistance, and mortgage costs. Applicants who are already in the Rental program may also be enrolled in the IMA program, pending eligibility. Assistance is provided to displaced homeowners to help them pay the lesser of their monthly mortgage or rental payment. APA 12 amended the description of the IMA Program to extend the period in which interim mortgage assistance may be provided from 20 months to 36 months, as authorized in the February 12, 2016 Federal Register Notice (81 FR 7567). Applicants assisted through this activity were determined to meet the LMI national objective. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

Activity Description:

Bay Park wastewater treatment facility in Nassau County is the largest wastewater treatment facility in Nassau County. During Superstorm Sandy, engines for the plants main pumping system were flooded by over nine feet of water destroying the plants electrical system and comprising other critical components of the plant, the electrical failure resulted in over 200 million gallons of raw sewage being discharged into nearby neighborhoods, waterways and natural resource areas causing a public health and safety crisis. The State of New York along with Nassau County worked with FEMA to apply for FEMA's Public Assistance Alternative Procedures Pilot Program. A settlement was reached that provided funds for repair, restoration, resiliency, and mitigation. The project will serve to protect communities located near the plant as well as to minimize outflows to bays and natural resources areas from power outages. Funds disbursed through this activity are used to pay for construction costs and have been determined to meet the urgent need national objective. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Bay Park STP. 2 Marjorie Lane. East Rockaway, Town of Hempstead, Nassau County, NY 11518.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. EFC and DEC will fund the replacement of three pumps and the installation of one new pump at the Bergen Point Wastewater Treatment Plant, owned and operated by Suffolk County. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Bergen Point WWTP is located in the town of West Babylon, Suffolk County, and services Suffolk County Southwest Sewer District #3.

Activity Description:

Project management, including staff, development of design criteria for proposed improvements, and design implementation. The proposed accomplishments include replacement of 2,195 linear feet of existing steel sheet pile bulkhead, one elevated walkway at the park, and one quarter mile of natural shoreline revetment reported here as one linear mile of public improvement because of limitations in DRGR. Funds will also be used to increase and provide greater recreational opportunities for these residents at the park. GOSR has committed an additional \$5 million to the project to support the further development of resilient recreational facilities for this LMI community and has partnered with Major League Baseball and the Harlem RBI non-profit to create a baseball academy at the park that will serve thousands of youth from around New York City. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Roberto Clemente State Park, a 25-acre urban park serving 1.3 million visitors annually, is located in the Morris Heights neighborhood of the Bronx with 3,700 linear feet of waterfront along the Harlem River in Bronx County, New York. Owned and operated by the State of New York Office of Parks, Recreation and Historic Preservation (OPRHP/Parks), this Bronx County park was directly impacted by Superstorm Sandy.

Activity Description:

The City of Long Beach will fund the replanting of trees damaged during Superstorm Sandy. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Long Beach is divided into four tree replanting zones based on the City of Long Beach Street Tree Master Plan. This activity corresponds to Zone A. The GEOIDS for this zone include 360594164021, 360594164022, 360594166002, 360594166003, 360594166004, 360594166005, and 360594166006.

Activity Description:

The Village of Freeport will construct a downtown microgrid. The microgrid will provide power to critical infrastructure during a power disruption event. The microgrid will produce power from natural gas powered combined heat and power (CHP) units and a solar array. The microgrid will sell power back to the grid during regular power times (the industry term is blue sky days instead of regular power times), and will switch to island mode during power disruption events. The project includes upgrades and repairs to the existing Freeport electrical distribution networks circuits, wires, switches and controllers to ensure compatibility and reliability with the new microgrid operating system. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

To date, three projects have been undertaken by the State of New York at Robert Moses State Park. The first project is the Robert Moses State Park Emergency Beach Renourishment Project, which was completed in May 2013. The second project, known as the Captree State Boat Channel Dredging and Beach Stabilization Project, builds on the prior Project to provide longer term stabilization of the Park infrastructure and adjoining beach. The first two parks together restored over 1.2 million cubic yards of sand Superstorm Sandy took from beaches and dunes at the park. When the state initially chose performance metrics for Robert Moses it chose the number of linear miles. However as the project has progressed the state has determined that reporting the number of cubic yards is a more accurate measure of performance. The third project includes improvements to the water treatment infrastructure at the park. The project will elevate and strengthen the primary water treatment facility and vital electrical system elements, and will include updated treatment systems and discharges to relieve pressure in emergency situations. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Park is an 875 acre State park located on the southern coast of Long Island on the western end of the barrier island known as Fire Island. The Park extends from Democrat Point on the west to the Fire Island National Seashore on the east, and is bounded by the Atlantic Ocean on the south side and Great South Bay and Fire Island Inlet on its north side.

Activity Description:

Nassau County will demolish the existing 8th police precinct station house and garage at 286 Wantagh Avenue, Bethpage, NY 11714. The rebuilt 8th Precinct will serve as an emergency response facility and will also enable the County to centralize the services currently provided at numerous Special Units located throughout the County. A command center will be posted to allow for the uninterrupted provision of police services while demolition is occurring. Construction of the new station house will begin once demolition is complete, with construction of a new garage commencing about halfway through construction of the new station house. The eligible activity for these projects is Public Facilities and Improvements, pursuant to Section 105 (a)(2) of the Housing and Community Development Act. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. EFC and DEC will fund upgrades to a significant portion of the Town of Orangetown aging sanitary sewer gravity collection system in the Villages of Nyack and South Nyack. The proposed project would enhance protection of the Nyack sanitary sewer conveyance system by lining the sanitary sewers using the cured-in-place pipe method CIPP to significantly reduce infiltration into the sanitary sewers during future storm events. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Orangetown is proposing to upgrade a significant portion of its aging gravity collection system in the Villages of Nyack and South Nyack.

Activity Description:

The County Road 12 project is a road reconstruction and drainage improvement project in Suffolk County, which will maintain a critical evacuation route during storm events for communities along the South Shore in Western Suffolk County. Suffolk County will enhance the resiliency of an approximately 1.8-mile stretch of County Road 12 through the replacement and installation of additional piping and drainage structures. The road will then be reconstructed with pedestrian areas built to the latest PROWAG guidelines. The eligible activity for these projects is Public Facilities and Improvements, pursuant to Section 105 (a)(2) of the Housing and Community Development Act. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Suffolk County Census Tract 123500 (Block Groups 2, 3, and 4), Census Tract 123701 (Block Groups 1, 2, 3, and 4), and Census Tract 123702 (Block Groups 1, 2, 3, and 4).

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. The project will replace and rehabilitate sewers to reduce inflow and infiltration into the system, which have been a documented problem for the Village of Woodridge during storm events. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Woodridge in Sullivan County is proposing to fund work related to inflow and infiltration reduction at the Village of Woodridge wastewater treatment plant.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

This activity provides non-federal share payments to eligible public entities in the FEMA Public Assistance (PA) Grant Program to address immediate post storm debris removal needs (categorized as FEMA Category A work). The work covered in this activity was determined to meet the national objective of primarily benefiting persons of low- to moderate-income. For the purposes of reporting performance measures for this activity, the metric used is number of businesses, which refers to the number of public entities that are assisted through the match payments made in this activity. Each entity may have been assisted with multiple projects, which are documented in FEMA Project Worksheets (PWs). FEMA PWs, which include information about the entity, location, and type and quantity of debris, support each draw. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in storm related debris in Presidentially declared counties across New York. Specific geographic locations of the debris are determined and documented in FEMA Public Assistance Category A - Debris Removal project worksheets.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The proposed project Norstar and Metroplex propose to redevelop the vacant building located at 13 State Street in Schenectady into a mixed use, mixed income for area seniors. The concept includes 61 residential units with 44,200 S.F. and approximately 4,467 S.F. of common space, and 8,650 S.F. of commercial and community supportive facility space. The residential structure includes 47 one bedroom one bath units averaging approximately 686 S.F., 12 one bedroom with den units averaging 842 S.F., and 2 two bedroom one bath units of 1,268 S.F. The project includes 29 units targeted to seniors with incomes of 50 percent or less of AMI, 24 units targeted to 60 percent or less of AMI, and 8 units targeted to 80 percent or less of AMI. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project is a redevelopment of a former YMCA located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Description:

The NY Rising Affordable Rental Opportunity Program (ARO) is designed to assist storm-damaged rental properties to support the creation of rental units affordable to LMI households. ARO may serve storm-damaged rental properties of any size including owner-occupied two-family homes. Eligible applicants are residential rental property owners who provide housing opportunities to low- and moderate-income households. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Progress Narrative:

There was no significant activity during the quarter.

Activity Description:

GOSR awarded First Ward Action Council, Inc. (FWAC) is the Applicant and Developer of Binghamton Gateway Homes (Gateway), a scattered site, mixed-used project located in the City of Binghamton's First Ward. Binghamton Gateway Homes (Gateway) meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. There are 11 existing buildings that will be substantially rehabilitated plus 1 mixed-use building that will be newly constructed. There will be a total of 37 apartments 27 in the gut rehab buildings and 10 in the 3-story new construction building, which will also have 2 commercial storefronts. This multi-family project will target 6 units to persons with physical disabilities. FWAC has an agreement with Southern Tier Independence Center to provide support services and referrals for the 6 set-aside units. Gateway has unit sizes from studios to 3-Bedrooms, so it will meet the demand for quality affordable housing from individuals, small households, and large families. None of the units are reserved for a superintendent. Twelve (12) of the units are targeted to households with incomes at or below 50% AMI and 25 are targeted to households with incomes at or below 60% AMI. An admissions preference for persons displaced by Tropical Storm Lee will be in place as part of the Affirmative Fair Housing Marketing Plan. Funds included in this Obligation Round 2 activity are expected to contribute to accomplishments that will be reported in the future during the time that future obligation rounds are active. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Binghamton Gateway project is located in the First Ward neighborhood of Binghamton, Broome County, New York. The First Ward neighborhood suffered extensive damage from Tropical Storm Lee multiple sites within the

First Ward neighborhood had moderate to major damage, and a few of this project's sites have been vacant since the Storm hit in 2011. The NY Rising Community Reconstruction Program Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will cover the following addresses: 249, 252, 254, 255, 257.5, 259, 267, 269, and 273-275 Front Street, 8 Meadow Street, and 20 Spring Forest Avenue, and 164-168 Clinton Street. All sites are in zip code 13905. This new building will be constructed on the site of a local landmark that was known as the Lincoln Hotel until it was destroyed by fire last year.

Activity Description:

GOSR awarded Sepp, Inc.(as applicant) in joint venture with Lakewood Development/2+4 Development (as Developer) of Cardinal Cove, a new construction development for low-income households in the Village of Endicott, Town of Union, NY. Cardinal Cove meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. This disaster relief project involves the new construction of 50 affordable units in 25 duplex buildings, as well as a separate community building. In addition to providing much-needed affordable housing, by keeping families in the area the Cardinal Cove will help to stabilize the neighborhood and its commercial center. The project's community building will house the manager's office, community space, a computer lab, and community laundry facilities. The site will include a playground, individual driveways at each townhouse, and an on-site storm water retention system. Cardinal Cove will consist of twelve (12) 1BR apartments, 26 2Br apartments, and 12 3BR apartments, thus providing affordable housing appropriate for a range of household compositions. 50% (25) of the units will be affordable to households up to 50% of AMI and 60% of AMI, respectively. The Affirmative Fair Housing Marketing Plan includes a priority for applicants who received assistance from the Disaster Housing Assistance Program (DHAP), and provides a marketing preference for 3 units that shall be fully accessible and marketed to individuals with mobility impairments, and 2 units to individuals with vision or hearing impairments. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Cardinal Cove project is located in the town of Union, Broome County, New York. Union suffered extensive damage from storms in 2006 and again in 2011 from Tropical Storm Lee a 50 Unit mobile home park located

approximately 1 mile from the Cardinal Cove site was decommissioned as a result of flooding during Tropical Storm Lee. The NY Rising Community Reconstruction Program Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will be located at 397 Glendale Drive in the Village of Endicott, in the Town of Union, in the County of Broome within New York State 13760.

Activity Description:

The project will provide 104 housing units, 93 of which are for households earning up to 80 percent of AMI. Admission preference will be given to households displaced by flooding during Tropical Storm Lee and the unnamed 2013 storms. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project will be located at 135-139 Baldwin St. in the Village of Johnson City, Broome County, NY.

Activity Description:

Conifer Realty, LLC is the project sponsor for the construction of a three-story, 90-unit residential building on Long Island in the hamlet of Copiague within the town of Babylon. Of the 90 units, 71 units will be set aside for households earning up to 60 percent of area median income (AMI) and the remaining units will serve families earning up to 100 percent of AMI. CDBG-DR funds will make up 29.9 percent of the project financing. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Copiague is an unincorporated hamlet within the Town of Babylon in the County of Suffolk. As noted in the NY Rising Community Reconstruction Plan, more than a quarter of the hamlet and its surrounding housing stock suffered damage during Superstorm Sandy. The impact on housing stock exacerbated a housing shortage that existed prior to Superstorm Sandy.

Activity Description:

DePaul Properties, Inc. will construct fifty (50) units of affordable housing in Schenectady for households earning up to 60 percent of area median income (AMI). 25 units will be set aside for participants of the Medicaid Redesign Team Financing Program. The building will have three levels and approximately 50,000 square feet. There will be 46 one-bedroom units and 4 two-bedroom units. The project is located in Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The site includes 758, 766 -782 Albany Street, 311-313 Schenectady Street, adjacent lots along Hulett Street. The project is located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Description:

GOSR awarded Westhab, Inc.(as sponsor) and Ludlow Commons Limited Partnership (as Beneficial Owner) of Ludlow Commons, a new construction development for low-income senior households in the City of Yonkers, Westchester County, NY. Ludlow Commons involves the new construction of 70 affordable 1- and 2-bedroom apartments of elderly households with at least one household member 62 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 6,945 square feet. The building will provide surface parking, a laundry room, a community room, access to computers, a wellness/management office, a landscaped outdoor patio in the rear yard, and additional outdoor seating in the front. By being only 12 block from South Broadway, residents will be within walking distance of shopping, municipal and health services and multiple public transportation options. Residents will have convenient access to the county-wide bus and Para-Transit lines, MTA bus service to NY City, and Metro North train service to NY City and northern Hudson Valley communities. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Ludlow Commons will be located at 7-17 Ludlow Street in the Town of Yonkers, in the County of Westchester within New York State 10701. It will provide 70 affordable senior apartments in a heavily storm damaged area. The City and County suffered significant damage in Superstorm Sandy--118 rental units in Westchester were damaged in one of the three covered storms, 839 owner-occupied units were damaged, for a total of 957.

Activity Description:

GOSR awarded Home Leasing, LLC (as sponsor) and Owego Gardens LLC (as Beneficial Owner) of Owego Gardens, a new construction development for low-income senior households in the Town of Owego, Tioga County, NY. Owego Gardens involves the new construction of 62 affordable 1- and 2-bedroom apartments of elderly households with at least 80% of households occupied by at least one person 55 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 66,250 square feet. The building will include common laundry facilities, air-conditioning, community spaces, tenant storage, patios/balconies, and on-site parking restricted to the tenancy. The municipality has elected to provide utilities and an access road to the site. The access road will link the building to Southside Drive (i.e. Route 434), as well as connect the building to any future developments on the property. The Village of Owego is distinctive for its picturesque riverfront location and its historic downtown and civic center with a village square opening to the river and the Court Street Bridge, recently reconstructed. The public library, post office, health care and senior service facilities, banks, pharmacies, supermarket, bus stop, and various other services and amenities are located here. While the site is not located directly in the center of the village, a common hub for Tioga County's bus system aka Ride Tioga can be found in the Village square just across the bridge. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Owego Gardens will be located at 130A Southside Drive in the Village of Owego, in the County of Tioga within New

York State 13827. It will provide 62 affordable senior apartments in a heavily storm damaged area. 85% of the structures in the town of Owego experienced storm damage due to Hurricane Irene and/or Tropical storm Lee over 2340 owner- and renter-occupied homes were damaged, gas and electricity were shut off for over 1400 residential and commercial properties.

Activity Description:

GOSR awarded Home Leasing, LLC (as sponsor) and Owego Gardens LLC (as Beneficial Owner) of Owego Gardens, a new construction development for low-income senior households in the Town of Owego, Tioga County, NY. Owego Gardens involves the new construction of 62 affordable 1- and 2-bedroom apartments of elderly households with at least 80 percent of households occupied by at least one person 55 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 66,250 square feet. The building will include common laundry facilities, air-conditioning, community spaces, tenant storage, patios balconies, and on-site parking restricted to the tenancy. The municipality has elected to provide utilities and an access road to the site. The access road will link the building to Southside Drive (i.e. Route 434), as well as connect the building to any future developments on the property. The Village of Owego is distinctive for its picturesque riverfront location and its historic downtown and civic center with a village square opening to the river and the Court Street Bridge, recently reconstructed. The public library, post office, health care and senior service facilities, banks, pharmacies, supermarket, bus stop, and various other services and amenities are located here. While the site is not located directly in the center of the village, a common hub for Tioga Countys bus system aka Ride Tioga can be found in the Village square just across the bridge. This activity captures expenditures, accomplishments, and beneficiaries associated with the UN components of this project. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Owego Gardens will be located at 130A Southside Drive in the Village of Owego, in the County of Tioga within New York State 13827. It will provide 62 affordable senior apartments in a heavily storm damaged area. 85 percent of

the structures in the town of Owego experienced storm damage due to Hurricane Irene and/or Tropical storm Lee over 2340 owner- and renter-occupied homes were damaged, gas and electricity were shut off for over 1400 residential and commercial properties.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The Rental Properties Program works to assist storm-damaged rental properties and is designed to restore residential rental properties located outside of New York City that were damaged by Hurricane Irene, Tropical Storm Lee, and or Superstorm Sandy. The Program is intended to assist owners of damaged small and larger residential rental properties. The Program covers costs for reimbursement of eligible repair or replacement costs, the repair or replacement of damaged real property, replacement of disaster-impacted non-luxury residential appliances, and environmental and health hazard mitigation costs related to the repair of disaster-impacted property. The Program also covers costs (including elevation) to mitigate future damage for those properties that are located within a 100-year floodplain. Assistance is provided for unmet repair or reconstruction and elevation or mitigation needs. Renters assisted through this activity were determined to meet the urgent need national objective. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Description:

The NY Rising Homeowner Recovery Program includes the repair, reconstruction, and mitigation of residential owner-occupied structures. This Program is available to owners of one- and two-unit owner-occupied homes that are located outside of New York City with damage from Hurricane Irene, Tropical Storm Lee, and/or Superstorm Sandy. Key components of the program include reimbursement for eligible costs of home repair or reconstruction, or payment toward approved and eligible costs of repair, reconstruction, and/or resiliency measures such as home elevation, bulkhead repair, and other mitigating measures. Home owners assisted through this activity were determined to meet the LMI national objective. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropic Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This narrative is reflective of Housing (UN and LMI) during Q1 2019 across all funding rounds. The Single Family Housing Program continued to issue Interim, and Final payments for Reimbursement, Repair, and Optional Measures. Cumulatively, the Program issued final payments to 7,977 applicants (5,052 UN, 2,925 LMI). The

Program continues to assist homeowners with their required repair, reconstruction, mandatory elevation, and optional mitigation measures primarily through the issuance of payments based on project milestones. The centralized check distribution team distributed 604 of Initial, Interim, and Final payments for Reimbursement, Repair and all forms of Optional payments during the quarter. In addition to payments, the Program continues to focus on providing technical assistance and program sponsored environmental remediation to assist applicants.

Activity Description:

The Program will provide qualified applicants with funds to cover 100 percent of down payment and closing costs determined to be necessary and reasonable to enter into a contract for sale. Where the monthly housing cost exceeds 30 percent of the applicants gross income, the Program may provide assistance to pay the principal balance. This option is available to owner-occupants and renters. This activity includes funds from funding round 4 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Manufactured Home Community Resiliency (MHCR) Program will offer all applicants to the MHCR Program a combination of the following Housing Incentive types: Moving Assistance (MA), Rental Assistance (RA), and Manufactured Home Replacement Assistance (MHRA). The Program expects to provide all applicants with MA in conjunction with either Rental Assistance or Manufactured Home Replacement Assistance. In addition, applicants who elect not to benefit from RA or MHRA may benefit from a MA in conjunction with Homeownership Assistance (HA), detailed in a separate MHCR DRGR activity. The RA solution will provide qualified applicants with 42 months of rental payments based on the fair market rent for the area they are relocating to. This option is available to owner-occupants and renters. The MHRA solution will provide applicants with replacement manufactured homes to be placed on land outside the floodplain that is either purchased by the applicant or within another manufactured home community. This option is available to owner-occupants and absentee owners. The MA solution will provide applicants with a one-time payment for storage and moving costs substantially similar to benefits offered by the Federal Highway Administration Uniform Relocation Assistance. The MHCR program expects to provide MA to all 84 applicants, consisting of 76 owners and 8 tenants, of which the Program expects to provide 43 applicants (30 LMI/13UN) with RA, 37 applicants (24 LMI/13 UN) with MHRA, and the remaining 4 applicants with assistance detailed in the HA DRGR activity. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

Substantially damaged residential properties will be acquired by the State for redevelopment in the future in a resilient manner to protect future occupants of this property. Redevelopment will be undertaken in consultation with local officials to ensure that the properties best serve the future goals of the communities in which they are located. In some cases, the properties will remain undeveloped and be transformed into parks or other non-residential uses, while in most cases they will be redeveloped in a resilient manner. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau, Suffolk Counties and parts of Staten Island.

Activity Description:

Certain highest risk areas in the floodplains, determined to be among the most susceptible to future disasters and that therefore present a greater risk to people and property, will be identified by the State and its local partners for Buyouts for Floodplain Restoration. In accordance with the HUD Notices governing the use of these funds, these properties will be maintained in perpetuity as coastal buffer zones. This is a direct benefit activity qualifying as a Low to Moderate-Income Buyout Activity per 82 FR 36812 and Docket No. FR-6039-N-01, when CDBG-DR funds are used for a buyout award to acquire housing owned by a qualifying LMI household, where the award amount is greater than the pre-disaster fair market value of that property. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau County, Suffolk County, Rockland County, and parts of Staten Island.

Activity Description:

The Dormitory Authority of the State of New York (DASNY) is requesting CDBG-DR funding to to implement improvements to a Village owned public building located at 60 The Plaza, Atlantic Beach, NY, to enable it to serve as a Community Assistance Center (CAC). This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The communities of the Village of Atlantic Beach, East Atlantic Beach, and the hamlet of Atlantic Beach Estates. The

GEOIDs for this project include 360594163001, 360594163002, 360594163003, 360594163004.

Activity Progress Narrative:

Internal work was completed to convert this project to a planning activity. This included gathering and organizing required documentation from the subrecipient. This planning activity was then completed.

Activity Description:

This activity involves the reconstruction of storm sewer and sanitary sewer infrastructure along a portion of Route 5. Based on the expected existing pipe and manhole materials, the proposed construction work will involve replacement of approximately 12 sanitary sewer manholes, replacement of one storm sewer catch basin, installation of approximately 100 feet of new storm sewer pipe and lining of approximately 3,500 feet of sanitary sewer pipe. Additionally, the sanitary sewer manholes in the flood damaged area will receive new water-tight frames and covers to prevent flood waters from entering the sanitary sewer system. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Association Description:

CenterNYCNeighborhoods-PS-LMI main and associated activities

Activity Description:

The Center for New York City Neighborhoods will implement the Residential Technical Assistance Pilot Program (RTAPP) to provide technical assistance, on-site resiliency audits, and one-on-one counseling in residential resiliency retrofitting techniques, flood insurance, and long-term housing affordability to low/moderate income homeowners in Canarsie, Gravesend and Bensonhurst, Howard Beach, Lower Manhattan, Red Hook, Rockaway East, Southeast Brooklyn Waterfront, Gerritsen Beach/Sheepshead Bay, and Southern Brooklyn Peninsula. In addition to direct program assistance, CNYCN will develop an online tool related to flood resiliency and insurance costs for

residential structures tailored to property owners within New York City. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Communities of Canarsie, Gravesend Bensonhurst, Howard Beach, Lower Manhattan, Red Hook, Rockaway East, Southeast Brooklyn Waterfront, Gerritsen Beach/Sheepshead Bay, and Southern Brooklyn Peninsula in Kings, Queens, and New York Counties.

Activity Progress Narrative:

Project closeout continued in this quarter. The final invoice was processed and paid to the subrecipient. Beneficiary reporting data and applications were verified and uploaded to the agency's record keeping system for single and multifamily participants. The percentage of low and moderate income beneficiaries was calculated. Vendors with outstanding reports were contacted to get final reports submitted.

Activity Description:

This project will include repair and resiliency improvements to the Seaside Branch of the Queens Borough Public Library as part of the New York Rising Community Center network. A recovery center network will ensure the continued provision and coordination of recovery services as well as efficient delivery of services and access to information after a storm. The network will provide publicly accessible places with backup power where residents can receive temporary relief and can be directed to the appropriate resources and locations to address recovery service needs. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area is the Seaside Community Library. The GEOID for the project include: 360810934022,360810934021,360810934023 and 360810938003.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The project will include repair and resiliency improvements to the STARS Community Center as part of the New York Rising Community Center network. A recovery center network will ensure the continued provision and coordination of recovery services as well as efficient delivery of services and access to information after a storm. Additionally, the Committee specified the use of funding to undertake resiliency improvements to the building, including the installation of green technologies for energy efficiency and power generation. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area is the Stars Community Center. The GEOID for the project include: 360810716001, 360810884007, 360810884008, and 360810884006.

Activity Description:

The Project is going to purchase and install 1 generator. Ensuring that municipalities and 1st responders, including Fire Departments, have the necessary resources to provide essential service, protect life and property before, during, and following disasters. This project will also ensure that this critical facility has backup power during and after major storms by the installation of a permanent generator that will be elevated to prevent its being flood damaged. This activity includes funds from funding round 5 that have been extended beyond the 24-month

expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Fire Island in Suffolk County. The GEOIDs for the project include: 361031595101 and 361031595102.

Activity Progress Narrative:

The project implementation phase was reduced in scope and the project was converted to a planning activity. Funds were spent on internal work to gather and organize required documentation for project closeout.

This project includes internal planning work to support the design and construction of upgrades to the Landis Arboretum Meeting House to serve as an emergency shelter. The work under this activity is related to another activity, R5-CR-EsperanceLandisArboretumShelter-PF-UN. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Esperance in Schoharie County. The GEOIDs for the project include: 360957401005.

Activity Progress Narrative:

During this quarter funds were spent on internal project review.

Activity Description:

This project will implement restoration and stabilization measures along both Beede and Gulf Brooks to help mitigate future flood events. The proposed improvements to Beede Brook will include a redesign of the outlet into the East Branch Au Sable River the creation of a two-stage channel the installation of grade contract and drop structures to maintain channel slope, and the restoration of in-stream habitat while the improvements at Gulf Brook will commence the third phase of work undertaken in separate projects. This last phase will install grade contract and drop structures to maintain channel slope and expand the capacity of Gulf Brook to transport water and sediment through restoration of the floodplain, and stabilize road embankments. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOIDS for the project include 360319609002.

Activity Description:

This activity will mitigate future flooding of Gulf Brook through restoration measures that will increase water flow and sediment transport capacity. This will involve repairs and improvements to approximately 1,500 linear feet of Gulf Brook. These repairs and improvements will include modifications to the profile and form of the stream channel along with the installation of measures to dissipate energy and armor the channel to protect against future erosion and damage. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOID for the project is: 360319609002.

Activity Description:

This activity involves the study of stream flow, weather events, and flooding in the Saw Mill River and Bronx River/Grassy Sprain Brook Watersheds to identify potential mitigation projects. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community Wide-City of Yonkers

Activity Progress Narrative:

The project scope was reduced and internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient. GOSR worked with subrecipient and vendor to ensure Elation compliance.

Activity Description:

The Good Old Lower East Side, Inc. will establish disaster recovery services in Lower Manhattan that will provide local residents and business owners recovery information, support in recovery efforts, and the ability to receive recovery services in a centralized location in the aftermath of Superstorm Sandy. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of the Lower East Side in New York County. GEOIDS for the project include 360610002011, 360610002021, 360610006001, 360610008001, 360610010011, 360610010021, 360610012001, 360610014011, 360610014021, 360610015011, 360610016001, 360610018001, 360610020001,

Activity Description:

This activity will address future storm flooding on Pepperidge Road in the area of Auerbach Avenue, Heather Lane and the Village Hall. Storm surge and inadequate stormwater drainage systems has caused road flooding and sewage backups. The activity will involve the upgrade of approximately 4,000 linear feet of storm drainage pipe along Pepperidge Road. Green infrastructure practices will also be constructed including permeable surfaces in parking lots, bioswales, and a stormwater detention pond. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Hewlett Harbor in Nassau County. The GEOIDS for the project include: 360594115001 and 360594115002.

Activity Description:

The Village of Johnson City will demolish an existing storage building and construct a new water plant operations and administration building at the location of the existing storage building, which is a more elevated location on the Village owned property. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Johnson City in Broome County. The GEOIDS for the project include 360070128001, 360070130001, 360070138001, 360070139001, 360070140001, 360070141001, 360070142001, 360070130002, 360070138002, 360070139002, 360070140002, 360070141002, 360070142002, 360070002003, 360070130003, 360070138003, 360070139003, 360070140003, 360070141003, 360070142003, 360070138004, 360070141004

Activity Description:

The Kings Bay YM-YWHA, Inc. will establish disaster recovery services in Gerritsen Beach/Sheepshead Bay that will provide local residents and business owners recovery information, support in recovery efforts, and the ability to receive recovery services in centralized locations in the aftermath of Superstorm Sandy. The Kings Bay YM-YWHA, Inc. will provide the following three recovery services: (1) Response and Recovery workshops to Address Gaps in Services, (2) Case Management, and (3) Educational and Counseling Services. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Dormitory Authority of the State of New York (DASNY), on behalf of Broad Channel, Queens NY, will explore the feasibility of providing a sewer and water connection to homes on Lanark Road, south of East 9th Road in Broad Channel, Queens NY. The goals of the feasibility study are to determine the best options for sewer and water connection and roadway stabilization and identify the costs of these options. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tract, 107201. Block Group 1. Census Tract, 107202. Block Group 0. Census Tract, 107202. Block Group 1.

Activity Progress Narrative:

The design team presented an updated cost estimate for a portion of the project area. They also revised the schematic design documents, submitted response to comments on the drawings, and presented GOSR with two different design options for how to proceed in a section of the project area. GOSR evaluated the two options and gave notice to proceed with the more cost-effective and less intrusive option. GOSR staff continued to revise the Draft Application for Funding for Lanark Road.

Activity Description:

A comprehensive drainage study for the Village of Lindenhurst, including a current conditions assessment for the Village's stormwater system infrastructure and existing drainage infrastructure. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Lindenhurst in Suffolk County. The GEOIDS for the project include: 361031239001, 361031239002, 361031239003, 361031239004, 361031239005, 361031240011, 361031240012, 361031240013, 361031240021, 361031240022, 361031241011, 361031241012, 361031241013, 361031241021, 361031241022, 361031242001, 361031242002, 361031242003, 361031242004, 361031242005.

Activity Progress Narrative:

The project scope was reduced and internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient.

Activity Description:

The City of Long Beach will hire and train a Local Disaster Recovery Manager for two years. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Long Beach in Nassau County. The GEOIDS for the project include 360594167013, 360594165004, 360594168012, 360594164011, 360594164012, 360594164013, 360594164021, 360594164022, 360594168011, 360594168021, 360594166004, 360594168022, 360594167014, 360594167022, 360594166005, 360594167023, 360594165003, 360594167011, 360594167015, 360594167021, 360594167012, 360594165005, 360594165001, 360594166001, 360594166003, 360594165002,

360594166002, 360594166006.

Activity Progress Narrative:

During this quarter, this project was closed out. Technical support was given to the subrecipient. Internal work was completed to review the documents and ensure all work was completed and eligible for closeout.

Activity Progress Narrative:

During Q1 2019, GOSR continued to work with the New York City Economic Development Corporation (EDC) to collect documentation and reports in order to close out the project. GOSR provided EDC technical assistance on the Elation reporting system. Additionally, the first and final payment was submitted and paid for the GOSR funded portion of the study. The MID budget for this activity was revised.

Activity Description:

The Alliance for Coney Island is requesting CDBG-DR funding to implement Phase 1 of the Mermaid Avenue Revitalization Project. The purpose of this project is to work with residents and businesses to improve the economic and physical resiliency of the Mermaid Avenue commercial corridor. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Coney Island in Kings County. The GEOIDS for this project include: 360470326001, 360470328001, 360470330001, 360470340001, 360470342001, 360470348001, 360470352001, 360470326002, 360470328002, 360470330002, 360470340002, 360470342002, 360470348002, 360470350002, 360470326003, 360470328003, 360470330003, 360470342003, 360470326004,

360470328004, 360470342004, 360470326005.

Activity Progress Narrative:

During Quarter 1, GOSR worked with the subrecipient to procure a vendor to print marketing materials that were designed as part of last quarter's milestone. Additionally, GOSR gave consent to the subrecipient to begin printing, distributing and hanging marketing materials and branding on the project area.

Activity Description:

DASNY will conduct a study for the City of Rye to assess how the drainage system can be modified to better reduce flooding during storm events. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The GEOIDs for this project include 361190076002 and 361190076003

Activity Progress Narrative:

This project is in the design phase. During Quarter 1, GOSR and the subrecipient held meetings with the

beneficiary, the City of Rye, to review and approve cost proposals in order to begin the design process. The beneficiary agreed to the cost proposals submitted by the subrecipient. The project moved into the design phase. The MID budget for this activity was revised.

Dormitory Authority of the State of New York (DASNY)	Planning	R5-ComRecon	R5-CR-NassauC-BayPERockLawsonCheckValv-PLAN	Nassau C. Lawson Avenue Check Valves CR-R5	General Account

Activity Description:

The Nassau C. Lawson Avenue Check Valves project will fund the design, purchase, and installation of five check valves at existing outfalls that discharge stormwater from Lawson Avenue and other municipal separate stormwater systems into Thixton Creek. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Hempstead and the hamlet Bay Park. The GEOIDs for the project include: 360594122002 and 360594122004.

Activity Progress Narrative:

The project scope was reduced and internal work was completed to convert this project to a planning activity. This included gathering and organizing required documentation from the subrecipient. Bi-weekly meetings were held with the subrecipient and guidance was provided on reporting requirements.

Activity Description:

Nazareth Housing, Inc. will establish disaster recovery services in Lower Manhattan that will provide local residents and business owners recovery information, support in recovery efforts, and receive recovery services in a centralized location in the aftermath of Superstorm Sandy. Nazareth Housing, Inc. will provide the following four (4) recovery services: (1) Response and Recovery Workshops to Address Gaps in Services, (2) Case Management Services, (3) Housing Counseling Services, and (4) Educational and Counseling Services. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Lower Manhattan in New York County. The GEOIDS for the project include 360610002011, 360610002021, 360610006001, 360610008001, 360610010011, 360610010021, 360610012001, 360610014011, 360610014021, 360610016001, 360610018001, 360610020001, 360610022011, 360610022021, 360610025001, 360610026011, 360610027001, 360610030011, 360610030021, 360610036011, 360610036021, 360610002012, 360610002022, 360610006002, 360610008002, 360610010022, 360610012002, 360610014012, 360610014022, 360610016002, 360610018002, 360610020002, 360610022012, 360610025002, 360610026012, 360610030012, 360610030022, 360610036012, 360610036022, 360610002023, 360610006003, 360610008003, 360610010023, 360610012003, 360610016003, 360610018003, 360610020003, 360610022013, 360610025003, 360610030013, 360610036013, 360610002024, 360610006004, 360610008004, 360610016004, 360610018004, 360610022014, 360610030014, 360610032004, 360610002025, 360610006005, 360610008005, 360610016005, 360610018005, 360610032005, 360610006006, 360610008006, 360610018006, 360610018007.

Activity Progress Narrative:

Internal work took place to work toward closeout, including auditing the project folders for completeness and uploading documents to the record keeping system on Sharepoint. Performance measures for this activity were revised. The activity data for this activity were changed.

Activity Description:

Nassau County wants to design and install transfer switches of traffic signals poles located in priority locations, identified by Nassau County, across the Seaford, Wantagh, Baldwin, Bellmore, Merrick, Massapequa (Massapequa, East Massapequa, and Massapequa Park), and Freeport communities. Once connected to one of Nassau Countys portable power sources, these transfer switches will allow traffic signals to remain operational in the event of a power outage. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community Wide-Massapequa, Merrick, Bellmore, Freeport, Baldwin, Seaford, and Wantagh. Activity Description:

Project includes a Phase I study for the replacement of the Springtown Road Rail Trail Bridge approach. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of New Paltz in Ulster County. The GEOIDs include 361119533002.

Activity Progress Narrative:

The project scope was reduced and efforts in the quarter were related to project closeout. This included gathering and organizing required documentation from the subrecipient and vendors. First and final payment was reviewed, approved and processed.

Activity Description:

The goal of the program is to improve environmental education in schools serving low to moderate income communities impacted by Superstorm Sandy. The program will also facilitate students in participating in citizen science activities by improving their skills in science, technology, engineering and mathematics (STEM). This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

NYC Schools located in School Districts 18 (Southern Brooklyn Peninsula area) and 21 (Canarsie).

Activity Progress Narrative:

Classroom student activities and teacher trainings continued to be conducted by the Subrecipient at schools participating in the program during this winter quarter. Oysters grown in the installed reefs remained at the New York Harbor School facility for the winter season and monitoring. Classroom student activities and teacher trainings continued to be conducted by the Subrecipient.

Match Contributed	\$0.00	\$0.00

Activity Description:

The Dormitory Authority of the State of New York (DASNY) is requesting CDBG-DR funds on behalf of the Seaford, Wantagh, Bellmore, Merrick, the Massapequas, and Freeport communities to design and install upgrades to approximately 50 NYS DOT-owned traffic signals critical for safe and secure passage during and after future storm events. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Places as follows: Village of Freeport CDP, Seaford CDP, Wantagh CDP, Bellmore CDP, Merrick CDP, Massapequa CDP, Massapequa Park CDP, East Massapequa CDP, and North Massapequa CDP, NY.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

Town of Hempstead will restore and improve infrastructure functionality and utilization to reduce flood damage to private, institutional, municipal and public properties and improve resiliency. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community Wide- Oceanside, NY

Activity Progress Narrative:

During the quarter, the architecture and engineering firm advanced the project design to 60 percent. The GOSR Program Manager and Grant Manager held weekly meetings with the subrecipient to track project progress. Internal meetings were held to discuss project status.

Activity Description:

The State will contract with 9 planning/consulting firms to provide planning assistance to communities in the affected areas in their efforts to develop long-term recovery and resiliency plans which will lead to future CDBG-DR projects. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

New York State will be undertaking planning activities in and with communities located in the impacted areas. Individuals and groups of communities are awarded in the three general areas: Long Island, New York City, and Upstate. All communities are located in Counties eligible for DR assistance through Sandy, Irene or Lee disaster declarations.

Activity Progress Narrative:

This narrative covers the NY Rising Community Reconstruction Planning activity. GOSR has entered into more than 90 subrecipient agreements with local governments and nonprofits, as well as with a State Agency that are overseeing the implementation of projects from each NYRCR Planning Committee. More than 300 projects have been selected for implementation and are currently being developed in detail through an internal application process that is designed to ensure that all projects comply with CDBG-DR requirements. During Q1 2019, this activity focused on the continued project development through associated activities and subrecipient technical assistance. The MID budget for this activity was revised.

Activity Description:

The Town of Prattsville Public Facilities project will provide the funding to build a regional health care facility at a site adjacent to Washington Street in Prattsville. The project involves acquiring three properties totaling approximately 55 acres, installing water and sewer infrastructure to the project site, building a secondary, emergency access road, and constructing a regional health care facility. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The region including the Town of Prattsville and surrounding counties, including Albany County, Greene County, Schoharie County, and Delaware County. The GEOIDS for the project include: 360010148022, 360010148023, 360390802021, 360390802022, 360390803001, 360390803002, 360390803003, 360390803004, 360390804011, 360390804012, 360390804013, 360390804021, 360390804022, 360390805021, 360390805022, 360957406001, 360957406002, 360957408001, 360957408002, 360957408003, 360957408004, 360259710001, 360259710003, 360259711001, 360259711002, 360259711003.

Activity Description:

The implementation of a workforce development program in Rockaway East that will provide 6 types of job trainings, such as Certified Home Health Aid and CERT, to an expected 796 majority LMI residents of the storm-impacted neighborhoods of Rockaway East. The project is expected to be carried out over a 12-month period. Also, the project, which was included in the Rockaway East NYRCR Community Reconstruction Plan, is in response to the demonstrated need for skills that are demanded locally and which can support the post-Sandy revitalization of the employment base. Among the needs addressed, will be the desire among residents to be better prepared and trained to assist in disaster recovery. Trainings are expected to be provided at multiple sites which will be determined closer to the program start. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The East Rockaway community in Queens New York. The GEOIDS for the project include: 360810942020, 360810954000, 360810942021, 360810942031, 360810954001, 360810964001, 360810972021, 360810972031, 360810972041, 360810992001, 360810998011, 360810998021, 360811008011, 360811008021, 360811010011, 360811010021, 360811032011, 360811032021, 360810942022, 360810942032, 360810954002, 360810964002, 360810972032, 360810972042, 360810992002, 360810998012, 360810998022, 360811008012, 360811008022, 360811010012, 360811010022, 360811032012, 360811032022, 360810942033, 360810954003, 360810972033, 360810972043, 360810998013, 360810998023, 360811008023, 360811010013, 360811032013, 360811032023, 360810942034, 360810972034, 360810998014, 360811008024, 360811010014, 360811032024, 360810942035, 360810998015.

Activity Progress Narrative:

The project closed out in this quarter. Administrative work was required to verify some of the beneficiary income information. Program participant applications were uploaded to the GOSR record keeping system on Sharepoint. A follow-up request for information on the number of participants who found employment after receiving training were sent to the subrecipient.

Activity Description:

The Town of Unions Refuse Garage Relocation project consists of the design and construction of a 15,000 square foot refuse garage that would house the towns maintenance and assembly area for garage trucks, dumper trucks, road sweepers, garbage compactors and refuse containers. The proposed project will benefit the Town of Union by enabling service providers to deploy personnel for quick clean up during emergencies. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Target Area is the entire Town of Union, Broome County, New York.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The Southwest Brooklyn Industrial Development Corporation (SBIDC), under sub-subrecipient agreements with Good Shepherd Services (GSS), Red Hook Initiative (RHI), and Brooklyn Workforce Innovation (BWI), will develop and implement a workforce training program for low- to moderate-income individuals in the Red Hook community that will provide the necessary work skills to allow greater employment opportunities currently being provided in the emerging resiliency construction field. This activity includes funds from funding round 5 that have not been

extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Direct beneficiaries in Red Hook in Kings County.

Activity Progress Narrative:

Internal work took place to work toward closeout, including updating the systems of record with final documentation.

Activity Description:

This project will consist of developing a comprehensive feasibility study to address highest and best use, regional marketability, and structural/physical analysis of the Parrot House to understand the costs associated with ensuring the structural integrity of the building, flood proofing, costs associated with code upgrades to electrical, HVAC, plumbing, and accessibility. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Schoharie and surrounding areas in Schoharie County. The GEOIDS for the project include: 360957401002, 360957401002.

Activity Progress Narrative:

The project scope was reduced and internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient. This project was also funded in the Irene Lee Grant.

Activity Description:

Schoharie County Soil and Water Conservation District will construct approximately 5,220 feet of drainage improvements in the Village of Schoharie. This includes relocating existing utilities, lowering culverts, developing a detention pond to attenuate peak runoff, constructing an outfall to Schoharie Creek, re-establishing swales, constructing additional drainage along and across State Route 30/Main Street and Brdige Street, constructing backflow gates to prevent Schoharie Creek flood waters from feeding back into the project site and stabilizing Schoharie Creek. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated place of the Village of Schoharie in Schoharie County.

Activity Description:

The Schoharie County Soil and Water Conservation District Stony Brook Creek project will include replacing two culverts, one on Frisbieville Road and one on Stony Brook Road; reconstruction of a stacked rock revetment wall; and bank failure repair at two additional locations. Additional work will include installation of precast concrete culverts, a bridge railing and approach guiderail, full-depth roadway reconstruction, installation of proposed dry stacked boulder walls, channel improvements, and landscaping. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Schoharie in Schoharie County. The GEOIDS for the project include: 360957401002, 360957401003, 360957401004.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

This project will include the design and construction of a relocated town hall and highway department, including the feasibility for development on the proposed site regarding water. This complex will centralize the Town's agencies and departments, as well as emergency operations, including a town hall and administrative offices, multi-use meeting room for ranging from court use to conversion to an emergency shelter, highway and public works department garage and maintenance facility with fueling station and wash bays, community health and human services department offices, and a no-kill animal shelter facility. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the County Subdivision of the Town of Shandaken, including GEOIDs 361119553001, 361119509002, 361119553002, and 361119553003. The relocated town hall and highway department will be built at 5605 NY Route 28, Shandaken, NY 12480, which is a site now completely owned by the Town.

Activity Description:

Smith Hill Creek is a manmade stream located in the Wallace Road neighborhood and serves as part of a storm water management system for this portion of the Town of Chenango. This project will include various improvements along approximately 3050 linear feet of the creek with measures such as: increasing the size of culverts and the cross sectional area of portions of the stream channel and installation of drainage piping, check dams, catch basins and trash racks. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Chenango in Broome County. The GEOID for the project is: 360070121031, 360070121033.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Match Contributed	\$0.00	\$0.00

Activity Description:

The funding will permanently install an 80kw backup generator at the town hall and a 250kw backup generator at the high school in order to provide a consistent source of power during an outage. The Town will utilize these two facilities as shelters during future storm events. During previous storm events there was a lack of critical shelter space for residents of the Town of Amsterdam, particularly those living along the north bank of the Mohawk River who regularly experience severe flooding, forcing them out of their homes and negatively impacting government operations for several days after the storm. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Amsterdam in Montgomery County. The GEOIDs for the project include 360570721001, 360570721002, 360570721003, 360570721004, 360570702001, 360570703001, 360570704001, 360570709001, 360570702002, 360570703002, 360570704002.

Activity Description:

This project involves the development of a comprehensive drainage study and plan for the communities of Bellmore, Merrick, Seaford, and Wantagh. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The communities of Bellmore, Merrick, Seaford, and Wantagh in Nasasu County. The GEOIDS for the project include: 360594151021, 360594151022, 360594151023, 360594151024, 360594151025, 360594152021, 36059415022, 360594155023, 360594152024, 360594154013, 360594154014, 360594154021, 360594154022, 360594154023, 360594157001, 360594157003, 360594157004, 360594161001, 360594161002, 360594161003, 360594161004.

Activity Progress Narrative:

The project scope was reduced and internal work was completed to convert this project to a planning activity. This included gathering and organizing required documentation from the subrecipient.

Activity Description:

The Town of Oyster Bay is requesting as described in the Massapequa NYRCR Plan to stabilize, restore, redesign, rebuild, enhance, and improve Alhambra Park. The project will reduce flood risk and vulnerability by stabilizing the shoreline to mitigate on-going erosion. It will also increase resiliency by incorporating green infrastructure and other sustainable elements in the redesign. Improvements may include, but are not limited to replacing existing falling bulkhead structure with a new bulkhead, rip rap gabions. Green infrastructure improvements include permeable paving, bio-swales, stormwater retention ponds, swirl separators and/or rain gardens. This project will benefit residents of the Village of Massapequa Park, the Hamlets of Massapequa, and East Massapequa. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Match Contributed	\$0.00	\$0.00

Activity Description:

This project seeks to reduced the frequency and risk of flooding impacts from storm events, related high-tide flooding and shoreline erosion. It will protect the adjacent canals from sediment deposition. Specifically, this project will stabilize the shorelines around the terminus of Araca Road through the implementation of bulkheading , living shoreline. These improvements will protect residential homes from wave energy that would otherwise move through the area during future storm events. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Babylon in Suffolk County. The GEOID for the project is 361031246023.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The Town of Babylon is requesting funding to design and install in-line backflow valve infrastructure at multiple coastal outfalls into the Great South Bay and adjoining canals in order to reduce flooding associated with high tides during major storm events. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Babylon in Suffolk County. The GEOIDS for the project include 361031244011, 361031244012, 361031244022, 361031244021, 361031246012, 361031246013, 361031246022, 361031246023, 361031246021.

Activity Description:

This project consists of the implementation of the results of the planning study final report that analyzed modifications to the Upper Pond at the Bowman Avenue Dam and included an assessment of whether modifications to the rules governing the operation of the sluice gate at the Bowman Avenue Dam are warranted. The analysis of the modifications to the Upper Pond at the Bowman Avenue Dam assessed how the pond could be modified such as how much soil could be removed, and to what extent the modifications would reduce downstream flooding. The construction phase includes the installation of sensors to analyze flood conditions of the Blind Brook and establishment of rules governing the operation of the sluice gate. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Rye in Westchester County. The GEOIDS for the project include: 361190075001, 361190076001, 361190077001, 361190084041, 361190075002, 361190076002, 361190077002, 361190085002, 361190075003, 361190076003, 361190077003, 361190076004, 361190077004, 361190076005, 361190076006.

Activity Description:

This project will design and construct improvements to the drainageway between commercial properties along SR 211 (Wickham Avenue) near the intersection of Lloyds Drive and directly adjacent to Middletown High School. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the Washington Heights/Mechanicstown area of the Town of Walkill in Orange County, NY, which includes GEOIDs 360710011001, 360710012001, 360710013001, 360710015001, 360710016001, 360710110001, 360710111011, 360710111021, 360710112001, 360710113001, 360710114001, 360710151001, 360710011002, 360710012002, 360710013002, 360710015002, 360710016002, 360710110002, 360710111012, 360710111022, 360710112002, 360710113002, 360710114002, 360710151002, 360710011003, 360710015003, 360710016003, 360710110003, 360710111023, 360710112003, 360710113003, 360710114003, 360710151003, 360710011004, 360710016004, 360710110004, 360710113004, 360710151004, 360710110005, 360710113005, 360710151005, 361059512005, and 360710151006.

Activity Description:

This project involves the construction of drainage system improvements which will include modifications to or replacement of features of the existing system, including headwalls, wingwalls, culverts, a vegetated open channel, and catchment structures. Backflow prevention valves will be also be installed on outlet pipes, and a low section of Fourth Street will be elevated to eliminate the pooling of stormwater runoff. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Waterford, NY.

Activity Description:

The Waterford Drainage System Improvements Study will conduct a feasibility study to address and evaluate the stormwater conveyance system along with other feasible approaches to attenuate flooding within the northern portion of the Village. This was proposed by the Village of Waterford NY Rising Community Reconstruction Planning Committee. The eligible activity for this activity is planning, pursuant to 24 CFR 570.205. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Saratoga County 062700.01, 062800.01. Rensselaer County 040100.01,.03-.04

Activity Progress Narrative:

The project scope was reduced and internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient.

Activity Description:

This activity involves drainage system improvements including repairing and upgrading the Mad Brook retaining wall in the Hamlet of Windham to increase its ability to protect the hamlet from extreme flooding events, and replacing an undersized culvert on Route 56 in the Hamlet of Maplecrest with a larger box culvert to expand its capacity and reduce localized flooding. The 625-foot Mad Brook retaining wall will be repaired, upgraded and extended approximately 150 feet upstream. The project will also replace an undersized culvert under Route 56 where it crosses the Batavia Kill in the hamlet of Maplecrest. The existing four-foot diameter corrugated metal pipe culvert will be replaced with a six (6) foot-by-six (6) box culvert to expand its capacity. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The State of New York developed the Interim Mortgage Assistance Program (IMA) to meet the needs of displaced homeowners unable to inhabit their primary residences as a result of Hurricane Irene, Tropical Storm Lee and/or Superstorm Sandy. The IMA program has developed a formula to determine monthly payment amounts to eligible applicants that takes into account the following factors: rental housing expenses, prior rental assistance, and mortgage costs. Applicants who are already in the Rental program may also be enrolled in the IMA program, pending eligibility. Assistance is provided to displaced homeowners to help them pay the lesser of their monthly mortgage or rental payment. APA 12 amended the description of the IMA Program to extend the period in which interim mortgage assistance may be provided from 20 months to 36 months, as authorized in the February 12, 2016 Federal Register Notice (81 FR 7567). Applicants assisted through this activity were determined to meet the LMI national objective. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

Bay Park wastewater treatment facility in Nassau County is the largest wastewater treatment facility in Nassau County. During Superstorm Sandy, engines for the plants main pumping system were flooded by over nine feet of water destroying the plants electrical system and comprising other critical components of the plant, the electrical failure resulted in over 200 million gallons of raw sewage being discharged into nearby neighborhoods, waterways and natural resource areas causing a public health and safety crisis. The State of New York along with Nassau County worked with FEMA to apply for FEMA's Public Assistance Alternative Procedures Pilot Program. A settlement was reached that provided funds for repair, restoration, resiliency, and mitigation. The project will serve to protect communities located near the plant as well as to minimize outflows to bays and natural resources areas from power outages. Funds disbursed through this activity are used to pay for construction costs and have been determined to meet the urgent need national objective. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Bay Park STP. 2 Marjorie Lane. East Rockaway, Town of Hempstead, Nassau County, NY 11518.

Activity Progress Narrative:

During the first quarter of 2019, two invoices were received from the Subrecipient and subsequently paid to the Subrecipient by GOSR. Construction continued and reached 90 percent completion. The budget for this activity was revised.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. EFC and DEC will fund the replacement of three pumps and the installation of one new pump at the Bergen Point Wastewater Treatment Plant, owned and operated by Suffolk County. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Bergen Point WWTP is located in the town of West Babylon, Suffolk County, and services Suffolk County Southwest Sewer District #3.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

Project management, including staff, development of design criteria for proposed improvements, and design implementation. The proposed accomplishments include replacement of 2,195 linear feet of existing steel sheet pile bulkhead, one elevated walkway at the park, and one quarter mile of natural shoreline revetment reported here as one linear mile of public improvement because of limitations in DRGR. Funds will also be used to increase and provide greater recreational opportunities for these residents at the park. GOSR has committed an additional \$5 million to the project to support the further development of resilient recreational facilities for this LMI community and has partnered with Major League Baseball and the Harlem RBI non-profit to create a baseball academy at the park that will serve thousands of youth from around New York City. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Roberto Clemente State Park, a 25-acre urban park serving 1.3 million visitors annually, is located in the Morris Heights neighborhood of the Bronx with 3,700 linear feet of waterfront along the Harlem River in Bronx County, New York. Owned and operated by the State of New York Office of Parks, Recreation and Historic Preservation (OPRHP/Parks), this Bronx County park was directly impacted by Superstorm Sandy.

Activity Description:

The Village of Freeport will construct a downtown microgrid. The microgrid will provide power to critical infrastructure during a power disruption event. The microgrid will produce power from natural gas powered combined heat and power (CHP) units and a solar array. The microgrid will sell power back to the grid during regular power times (the industry term is blue sky days instead of regular power times), and will switch to island mode during power disruption events. The project includes upgrades and repairs to the existing Freeport electrical distribution networks circuits, wires, switches and controllers to ensure compatibility and reliability with the new microgrid operating system. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

To date, three projects have been undertaken by the State of New York at Robert Moses State Park. The first project is the Robert Moses State Park Emergency Beach Renourishment Project, which was completed in May 2013. The second project, known as the Captree State Boat Channel Dredging and Beach Stabilization Project, builds on the prior Project to provide longer term stabilization of the Park infrastructure and adjoining beach. The first two parks together restored over 1.2 million cubic yards of sand Superstorm Sandy took from beaches and dunes at the park. When the state initially chose performance metrics for Robert Moses it chose the number of linear miles. However as the project has progressed the state has determined that reporting the number of cubic yards is a more accurate measure of performance. The third project includes improvements to the water treatment infrastructure at the park. The project will elevate and strengthen the primary water treatment facility and vital electrical system elements, and will include updated treatment systems and discharges to relieve pressure in emergency situations. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Park is an 875 acre State park located on the southern coast of Long Island on the western end of the barrier island known as Fire Island. The Park extends from Democrat Point on the west to the Fire Island National Seashore on the east, and is bounded by the Atlantic Ocean on the south side and Great South Bay and Fire Island Inlet on its north side.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. EFC and DEC will fund upgrades to a significant portion of the Town of Orangetown aging sanitary sewer gravity collection system in the Villages of Nyack and South Nyack. The proposed project would enhance protection of the Nyack sanitary sewer conveyance system by lining the sanitary sewers using the cured-in-place pipe method CIPP to significantly reduce infiltration into the sanitary sewers during future storm events. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Orangetown is proposing to upgrade a significant portion of its aging gravity collection system in the Villages of Nyack and South Nyack.

New York State	Planning	R4-INFRA	R4-INFRA-Plan	Local Govt & Critical Infrastructure Planning	General Account

Activity Description:

Planning activities related to the identification and development of specific infrastructure projects to be funded through New York State CDBG Disaster Recovery funds. GOSR infrastructure program has three standalone program areas that are designed to assist units of government address unmet recovery needs that are not eligible for other Federal funding sources. These program areas are the Critical Infrastructure Program primarily focused on wastewater systems, the Local Government program which addresses unmet recovery needs in HUD defined most impacted counties, and the Natural Resource program which repairs and restores natural infrastructure and parks that were damaged by Superstorm Sandy. Planning activities include the gathering of information about critical infrastructure needs, assessment of potential projects, program design, scope development, development of program management policies, processes and procedures, environmental review, and efforts to evaluate New York

State progress in implementing these projects. The planning activities relate to specific programs and projects which may be implemented by subrecipients, but the planning is being carried out by New York State. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Planning for work that will be done in New York State in impacted counties by Hurricane Irene, Tropical Storm Lee, and SuperStorm Sandy.

Activity Progress Narrative:

During the quarter, GOSR incurred costs related to infrastructure program activities. GOSR utilized sub-contractors and vendors to perform this work. The work performed was to provide planning, legal, environmental compliance, and CDBG-DR grant eligibility services that will be used to support these projects.

Suffolk County	Planning	R4-INFRA	R4-INFRA-SUFFOLKSEWER-	Suffolk County Sewer Planning INFRA	General Account

Activity Description:

The Suffolk County Coastal Resiliency Initiative will sewer over 8,000 properties in Suffolk County which currently rely on septic systems that were compromised during Superstorm Sandy and other storm events. Suffolk County will help fund staff in the areas of planning, engineering, public works, finance, environmental and public health to work on the sewer implementation strategy and gap analysis to evaluate the feasibility of extending sewer systems to four identified watershed areas that were impacted by Superstorm Sandy: Carlls River, Connetquot River, Forge River, and Patchogue River. The project is eligible as a CDBG-DR planning activity pursuant to a recently issued waiver allowing states in receipt of CDBG-DR funding, such as the State of New York, to utilize eligible planning activities normally available to entitlement communities identified at 24 CFR Section 570.2052 and 24 CFR Section 570.208d4, which state CDBG-DR funds expended for planning and administrative costs under Section 570.205 and Section 570.206 will be considered to address the national objectives of the CDBG program as a whole. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit

as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Carlls River including Town of Brookhaven, Hamlets of North Babylon, West Babylon, and Wyandanch. Connetquot River including Town of Islip, Hamlet of Great River. Patchogue River including Village of Patchogue. Forge River including Town of Brookhaven, Hamlets of Mastic and Shirley. Southwest Sewer District 3 including various Towns and Hamlets. Suffolk County (DUNS 065949190).

Activity Progress Narrative:

The subrecipient continued to close out the Suffolk Sewer Gap Analysis study, including preparing closeout documentation with the support of GOSR.

Activity Description:

This activity provides non-federal share payments to eligible public entities in the FEMA Public Assistance (PA) Grant Program to address immediate post storm debris removal needs (categorized as FEMA Category A work). The work covered in this activity was determined to meet the national objective of primarily benefiting persons of low- to moderate-income. For the purposes of reporting performance measures for this activity, the metric used is number of businesses, which refers to the number of public entities that are assisted through the match payments made in this activity. Each entity may have been assisted with multiple projects, which are documented in FEMA Project Worksheets (PWs). FEMA PWs, which include information about the entity, location, and type and quantity of debris, support each draw. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in storm related debris in Presidentially declared counties across New York. Specific geographic locations of the debris are determined and documented in FEMA Public Assistance Category A - Debris Removal project worksheets.

Activity Progress Narrative:

Expenditures were made during Q1 2019 for planning, data collection, and analytical needs related to PWs that are tied to debris removal reimbursement work funded through this activity. Primary tasks performed by GOSR Infrastructure program staff included obtaining FEMA-reported documentation that is needed by HUD to support HUD eligibility reviews, verification of national objective determinations, analyzing PWs for potential inclusion in the program, conducting financial and CDBG-DR grant eligibility reviews, ongoing PA Match closeouts, and QA and revisions to existing closeout work. The MID budget for this activity was revised.

Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy damaged and destroyed a wide range of public buildings, facilities and structures in Presidentially declared counties across New York. The specific geographic location of each impacted public facility is geocoded and recorded in the project files.

Activity Progress Narrative:

Expenditures were made during Q1 2019 for planning, data collection, and analytical needs related to PWs that are tied to public facilities reimbursement work funded through this activity. Primary tasks performed by GOSR Infrastructure program staff included ongoing PA Match closeouts, QA and revisions to existing closeout work, and

verification of national objective determinations. GOSR does not expect to make any additional reimbursements to the State of New York for PWs that have been determined by GOSR to meet the Urgent Need national objective.

Activity Description:

Planning activities related to the development of New York State and requests program through which CDBG funds will be used to provide the non-Federal match payment required by FEMA, Federal DOT, and other Federal Agency and requests grants to New York State. Planning activities include the gathering of information about needs, program design, scope development, development of program management policies, processes and procedures, environmental review, and efforts to evaluate New York State and requests progress in implementing this program. The planning activities relate to specific programs and projects which may be implemented by subrecipients, but the planning is being carried out by New York State. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main

activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy damaged and destroyed a wide range of public buildings, facilities and structures in Presidentially declared counties across New York. The specific geographic location of each impacted public facility is geocoded and recorded in the project files.

Activity Progress Narrative:

GOSR is running one of the largest HUD match programs in U.S. history. GOSR currently assists units of local government in addressing community recovery needs by providing the non-federal share or local match for three Federal disaster recovery related programs. The programs are the FEMA Public Assistance program, which is providing assistance to over 700 units of government across New York, FEMA HMGP Global Match program, which maximizes GOSR buyout program and obtains match credit from FEMA for homes purchased and made into permanent green space allowing other resiliency projects to be funded with 100 percent FEMA funds, and the U.S. EPA Superstorm Sandy Stormwater Loan Mitigation Grant program, which assists Sandy-impacted communities by providing funds that will make their wastewater systems more resilient and less likely to fail following future storm events. Each of these programs requires that GOSR staff and its subcontractors assess, collect, and analyze information and data that these Federal agencies require and then conduct additional reviews to ensure that the projects are HUD CDBG-DR eligible through funding recommendations. Planning funds were expended during the quarter to further develop the information systems that will support documentation related to this program. The MID budget for this activity was revised.

Activity Description:

This activity provides non-federal share payments to eligible public entities in the FEMA Public Assistance (PA) Grant Program to address immediate post storm emergency protective services (categorized as FEMA Category B work). Activities may also include public services provided by the State through the FEMA Transitional Sheltering Assistance (TSA) Program. This work would have taken place within the first 90 days after the event. The work covered in this activity was determined to meet the national objective of primarily benefiting persons of low- to moderate-income. For the purposes of reporting performance measures for this activity, the metric used is number of non-business organizations, which refers to the number of public entities that are assisted through the match payments made in this activity. Each entity may have been assisted with multiple projects, which are documented in FEMA Project Worksheets (PWs). FEMA PWs, which include information about the entity, location, and nature of work, support each draw. This activity includes funds from funding round 5 that have not been extended beyond

the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy resulted in the need for the State to provide public services to assist residents who live in Presidentially declared counties across New York. The geographic location of each public service is provided in the project file.

Activity Progress Narrative:

Expenditures were made during Q1 2019 for planning, data collection, and analytical needs related to PWs that are tied to public services reimbursement work funded through this activity. Primary tasks performed by GOSR Infrastructure program staff included obtaining FEMA-reported documentation that is needed by HUD to support HUD eligibility reviews, verification of national objective determinations, analyzing PWs for potential inclusion in the program, conducting financial and CDBG-DR grant eligibility reviews, ongoing PA Match closeouts, and QA and revisions to existing closeout work. The MID budget for this activity was revised.

Match Contributed	\$0.00	\$0.00

Activity Description:

Repair of public housing developments with local match requirements in the FEMA PA program, including improvements to mitigate risk of damage from future extreme weather events and increase resiliency to storms. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Storm-damaged public housing in Plattsburgh, NY.

Activity Progress Narrative:

Expenditures were made during Q1 2019 for file maintenance and analytical needs related to FEMA Public Assistance Project Worksheets, or PWs, funded through this activity. Tasks performed by GOSR Infrastructure program staff included verification of national objective determinations, extensive QA of existing program files, and closeout evaluation. No additional PWs for this applicant are being evaluated for reimbursement at this time. The activity data for this activity were changed.

Activity Description:

The proposed project Norstar and Metroplex propose to redevelop the vacant building located at 13 State Street in Schenectady into a mixed use, mixed income for area seniors. The concept includes 61 residential units with 44,200 S.F. and approximately 4,467 S.F. of common space, and 8,650 S.F. of commercial and community supportive facility space. The residential structure includes 47 one bedroom one bath units averaging approximately 686 S.F., 12 one bedroom with den units averaging 842 S.F., and 2 two bedroom one bath units of 1,268 S.F. The project includes 29 units targeted to seniors with incomes of 50 percent or less of AMI, 24 units targeted to 60 percent or less of AMI, and 8 units targeted to 80 percent or less of AMI. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project is a redevelopment of a former YMCA located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The NY Rising Affordable Rental Opportunity Program (ARO) is designed to assist storm-damaged rental properties to support the creation of rental units affordable to LMI households. ARO may serve storm-damaged rental properties of any size including owner-occupied two-family homes. Eligible applicants are residential rental property owners who provide housing opportunities to low- and moderate-income households. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Progress Narrative:

There was no significant activity during the quarter.

Activity Description:

GOSR awarded First Ward Action Council, Inc. (FWAC) is the Applicant and Developer of Binghamton Gateway Homes (Gateway), a scattered site, mixed-used project located in the City of Binghamton's First Ward. Binghamton Gateway Homes (Gateway) meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. There are 11 existing buildings that will be substantially rehabilitated plus 1 mixed-use building that will be newly constructed. There will be a total of 37 apartments 27 in the gut rehab buildings and 10 in the 3-story new construction building, which will also have 2 commercial storefronts. This multi-family project will target 6 units to persons with physical disabilities. FWAC has an agreement with Southern Tier Independence Center to provide support services and referrals for the 6 set-aside units. Gateway has unit sizes from studios to 3-Bedrooms, so it will meet the demand for quality affordable housing from individuals, small households, and large families. None of the units are reserved for a superintendent. Twelve (12) of the units are targeted to households with incomes at or below 50% AMI and 25 are targeted to households with incomes at or below 60% AMI. An admissions preference for persons displaced by Tropical Storm Lee will be in place as part of the Affirmative Fair Housing Marketing Plan. Funds included in this Obligation Round 2 activity are expected to contribute to accomplishments that will be reported in the future during the time that future obligation rounds are active. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Binghamton Gateway project is located in the First Ward neighborhood of Binghamton, Broome County, New York. The First Ward neighborhood suffered extensive damage from Tropical Storm Lee multiple sites within the

First Ward neighborhood had moderate to major damage, and a few of this project's sites have been vacant since the Storm hit in 2011. The NY Rising Community Reconstruction Program Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will cover the following addresses: 249, 252, 254, 255, 257.5, 259, 267, 269, and 273-275 Front Street, 8 Meadow Street, and 20 Spring Forest Avenue, and 164-168 Clinton Street. All sites are in zip code 13905. This new building will be constructed on the site of a local landmark that was known as the Lincoln Hotel until it was destroyed by fire last year.

Activity Description:

GOSR awarded Sepp, Inc.(as applicant) in joint venture with Lakewood Development/2 4 Development (as Developer) of Cardinal Cove, a new construction development for low-income households in the Village of Endicott, Town of Union, NY. Cardinal Cove meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. This disaster relief project involves the new construction of 50 affordable units in 25 duplex buildings, as well as a separate community building. In addition to providing much-needed affordable housing, by keeping families in the area the Cardinal Cove will help to stabilize the neighborhood and its commercial center. The project's community building will house the manager's office, community space, a computer lab, and community laundry facilities. The site will include a playground, individual driveways at each townhouse, and an on-site storm water retention system. Cardinal Cove will consist of twelve (12) 1BR apartments, 26 2Br apartments, and 12 3BR apartments, thus providing affordable housing appropriate for a range of household compositions. 50% (25) of the units will be affordable to households up to 50% of AMI and 60% of AMI, respectively. The Affirmative Fair Housing Marketing Plan includes a priority for applicants who received assistance from the Disaster Housing Assistance Program (DHAP), and provides a marketing preference for 3 units that shall be fully accessible and marketed to individuals with mobility impairments, and 2 units to individuals with vision or hearing impairments. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Cardinal Cove project is located in the town of Union, Broome County, New York. Union suffered extensive damage from storms in 2006 and again in 2011 from Tropical Storm Lee a 50 Unit mobile home park located

approximately 1 mile from the Cardinal Cove site was decommissioned as a result of flooding during Tropical Storm Lee. The NY Rising Community Reconstruction Program Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will be located at 397 Glendale Drive in the Village of Endicott, in the Town of Union, in the County of Broome within New York State 13760.

Activity Description:

Conifer Realty, LLC is the project sponsor for the construction of a three-story, 90-unit residential building on Long Island in the hamlet of Copiague within the town of Babylon. Of the 90 units, 71 units will be set aside for households earning up to 60 percent of area median income (AMI) and the remaining units will serve families earning up to 100 percent of AMI. CDBG-DR funds will make up 29.9 percent of the project financing. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Copiague is an unincorporated hamlet within the Town of Babylon in the County of Suffolk. As noted in the NY Rising Community Reconstruction Plan, more than a quarter of the hamlet and its surrounding areas housing stock suffered damage during Superstorm Sandy. The impact on housing stock exacerbated a housing shortage that existed prior to Superstorm Sandy.

Activity Description:

Conifer Realty, LLC is the project sponsor for the construction of a three-story, 90-unit residential building on Long Island in the hamlet of Copiague within the town of Babylon. Of the 90 units, 71 units will be set aside for households earning up to 60 percent of area median income (AMI) and the remaining units will serve families earning up to 100 percent of AMI. CDBG-DR funds will make up 29.9 percent of the project financing. This activity captures expenditures, accomplishments, and beneficiaries associated with the UN components of this project. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Copiague is an unincorporated hamlet within the Town of Babylon in the County of Suffolk. As noted in the NY Rising Community Reconstruction Plan, more than a quarter of the hamlet and its surrounding areas housing stock suffered damage during Superstorm Sandy. The impact on housing stock exacerbated a housing shortage that existed prior to Superstorm Sandy.

Activity Description:

DePaul Properties, Inc. will construct fifty (50) units of affordable housing in Schenectady for households earning up to 60 percent of area median income (AMI). 25 units will be set aside for participants of the Medicaid Redesign Team Financing Program. The building will have three levels and approximately 50,000 square feet. There will be 46 one-bedroom units and 4 two-bedroom units. The project is located in Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The site includes 758, 766 -782 Albany Street, 311-313 Schenectady Street, adjacent lots along Hulett Street. The project is located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Description:

GOSR awarded Westhab, Inc.(as sponsor) and Ludlow Commons Limited Partnership (as Beneficial Owner) of Ludlow Commons, a new construction development for low-income senior households in the City of Yonkers, Westchester County, NY. Ludlow Commons involves the new construction of 70 affordable 1- and 2-bedroom apartments of elderly households with at least one household member 62 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 6,945 square feet. The building will provide surface parking, a laundry room, a community room, access to computers, a wellness/management office, a landscaped outdoor patio in the rear yard, and additional outdoor seating in the front. By being only 12 block from South Broadway, residents will be within walking distance of shopping, municipal and health services and multiple public transportation options. Residents will have convenient access to the county-wide bus and Para-Transit lines, MTA bus service to NY City, and Metro North train service to NY City and northern Hudson Valley communities. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Ludlow Commons will be located at 7-17 Ludlow Street in the Town of Yonkers, in the County of Westchester within New York State 10701. It will provide 70 affordable senior apartments in a heavily storm damaged area. The City and County suffered significant damage in Superstorm Sandy--118 rental units in Westchester were damaged in one of the three covered storms, 839 owner-occupied units were damaged, for a total of 957.

Activity Description:

GOSR awarded Home Leasing, LLC (as sponsor) and Owego Gardens LLC (as Beneficial Owner) of Owego Gardens, a new construction development for low-income senior households in the Town of Owego, Tioga County, NY. Owego Gardens involves the new construction of 62 affordable 1- and 2-bedroom apartments of elderly households with at least 80% of households occupied by at least one person 55 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 66,250 square feet. The building will include common laundry facilities, air-conditioning, community spaces, tenant storage, patios/balconies, and on-site parking restricted to the tenancy. The municipality has elected to provide utilities and an access road to the site. The access road will link the building to Southside Drive (i.e. Route 434), as well as connect the building to any future developments on the property. The Village of Owego is distinctive for its picturesque riverfront location and its historic downtown and civic center with a village square opening to the river and the Court Street Bridge, recently reconstructed. The public library, post office, health care and senior service facilities, banks, pharmacies, supermarket, bus stop, and various other services and amenities are located here. While the site is not located directly in the center of the village, a common hub for Tioga Countys bus system aka Ride Tioga can be found in the Village square just across the bridge. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Owego Gardens will be located at 130A Southside Drive in the Village of Owego, in the County of Tioga within New York State 13827. It will provide 62 affordable senior apartments in a heavily storm damaged area. 85% of the

structures in the town of Owego experienced storm damage due to Hurricane Irene and/or Tropical storm Lee over 2340 owner- and renter-occupied homes were damaged, gas and electricity were shut off for over 1400 residential and commercial properties.

Activity Description:

Development of 45 units of affordable and workforce housing. 40 units will be made available for renters at or below 50 percent of AMI. 5 units would be available for applicants at or below 120 percent of AMI. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Located in the center of downtown Riverhead, the property is currently owned by the Long Island Science Center.

Activity Progress Narrative:

This is an associated activity. Please refer to the main activity for the activity progress narrative.

Activity Description:

The NY Rising Homeowner Recovery Program includes the repair, reconstruction, and mitigation of residential owner-occupied structures. This Program is available to owners of one- and two-unit owner-occupied homes that are located outside of New York City with damage from Hurricane Irene, Tropical Storm Lee, and/or Superstorm Sandy. Key components of the program include reimbursement for eligible costs of home repair or reconstruction, or payment toward approved and eligible costs of repair, reconstruction, and/or resiliency measures such as home elevation, bulkhead repair, and other mitigating measures. Home owners assisted through this activity were determined to meet the LMI national objective. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropic Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This narrative is reflective of Housing (UN and LMI) during Q1 2019 across all funding rounds. The Single Family Housing Program continued to issue Interim, and Final payments for Reimbursement, Repair, and Optional Measures. Cumulatively, the Program issued final payments to 7,977 applicants (5,052 UN, 2,925 LMI). The Program continues to assist homeowners with their required repair, reconstruction, mandatory elevation, and optional mitigation measures primarily through the issuance of payments based on project milestones. The centralized check distribution team distributed 604 of Initial, Interim, and Final payments for Reimbursement, Repair and all forms of Optional payments during the quarter. In addition to payments, the Program continues to focus on providing technical assistance and program sponsored environmental remediation to assist applicants. The MID budget for this activity was revised.

Activity Description:

The Governors Office of Storm Recovery (GOSR) of the Housing Trust Fund Corporation has continued to support the necessary staff resources to administer the CDBGDR program for New York State. GOSR maintains a staff, office space, and intake center facilities in New York City, Albany, and multiple locations throughout Long Island to carry out its recovery activities. GOSRs activities include general management, oversight, monitoring, and coordination of planning activities and programs. Additionally, GOSR expenditures included payments for payroll, taxes and insurance, travel, monitoring, and other related costs. GOSR also covers the costs of facilities, office supplies, and equipment through administrative funds. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated

activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee.

Activity Progress Narrative:

The Governors Office of Storm Recovery (GOSR) of the Housing Trust Fund Corporation has continued to support the necessary staff resources to administer the CDBG-DR program for New York State. GOSR maintains a staff, office space, and intake center facilities in New York City, Albany, and Long Island to carry out its recovery activities. GOSR's activities include general management, oversight, monitoring, and coordination of planning activities and programs. During Q1 2019, funds were provided for legal, monitoring, and other advisory services related to the design and implementation of the housing, small business, infrastructure, and community reconstruction programs. Additionally, GOSR expenditures included payments for payroll, taxes and insurance, travel, monitoring and other related costs. GOSR also covers the costs of facilities, office supplies, and equipment through administrative funds. At the end of Q1 2018, GOSR totaled 180 staff involved in programmatic and operational work. GOSR is continuing to focus on maintaining staffing capacity, as needed, around the implementation of the housing, small business, community reconstruction, and infrastructure programs including RBD, as well as in other key areas such as monitoring and compliance, legal, policy, finance, and organizational systems. The Monitoring and Compliance Department did not perform any monitoring visits during Q1 of 2019. The Monitoring and Compliance Department will continue its efforts to monitor recipients of CDBG-DR funding in Q2 of 2019. GOSR monitors these recipients for compliance with Federal, State, local, and programmatic requirements. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

Acquisition of properties in high hazard areas for the creation of open space in Suffolk County. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy within Suffolk County.

Activity Progress Narrative:

From inception to date, we have acquired 21 properties that have been designated for acquisition for open space and have dispositioned these properties to the corresponding municipality. There were no new properties acquired or sold during Q1 2019. During the quarter, funds were expended to conduct property maintenance, well as general program delivery.

Activity Description:

Voluntary acquisition of properties in high hazard areas to develop additional affordable housing units. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau, Suffolk, and parts of Staten Island.

Activity Progress Narrative:

There were no new properties acquired or sold during Q1 2019. From inception to date, 23 properties were acquired and dispositioned to the Long Island Housing Partnership, and redevelopment has been started on 6. Funds were expended on general program delivery.

Activity Description:

Substantially damaged residential properties will be acquired by the State for redevelopment in the future in a resilient manner to protect future occupants of this property. Redevelopment will be undertaken in consultation with local officials to ensure that the properties best serve the future goals of the communities in which they are located. In some cases, the properties will remain undeveloped and be transformed into parks or other non-residential uses, while in most cases they will be redeveloped in a resilient manner. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

Certain highest risk areas in the floodplains, determined to be among the most susceptible to future disasters and that therefore present a greater risk to people and property, will be identified by the State and its local partners for

Buyouts for Floodplain Restoration. In accordance with the HUD Notices governing the use of these funds, these properties will be maintained in perpetuity as coastal buffer zones. This is a direct benefit activity qualifying as a Low to Moderate-Income Buyout Activity per 82 FR 36812 and Docket No. FR-6039-N-01, when CDBG-DR funds are used for a buyout award to acquire housing owned by a qualifying LMI household, where the award amount is greater than the pre-disaster fair market value of that property. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau County, Suffolk County, Rockland County, and parts of Staten Island.

Activity Progress Narrative:

There were no new properties acquired during Q1 2019. From inception to date, the program has purchased 204 properties from homeowners determined to be low or moderate income. During the quarter, funds were expended to conduct property maintenance, property disposition, as well as general program delivery. Additionally, 8 demolitions were performed. The budget for this activity was revised. The MID budget for this activity was revised.

New York State	Acquisition - buyout of residential properties	R5-Buyout	R5-BOH-FPR-SUFFOLK-LMI	Buyout in Suffolk County - R5 - LMI	General Account

Activity Description:

Voluntary buyout of properties in high hazard areas in Suffolk County. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy within Suffolk County. Includes the Towns of Riverhead, Mastic Beach, and Patchogue.

Activity Progress Narrative:

There were no new properties acquired or sold during Q1 2019. From inception to date, the program has purchased 77 properties in the designated service area. This reflects an adjustment from the previous quarter (previously reported as 79) in which 2 properties have been reclassified. During the quarter, funds were expended to conduct property maintenance and general program delivery.

Activity Description:

Certain highest risk areas in the floodplains, determined to be among the most susceptible to future disasters and that therefore present a greater risk to people and property, will be identified by the State and its local partners for

Buyouts for Floodplain Restoration. In accordance with the HUD Notices governing the use of these funds, these properties will be maintained in perpetuity as coastal buffer zones. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with particular emphasis on Nassau County, Suffolk County, Rockland County, and parts of Staten Island.

Activity Progress Narrative:

There were no new properties acquired or sold during Q1 2019. From inception to date, the program has purchased 436 properties from homeowners determined to have an urgent need. During this quarter, funds were expended on 20 demolitions, property maintenance and program delivery.

Activity Description:

The City of New York will implement a program that provides opportunities and resources for small business owners that were impacted by Superstorm Sandy to better prepare for future emergencies and enhance the resiliency of their operations, assets, and physical space. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The activity will take place within five of the New York Rising Community Reconstruction program committee areas.

The committee areas include: Gerritsen Beach and Sheepshead Bay, Gravesend and Bensonhurst, Howard Beach, Southern Brooklyn Peninsula, and Lower Manhattan.

Activity Progress Narrative:

During this quarter the City of New York Department of Small Business Services retained the Alliance for Coney Island to help canvas South Brooklyn so that more businesses in this area are made aware of the program and can apply. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The St. Bernard Project, Inc. through the Home Elevation Pilot program will provide direct CDBG-DR assistance to low/moderate income homeowners, exclusively, to cover 100 percent of the cost, less any benefits received (i.e., DOB), to elevate their homes above the required minimum base flood elevation (BFE). This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Staten Island target area contains census tracts 154.00, 156.03, 176.00, 198.00 244.01, 244.02, 248.00. The Gerritsen Beach/Sheepshead Bay target area contains the census tracts 370.00, 390.00, 392.00, 394.00, 416.00, 420.00, 548.00, 550.00, 552.00, 554.00, 556.00, 558.00, 560.00, 562.00, 564.00, 566.00, 568.00, 570.00, 572.00, 574.00, 576.00, 578.00, 580.00, 582.00, 584.00, 586.00, 588.00, 590.00, 592.00, 594.01, 594.02, 596.00, 598.00, 600.00, 606.00, 608.00, 622.00, 626.00, 628.00, 632.00, 638.00, 642.00.

Activity Progress Narrative:

GOSR amended the subrecipient agreement to adjust the scope and budget. A total of 10 homes are under construction. Four homes are being reviewed by the Department of Buildings for permits. Six homes have entered into design review. The budget for this activity was revised.

Activity Description:

This project will provide funding for the acquisition and demolition of substantially flood-damaged homes, as well as for park development at sites proposed for demolition within the Hamlet of Fort Hunter. The project proposes the stabilization and revitalization of the Hamlet by demolishing the dilapidated homes and providing recreational opportunities for Hamlet residents. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Hamlet of Fort Hunter, in Montgomery County. The GEOIDS for this project include: 360570728002.

Activity Progress Narrative:

The engineering firm submitted a payment for design work during this quarter. The Governor's Office of Storm Recovery approved the payment and the engineering firm was paid for their work. Based on a discussion with the design firm they are currently at 60 percent design on this project. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project will include a marketing/branding campaign, programmatic services and planning for physical improvements in later phases along Mermaid Ave. in Coney Island.

Location Description:

The Mermaid Avenue Revitalization Project, Phase II. GEOIDS for this project include: 360470330002, 360470330001, 360470348001, 360470330003, 360470326001, 360470326005, 360470326002, 360470326003, 360470326004, 360470328001, 360470328002, 360470328004, 360470328003, 360470340001, 360470342001, 360470342002, 360470342003, 360470342004, 360470348002, 360470352001, 360470340002

Activity Progress Narrative:

During Quarter 1 GOSR worked with the subrecipient to hold meetings and phone calls with the New York City Housing Authority and the New York City Department of Transportation. Properties owned by these agencies are targeted for this project. The intention of these calls is to determine feasibility of scope on these agencies' properties. The budget for this activity was revised. The MID budget for this activity was revised.

Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tracts: 122403 (Block group 2), 122404 (1,2), 122406 (1,2,3), 122501 (1,2,3), 122502 (1,2,3), 122601 (1,2,3), 122602 (1,2), 122603 (1,2,3,4), 122704 (1,2), 122705 (1,2), 122706 (1,2,3), 122707 (1,2), 122801 (1,2,3,4), 122802 (1,2), 122901 (1,2,3,4), 122902 (1,2,3), 123001 (1,2,3,4), 123002 (1,2,3), 123101 (1,2,3), 123102 (1,2,3), 124300 (1,2,3,4,5), 124401 (1,2,3), 124402 (1,2), 124500 (1,2,3,4), 124601 (1,2,3), 124602 (1,2,3,4)

Activity Progress Narrative:

Except for Dam Safety, environmental and other permit applications were completed for all sites and submitted. Survey work was initiated for one site where a temporary easement was determined to be needed. The Subrecipient and the engineering firm continued coordination with the New York State Department of Transportation on design and permit matters for another site. Coordination with utility companies also was initiated for other sites. The engineering firm continued to progress all sixty percent designs towards ninety percent level including development of possible construction schedules. The budget for this activity was revised.

Activity Description:

This activity involves the design and installation of a permanent, fuel-powered generator at the Department of Public Works garage and Village Town Hall. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Suffern, NY.

Activity Progress Narrative:

During the quarter, DASNY completed preparation of front end bid documents. Program Manager discussed the budget and the potential shortfall with the project participant, the Village of Suffern. Request for bid consent is being postponed in order to coordinate with the release of this community's other project, which is in the final stage of design. The Village indicated their tentative agreement to bond for additional dollars for the project, if needed, to ensure that as many components as possible can be implemented. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project consists of the completion of design and construction of the improvements identified and designed in the Bay Park/East Rockaway Drainage improvement Study in order to protect and strengthen local stormwater infrastructure against future storm events.

Location Description:

The Hamlet of Bay Park/East Rocakway in the county of Nassau. The GEOIDs for this project are 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594122005.

Activity Progress Narrative:

This project is a result of the Bay Park-East Rockaway Drainage Study. During Q1 2019, a kickoff meeting was held, the contract was executed, and the subrecipient provided a notice to proceed to the selected architecture and engineering firm. The architecture and engineering firm started design. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will fully reconstruct Beach 108 St. from Beach Channel Drive to Shore Front Parkway. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Rockaway West in Queens County. GEOID's for this project include 360810938001, 360810942011, 360810938002, and 360810938003.

Activity Progress Narrative:

During Quarter 1, the subrecipient continued to develop the project design in accordance with scope and timelines agreed upon in the application. GOSR held meetings with the subrecipient to ensure that the project is on track for its 75 percent design milestone. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The County of Schoharie is requesting funding to design and construct a Municipal Complex for the Town of Blenheim. This project would house the Fire Department, Emergency Operation Center (EOC), Town Hall, Highway Department and an emergency shelter. The building would be constructed outside of the flood plain in a centralized location. At least one property will be acquired to complete this activity. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main

activity.

Location Description:

Census Tract 740600 (Block group 2)

Activity Progress Narrative:

During the quarter, a pre-construction meeting was held with the contractors, the initial request for payments were made and paid out to the General Contractor and the Plumbing and Mechanical Contractor. All contractors were trained and set-up in our reporting system.

This project comprises the refurbishment and/or replacement of existing drainage systems in the hamlet of Oceanside to accommodate 10 year storms and relieve storm water flooding. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Hamlet of Oceanside in Nassau County. The GEOIDs for this project are a portion of 360594130011, 360594130012, 360594130013, 360594130021, 360594130022, 360594130023, 360594130024, 360594131001, 360594131002, 360594131003, 360594131004, 360594131005, 360594132001, 360594132002, 360594132003, 360594132004, 360594132005, 360594133001, 360594133002, 360594133003, 360594133004, 360594133005, 360594133006, 360594133007, 360594134001, 360594134002, 360594134003, 360594134004.

Activity Progress Narrative:

During this quarter, the project advanced to 60 percent design. Weekly conference calls were held with the subrecipient regarding the project status and timeline. Environmental package was prepared by the engineering firm and subrecipient. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The proposed project involves implementing stormwater management measures at three facilities, Breezy Point ball fields and parking lots, Roxbury ball fields and parking lots, and Breezy Point residential area. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The neighborhood of Breezy Point in Queens County. The GEOIDs for the project are: 360810916014, 360810916013, 360810916011, 360810916012, 360810918001, 360810916021.

Activity Progress Narrative:

During Quarter 1, the subrecipient vendor continued to develop the project design. The design was amended to address a budget change and reached the 60 percent milestone. GOSR coordinated meetings and phone calls with the subrecipient and beneficiary to discuss adding an additional design component. The budget for this activity was revised.

Activity Description:

This project includes the construction of resiliency improvements to three community facilities in Broad Channel. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Broad Channel in Queens County. The GEOIDs for the project include: 360811072011.

Activity Progress Narrative:

The Broad Channel Athletic Club went out to bid and four bids were submitted. The design team conducted a pre-award meeting with the lowest bidder. The design team completed 90 percent drawings and specifications for the Broad Channel American Legion and comments were submitted to the design team from the Dormitory Authority of the State of New York. The design team then completed 100 percent drawings and specifications and submitted to DASNY for review. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Town of Olive will implement recommendations, based on an HH study, for improvements to the fortification of creek banks, sediment and debris removal from the three affected creeks, stream bank restoration, and riparian barrier repair and/or construction. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tract: 951000, Block Group 3

Activity Progress Narrative:

The engineer has completed 100 percent of Phase one scope and approximately 55 percent of Phase Two Scope. This includes regulatory permitting, which is eighty percent complete and advanced and final design work, which is 75 percent complete. Currently the Subrecipient has secured commitments for five of the seven needed easements for construction of the improvements. The budget for this activity was revised.

Activity Description:

DASNY will purchase and install back-up power generators at three sites in the City of Amsterdam including City Hall, the Department of Public Works Garage, and the William H. Barkley Magnet School. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Amsterdam in Montgomery County. The GEOIDs for the project include 360570702001, 360570703001, 360570704001, 360570705001, 360570706001, 360570709001, 360570702002, 360570703002, 360570704002, 360570705002, 360570706002, 360570708002.

Activity Progress Narrative:

During this quarter a reporting issue was resolved with the design engineer. The final payment was submitted to the Governor's Office of Storm Recovery and payment was approved and received by the design engineer. A conference call was also held with the Dormitory Authority of New York and the Governor's Office of Storm Recovery to discuss reporting and payment on this project.

Activity Description:

This activity involves the reconstruction of storm sewer and sanitary sewer infrastructure along a portion of Route 5. Based on the expected existing pipe and manhole materials, the proposed construction work will involve replacement of approximately 12 sanitary sewer manholes, replacement of one storm sewer catch basin, installation of approximately 100 feet of new storm sewer pipe and lining of approximately 3,500 feet of sanitary sewer pipe. Additionally, the sanitary sewer manholes in the flood damaged area will receive new water-tight frames and covers to prevent flood waters from entering the sanitary sewer system. This activity includes funds

from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Amsterdam in Montgomery County. The GEOIDS for the project include: 36057074001 and 36057074002.

Activity Progress Narrative:

In Quarter 1 of 2019, an invoice was paid for the construction vendor on this project. The funds for a contract amendment were also paid out to the design engineer by the Governor's Office of Storm Recovery. A proposal for an additional contract amendment was submitted by the design engineer and was reviewed by the Governor's Office of Storm Recovery during the quarter. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project will include the design and construction of improvements to the Central Bridge Water and Sewer District's Water Treatment Plant filtration system. Improvements will include the addition of a sedimentation/clarification stage upstream of the slow sand filters. Following the slow sand filters, additional polishing filters will be installed to remove the remaining organics and an ultraviolet light system will be installed for disinfection. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Hamlet of Central Bridge in Schoharie County. The GEOIDS for this project include 360957401001 and 360957401003.

Activity Progress Narrative:

During the quarter the design engineer received comments back from the New York State Department of Health. The design engineer responded to these comments and resubmitted the responses back to the New York State Department of Health for further review.

Activity Description:

This project will mitigate the flooding risks of the Village by providing an adequate stormwater management system. Improvements include the relocation of 950 ft of 24" diameter storm sewer, installation of 4 manholes and 14 underground stormwater retention systems. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Endicott in Broome County. The GEOIDS for the project include 360070134001, 360070135003, 360070136003, 360070134005, 360070134006

Activity Progress Narrative:

During the quarter a meeting was held with the Governor's Office of Storm Recovery and the design engineer to discuss their requested contract amendment and project schedule for this project. The contract amendment for additional design costs was submitted by the design engineer and approved by the Governor's Office of Storm Recovery.

Activity Description:

The Town of Clarkstown's Cranford Drive Drainage project will include the construction of storm drainage improvements along Cranford Drive, Cypress Street, Cragmere Oval, Bush Court, and Ridgefield Road to prevent the Demarest Kill from overflowing in these areas. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area for this project runs along Cranford Drive and on either side of the Demarest Kill from just north of Old Route 304 south to Heritage Drive near Route 304. It includes GEOIDs 360870108031, 360870108033, and

Activity Progress Narrative:

Construction is ongoing. Tree clearing is complete and site grubbing is underway. Erosion control fencing has been installed. Program Manager continues to attend bi-weekly job progress meetings. Processed two request for payments as well as two construction change orders. The first change order included the addition of scope to remove and re-install guide rails and prepare an as-built survey of an existing retaining wall. The second change order adjusted quantities on material identified in the original contract. A press event is being planned. The budget for this activity was revised.

Activity Description:

Town of Rochester will assess, design, and construct improvements to the towns community center, including an ADA-compliant restrooms and showering facilities, replacing an emergency backup generator, and additional 1000 sq ft of facility which will serve as a community food pantry in normal and emergency conditions. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rochester in Ulster County. The GEOIDs for the project include: 361119530001, 361119550001, 361119530002, 361119550002, 361119550003, 361119550004.

Activity Progress Narrative:

Construction is ongoing, with the previously identified drainage issue being resolved. Contractor laid the foundation and foundation backfill. Compaction testing was preformed. Contractor continues to provide submittals to the project engineer. Previously submitted change order for the plumbing, HVAC and electrical work was approved by both the engineer and GOSR. Subrecipient Agreement amendment was processed and approved. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This activity will include the assessment, design, and construction/installation of selected green infrastructure components in storm-affected communities in Kings and Queens Counties. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The communities of Canarsie, Gravesend and Bensonhurst, Southeast Brooklyn Waterfront and Southern Brooklyn Peninsula in Kings County and the communities of Idlewild and Rockaway West in Queens County.

Activity Progress Narrative:

The architecture and engineering contractor of the subrecipient completed the street side rights-of-way geotechnical investigation analysis and submitted the data gathered to the permitting agencies for review and approval. The GOSR Program Manager continued to work with the subrecipient and other project participants to finalize the draft of the Application for Funding. The application was finalized and the subrecipient signed off. GOSR is awaiting signatures from the two project participants. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Town of Conklin Stillwater Road neighborhood floods during extreme storm events, particularly at the intersection of Stillwater Road and Route 7A. This activity will include the installation of a stormwater drainage system along a one-block long section of Stillwater Road to mitigate flooding. Construction activities would include

installation of approximately 900 feet of 36-inch corrugated pipe, four manholes, and one check valve at the pipe discharge point into the Susquehanna River. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Conklin in Broome County. The GEOID for the project includes: 360070127011.

Activity Progress Narrative:

During the quarter, a request for payment by the general contractor was processed for 90 percent of the contract value. The engineering firm also submitted several contact amendments to cover the cost of the changes in the design to include manholes and other miscellaneous minor but necessary changes. All change orders were reviewed and approved after the review of the updated documents. The budget for this activity was revised.

Activity Description:

This project will consist of the construction of a firehouse able to accommodate modern equipment and with the capacity to serve as an emergency shelter. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Waterford, NY.

Activity Progress Narrative:

The invoice for design work completed in the prior quarter was submitted to GOSR for payment. This was reviewed and processed. In addition an ammended application was submitted to GOSR which switched the subreceptient from the Dormitory Authority of the State of New York (DASNY) to the Village of Waterford. The Village also advertised for and selected a firm to provide assistance with Construction Management for the project. The budget for this activity was revised.

Activity Description:

The Town of Babylon will be reconstruction of two replacement bridges damaged during Superstorm Sandy. Project activities will include the deconstruction of the existing two American Venice Bridges and widening of the replacement structures. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Copiague in Suffolk County. The GEOIDs for the project are: 361031238021 and 361031238022.

Activity Progress Narrative:

A no cost Construction Contract Change Order was approved to extend the construction period for another ninety-two days to cover weather and utility related delays. Construction continued and was reported as being seventy-one percent complete. The budget for this activity was revised.

Activity Description:

This activity involves the installation of improvements to strengthen three critical facilities in the Town of Blooming Grove. The Tappan Wastewater Treatment Plant improvements will include the installation of concrete floodwalls and barriers. The Salisbury Mills Fire Company Headquarters improvements will include elevating critical equipment above the base flood elevation. The Village of South Blooming Grove Sewer Pump Station improvements will include the installation of gaskets to seal vents and doors. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Town of Blooming Grove, NY.

Activity Progress Narrative:

Contract consent was issued for both the general contractor and the electrical contractor. Notice to proceed were issued by the Subrecipient to each contractor. A pre-construction walk-thru has been scheduled. Engineer contract amendment was received and approved. Processed payment request for engineering services. The budget for this activity was revised.

Activity Description:

This project will include repair and resiliency improvements to the Seaside Branch of the Queens Borough Public Library as part of the New York Rising Community Center network. A recovery center network will ensure the continued provision and coordination of recovery services as well as efficient delivery of services and access to information after a storm. The network will provide publicly accessible places with backup power where residents can receive temporary relief and can be directed to the appropriate resources and locations to address recovery service needs. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and

beneficiaries are reported in the main activity.

Location Description:

The target area is the Seaside Community Library. The GEOID for the project include: 360810934022,360810934021,360810934023 and 360810938003.

Activity Progress Narrative:

Internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project will include repair and resiliency improvements to the STARS Community Center as part of the New York Rising Community Center network. A recovery center network will ensure the continued provision and coordination of recovery services as well as efficient delivery of services and access to information after a storm. Additionally, the Committee specified the use of funding to undertake resiliency improvements to the building, including the installation of green technologies for energy efficiency and power generation. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main

activity.

Location Description:

The target area is the Stars Community Center. The GEOID for the project include: 360810716001, 360810884007, 360810884008, and 360810884006.

Activity Progress Narrative:

The project's design team submitted the 30 percent design for review during this quarter. An on-site meeting during this quarter provided further design information to the project team as well as design clarity for the project beneficiary.

Activity Progress Narrative:

This project is in the design phase. The legal team continued to negotiate the project management agreement with the project beneficiary. Scope revisions to include additional renovation work and the relocation of the generator were discussed, and sketches of the proposed revisions were submitted for review. The additional scope of work was approved by GOSR, and an updated cost proposal with the additional scope of work and design revisions was submitted by the design consultant. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Dormitory Authority of the State of New York, on behalf of a NY Rising Community Centers Program Service Provider, will be completing resiliency retrofits to a facility located in Lower Manhattan that will be used to establish disaster recovery services. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community of Lower Manhattan in Manhattan County. Activity Progress Narrative:

This project is in the pre-construction stage. The beneficiary completed updated applicant disclosure and duplication of benefit forms. The application was approved for construction after being reviewed by the policy team. A tentative bidding schedule and pre-bid meeting dates were set. Coordination efforts with other construction work being conducted in the facility were discussed with the beneficiary. The budget for this activity was revised.

Activity Progress Narrative:

This project is in the pre-construction stage. The beneficiary completed updated applicant disclosure and duplication of benefit forms. A tentative bidding schedule and pre-bid meeting dates were set and confirmed with the beneficiary. Project files were reviewed and uploaded in the record keeping system to prepare for construction and application approval. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project involves the construction of resiliency improvements to the building. The structure is a part of the network of NY Rising Community Centers and functions as a primary facility in the provision of needed recovery services for the community. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area is the Howard Beach Community Library. The GEOID for the project include: 360810884002,360810892003,360810892001,360810884001,360810062012.

Activity Progress Narrative:

Internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Dormitory Authority of the State of New York, on behalf of a NY Rising Community Centers Program Service Provider, will be completing resiliency retrofits to a facility located in Red Hook that will be used to establish disaster recovery services. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community of Red Hook in Kings County. GEOIDS for the project include 360470018000, 360470053000, 360470018001, 360470047001, 360470053001, 360470059001, 360470085001, 360470119001, 360470051002, 360470053002, 360470059002, 360470085002, 360470051003, 360470053003, 360470077003, 360470085003, 360470053004, 360470065007

Activity Progress Narrative:

A beneficiary meeting and site walk through were conducted at the facility on February 13th. During the site visit, the construction phasing and questions about the generator noise levels were raised, and the construction management team responded. A meeting to develop a flood emergency plan required for the Department of Building permit approval was also held in this quarter.

Activity Progress Narrative:

This project is in the design phase. Department of Buildings approval for design is pending. Issues with the Project Management Agreement continue to be discussed with the legal counsel at GOSR, as well as the legal counsels of the beneficiary and the construction management team. Various dates for a coordination meeting between HUD program representatives and the beneficiary were discussed. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Dormitory Authority of the State of New York, on behalf of a NY Rising Community Centers Program Service Provider, will be completing resiliency retrofits to a facility located in Rockaway East that will be used to establish disaster recovery services. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community of Rockaway East in Queens County. GEOIDS for the project include 360810954000, 360810942021,

360810942031, 360810954001, 360810964001, 360810972021, 360810972031, 360810972041, 360810992001, 360810998011, 360810998021, 360811008011, 360811008021, 360811010011, 360811010021, 360811032011, 360811032021, 360810954002, 360810964002, 360810972032, 360810972042, 360810992002, 360810998012, 360810998022, 360811008012, 360811008022, 360811010012, 360811010022, 360811032012, 360811032022, 360810954003, 360810972033, 360810972043, 360810998013, 360810998023, 360811008023, 360811010013, 360811032013, 360811032023, 360810972034, 360810998014, 360811008024, 360811010014, 360811032024, 360810998015

Activity Progress Narrative:

Beneficiary asked if the project could be modified to serve the new building or to do some of the work on another building on the site which will remain. The project's eligibility for funding given the changes to the site or use of a different building were researched and additional information was requested from the beneficiary. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Progress Narrative:

This project is in the pre-construction phase. A post-application amendment filing is being prepared for submission to the Department of Buildings to reflect the changed roof repair section. The construction management team is working with the design consultant to make the necessary changes. The beneficiary submitted updated application disclosure and duplication of benefit forms.

Activity Description:

The Dormitory Authority of the State of New York, on behalf of a NY Rising Community Centers Program Service Provider, will be completing resiliency retrofits to a facility located in Southern Brooklyn Peninsula that will be used

to establish disaster recovery services. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Communities of Southern Brooklyn Peninsula in Kings County. The GEOIDS for the project include 360470308001, 360470326001, 360470328001, 360470330001, 360470336001, 360470340001, 360470342001, 360470348001, 360470350001, 360470352001, 360470354001, 360470356011, 360470356021, 360470360011, 360470360021, 360470362001, 360470364001, 360470366001, 360470374021, 360470386001, 360470610021, 360470610031, 360470610041, 360470612001, 360470616001, 360470620001, 360470314002, 360470326002, 360470328002, 360470330002, 360470336002, 360470340002, 360470342002, 360470348002, 360470350002, 360470354002, 360470356022, 360470360012, 360470360022, 360470362002, 360470364002, 360470366002, 360470374022, 360470386002, 360470608002, 360470610022, 360470610032, 360470610042, 360470620002, 360470326003, 360470328003, 360470330003, 360470336003, 360470342003, 360470354003, 360470356023, 360470360013, 360470362003, 360470366003, 360470370003, 360470374013, 360470374023, 360470608003, 360470610043, 360470326004, 360470328004, 360470336004, 360470342004, 360470610044, 360470326005, 360470336005, 360470610045

Activity Progress Narrative:

This project is in the pre-construction phase. Construction phasing is being planned to ensure minimal disruption to the facility's operations. Plans to coordinate this project's work with the facility's planned security upgrade were conducted. A reassessment of project management fees and preparation for bidding began. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Progress Narrative:

This project is in the design phase. Responses to design concerns from the beneficiary were addressed by the design consultant, and facilitated by GOSR staff. Various alternative design proposals to try and minimize loss of parking were prepared and discussed. Additional concerns around the loss of space were addressed with the beneficiary, and the path forward to move to 100 percent design were discussed.

Activity Description:

The Dormitory Authority of the State of New York, on behalf of a NY Rising Community Centers Program Service Provider, will be completing resiliency retrofits to a facility located in Southeast Brooklyn Waterfront that will be

used to establish disaster recovery services. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Southeast Brooklyn Waterfront in Kings County. The GEOIDS for the project include: 360470698001, 360470706002, 360470702011, 360470700001, 360470696021, 360470700002, 360470706001, 360470696022, 360470696023.

Activity Progress Narrative:

This project is in the design phase. Additional concerns about water rising in the basement of the facility were raised, and it was determined that a water quality test should be conducted to try and determine the source of the water. Potential ways to address the water issue and the re-design of the bathroom layout were discussed.

Activity Description:

The Dormitory Authority of the State of New York, on behalf of a NY Rising Community Centers Program Service Provider, will be completing resiliency retrofits to a facility located in Staten Island, that will be used to establish

disaster recovery services. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community of Staten Island in Richmond County.

Activity Progress Narrative:

During this quarter GOSR approved the movement of funds from the construction budget to the design budget to allow for the filing of this project at the NYC Department of City Planning. DASNY is now moving forward with a work authorization so that this City Planning work can commence. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Saint Francis de Sales Catholic Academy Project will construct resiliency improvements to the St Francis de Sales Catholic Academy in Queens County. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Rockaway Peninsula Community in Queens County. The GEOIDS for this project include:360810928002, 360810928003, 360810934013, 360810934012, 360810928001, 360810934011

Activity Progress Narrative:

GOSR conducted an on-site meeting with the Subrecipient and its design team during this quarter to provide further design information to the project team as well as design clarity for the project beneficiary. The possibility of eliminating the feasibility study component of the scope was proposed to move directly into design for timeline purposes.

Activity Description:

This project will replace the existing boardwalk structure. The project will also consists of the construction of a sewer network extending from residents homes along the boardwalk to the main connection on the street at East 12th Road near Cross Bay Blvd. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Broad Channel in Queens County. The GEOIDs for this project include: 360811072020, 360811072011.

Activity Progress Narrative:

The GOSR team and the Dormitory Authority of the State of New York met once again with the New York City Mayors Office of Recovery and Resiliency, the Queens Borough President, local community leaders, and homeowners to discuss design and ownership of the structure once constructed. It was determined that a Homeowners Association would be responsible for the structure once constructed. GOSR staff continued to work with the design and surveying team to assist elected officials in drafting legislation to alienate the property from New York City to a Homeowners Association. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will include the design, acquisition, and construction of an emergency shelter to serve residents of the Village of Ellenville and Town of Wawarsing in order to ensure public safety during storm events. During non-emergency situations, the building will provide recreational, health, and educational program space for the entire community. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the entire Census Designated Place of the Village of Ellenville in Orange County, New York.

Activity Progress Narrative:

Engineer submitted change amendment to add scope for increased inspections as required by the Environmental Review. GOSR approved request and amendment sent to Subrecipient for signature. Application amendment submitted and under GOSR review. Project approval package reviewed and project approved by GOSR. Request for payment for subconsultant received and approved. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

DASNY will oversee retrofits to the Johseph P. Addabbo Family Health Center in Red Hook, Brooklyn. Anticipated retrofits include relocation of electrical service, elevator machine room relocation, boiler room relocation, and installation of standby generator. This activity includes funds from funding round 5 that have been extended

beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Red Hook in Kings County, NY. The GEOIDS for the project include: 360470053000, 360470053001, 360470059001, 360470085001, 360470053002, 360470059002, 360470085002, 360470053003, 360470085003, 360470053004.

Activity Progress Narrative:

This project is located at 120 Richards Street in Red Hook. During this quarter subrecipient staff worked on obtaining NYC Fire Department sign off so that this project could move forward into the construction phase. Sign off has yet to be secured.

Activity Description:

The Emergency Shelter Upgrades for the Jay Community Center project will equip the Center to serve as a fully functioning emergency shelter, strengthening the capacity of the Town of Jay to respond during future disaster events and manage resources throughout recovery. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Town of Jay, in Essex County, New York. The GEOIDS for this project include: 360319602001 and 360319602002.

Activity Progress Narrative:

Final plans and specs were developed and submitted for review by the regulatory agencies and third party design review team. GOSR staff collected documentation and worked with the subrecipient to progress the project through final design. GOSR Staff continued to collect documents, review them and to file documents on the required GOSR portal.

Activity Description:

This project will implement restoration and stabilization measures along both Beede and Gulf Brooks to help mitigate future flood events. The proposed improvements to Beede Brook will include a redesign of the outlet into the East Branch Au Sable River the creation of a two-stage channel the installation of grade contract and drop structures to maintain channel slope, and the restoration of in-stream habitat while the improvements at Gulf Brook will commence the third phase of work undertaken in separate projects. This last phase will install grade contract and drop structures to maintain channel slope and expand the capacity of Gulf Brook to transport water and sediment through restoration of the floodplain, and stabilize road embankments. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs

expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOIDS for the project include 360319609002.

Activity Progress Narrative:

Design work continued on this project. This included hydrology and hydraulic analysis to ensure appropriate siting of reiver restoraton practices. In addition, the Authority to Use Grant Funds and Environmental Clearance were obtained for this project during this quarter. This is significant because the subreceptient can now begin to acquire the easements necessary to advertise the project for bidding. The budget for this activity was revised.

Activity Description:

This activity will mitigate future flooding of Gulf Brook through restoration measures that will increase water flow and sediment transport capacity. This will involve repairs and improvements to approximately 1,500 linear feet of Gulf Brook. These repairs and improvements will include modifications to the profile and form of the stream channel along with the installation of measures to dissipate energy and armor the channel to protect against future erosion and damage. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Keene in Essex County. The GEOID for the project is: 360319609002.

Activity Progress Narrative:

The Authority to Use Grant Funds and Environmental Clearance were obtained for this project during this quarter. This is significant because the subrecipient can now be to acquire the easements necessary to advertise the project for bidding. Final permitting review is underway. The budget for this activity was revised.

Activity Description:

DASNY is requesting funding to purchase seven natural gas generators for critical community facilities within Fire Island. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Fire Island in Suffolk County. The GEOIDS for the project include: 361031470041, 361031595101, 361031595102.

Activity Progress Narrative:

The Governor's Office of Storm Recovery Team provided technical assistance to the new Subrecipient including contract review and consent, providing guidance on required documents such as insurance certificates, clarifying the project delivery and administration budget, reviewing agenda for kick-off meeting with engineering firm, and coordinating with intended project beneficiaries.

Activity Description:

The project will design and construct a pump station to support the stormwater drainage network as recommended in the Five Towns Drainage Study. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The community of Cedarhurst in Nassau County. The GEOIDs for the project are: 360594110001, 360594112002, 360594112003, 360594112001, 360594113024, 360594113022, 360594114001

Activity Progress Narrative:

Funds paid during Q1 2019 were spent on internal project development. The subrecipient worked internally to review and route the architecture and engineering contract within their legislature system. Biweekly meetings were held between GOSR and the subrecipient to ensure coordination and project progress.

The Dormitory Authority of the State of New York (DASNY) is requesting CDBG-DR funding to establish Community Assistance Centers (CACs) at Freeport Memorial Library and Freeport Recreation Center in the Village of Freeport. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Freeport.

Activity Progress Narrative:

During this quarter, a work authorization was executed to the complete DASNY environmental review, including asbestos testing. The environmental work has been completed and the project is at 100 percent design. A pre-bid meeting and bid opening date will be held at the beginning of Q2. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project involves the design and construction of shoreline stabilization and edge elevation installations paired with stormwater management measures (such as bioswales and rain gardens) that are compatible with long-term plans for ecosystem restoration and enhanced community access along the Creek. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Brooklyn, NY. Census Tracts 098400 (BG 1), 101600 (BG 1), 101800 (BG 1), and 103400 (BG 1).

Activity Progress Narrative:

The design team completed a site investigation of the stormwater outfalls on site to evaluate the existing conditions and determine the feasibility of installing a specific type of tide gate in the project area. The design team additionally provided an updated cost estimate to GOSR. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

Modifications and improvements to Binnekill Channel, including acquisition and demolition of one building abutting the channel, demolition and replacement of a bridge that spans Binnekill, widening of the channel to accommodate an increased amount of stormwater, removal of a low-head dam structure, and modifications of existing village-owned bulkheads lining the channel. This project will mitigate future stormwater events and protect the main commercial corridors along Bridge Street and Main Street in the village.

Location Description:

The Census Designated Place of the Village of Margaretville

Activity Progress Narrative:

Engineer continues to advance to completion all Phase one tasks, including project meetings and subconsultant coordination, site assessment, field survey and Hydrologic and Hydraulic study. Work has commenced on the pre-schematic design. Program Manager obtained Single Audit compliance Certification form.

Activity Description:

This project will include the repair and replacement of damaged and undersized bridges and culverts and constitutes an improvement to the existing public infrastructure. These improvements will reduce obstructions to flood waters, improve flow capacity, improve stream function, alleviate existing roadway flooding conditions, and increase access and mobility for the community during storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Hardenburgh in Ulster County. The GEOIDS for the project include: 361119509001, 361119509002.

Activity Progress Narrative:

In Quarter 1 of 2019 a payment from the design engineer was submitted and approved by the Governor's Office of Storm Recovery for engineering analysis and design costs. A meeting was also held with the design firm and subrecipient to discuss the construction schedule and project plan for this impending summer construction cycle. The budget for this activity was revised.

Activity Description:

The Village of East Rockaway is requesting funding to protect critical facilities that are located in the extreme risk zones including the Department of Public Works Garage facility and the John Street Recreational Center. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated places of Bay Park and the Village of East Rockaway

Activity Progress Narrative:

During the quarter, the Engineer completed ninety percent design. The Technical Advisor conducted internal review of design deliverables. The Program Manager coordinated with the Bureau of Environmental Review and Assessment (BERA) to complete environmental review. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This activity will address future storm flooding on Pepperidge Road in the area of Auerbach Avenue, Heather Lane and the Village Hall. Storm surge and inadequate stormwater drainage systems has caused road flooding and sewage backups. The activity will involve the upgrade of approximately 4,000 linear feet of storm drainage pipe along Pepperidge Road. Green infrastructure practices will also be constructed including permeable surfaces in parking lots, bioswales, and a stormwater detention pond. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Hewlett Harbor in Nassau County. The GEOIDS for the project include: 360594115001 and 360594115002.

Activity Progress Narrative:

During the quarter, the Program Manager, Grant Manager and Grant Administrator worked on the Subrecipient Agreement Amendment and application amendment. The Program Manager and Grant Manager conducted bi-weekly meetings with the subrecipient and provided an overview of project requirements and financial tracking requirements. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will develop and implement a transit-oriented development plan to revitalize the Village of Island Park downtown and waterfront in the Village of Island Park. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of Village of Island Park, NY.

Activity Progress Narrative:

Funds paid for during Q1 2019 were spent on internal project development to ensure successful project progression. The subrecipient worked internally to review and route the draft architecture and engineering contract within local departments. Biweekly meetings were held between GOSR and the subrecipient to ensure coordination and project progress.

Activity Description:

This project includes a phase I comprehensive drainage study and the implementation of drainage improvements within the hamlets of Lido Beach and Point Lookout. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an

associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The communities of Lido Beach and Point Lookout in Nassau County. The GEOIDS for the project include 360594167013, 360594168012, 360594169001, 360594168011, 360594168021, 360594169003, 360594169002, 360594168022, 360594167014, 360594167022, 360594167023, 360594167011, 360594167015, 360594167021, 360594167012.

Activity Progress Narrative:

The subrecipient switch checklist was executed during Q1 2019, following the completion of the study phase of this project. Using the results of the study, this project transitioned to the construction phase of the project. The architecture and engineering firm worked on surveys and began work towards the 30 percent deliverable. Biweekly meetings were held between GOSR and the subrecipient to ensure coordination and project progress.

Activity Description:

This project will extend, repair, and reconstruct the existing revetment along Jones Inlet in Point Lookout, NY to protect against damage from future storms. This activity includes funds from funding round 5 that have been

extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Hemsstead in Nassau County. The GEOIDS for this project include 360594169001, 360594169002, 350594169003

Activity Progress Narrative:

During this quarter, this project advanced to 60 percent design and a public meeting was held with the architectural and engineering firm. GOSR held weekly meetings with subrecipient to discuss project.status and timelines. Environmental permits have been submitted to the agencies for approval. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project is intended to reduce the risk of road flooding during future extreme tidal and weather events by implementing the design and construction of raising a portion of 6th Street. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Village of Lindenhurst in Suffolk County. The GEOIDs for the project are: 361031241022

Activity Progress Narrative:

The design of the road raising portion of this project moved from 30 to 40 percent completion. Additional efforts were made to obtain factual back-up information about the proposed expansion of project scope to include a pump station for the purpose of preparing a cost estimate and justification memo. The Governor's Office of Storm Recovery Team attended project update meetings to review project status. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project will improve the engineered stormwater management and flood control systems and mitigate flood risk by replacing bulkheads and installing a check valve. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Village of Lindenhurst in Suffolk County. The GEOIDs for the project are: 361031241022, 361031242004, 361031242005

Activity Progress Narrative:

Responses to environmental permit submissions were received. Sixty percent project designs and cost estimates were reviewed. Work started on preparation of ninety percent design and specifications. Guidance was provided to the engineering firm on the preparation of construction plans, specification and construction contract bid packages. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The project comprises the installation of a culvert to prevent flooding and standalone leaching structures to increase capacity of drainage system. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Village of Lindenhurst in Suffolk County. The GEOIDs for the project are: 361031239001, 361031239002, 361031239003, 361031239004, 361031239005, 361031240011, 361031240012, 361031240013, 361031240021, 361031240022, 361031241011, 361031241012, 361031241013, 361031241021, 361031242001, 361031242002, 361031242003

Activity Progress Narrative:

The Subrecipient decided to split this project into two separate, geographically distinct projects in order to facilitate moving ahead with the culvert improvements earlier than the leaching basin improvements. The engineering firm was directed to prepare separate budget estimates. The ninety percent design for the leaching basin portion of the project was deemed unacceptable by the Subrecipient who held a follow-up meeting with the engineering firm to address the deficiencies. The ninety percent design of the culvert was completed and submitted with environmental permit application. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The purpose of this project is to reduce shoreline erosion and flood risk to residents and related infrastructure adjacent to the terminus of Little E. Neck Road. The project is expected to reduce the frequency and risk of flooding impacts from storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Town of Babylon, little Neck Road area. The GEOID's for this project includes: 361031244012, 361031246013.

Activity Progress Narrative:

The environmental and technical issues raised in the previous quarter were resolved. The modified environmental permit was approved by the New York Department of Environmental Conservation. The project design reached 100 percent. The Subrecipient published the construction bid package in March. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will consist of the design and installation of a permanent generator at the main fire house in the Village of Amityville. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated place of the Village of Amityville in Suffolk County.

Activity Progress Narrative:

During the quarter, the Program Manager and Grant Manager approved a change order to extend the construction schedule. The Program Manager worked with contractor on another change order to reflect change in scope

requested by national grid to extend gas line.

Activity Description:

The proposed project involves constructing resiliency improvements at three facilities in the Rockaways. The improvements include constructing diesel generators at three of the facilities and check valves at two of the facilities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The neighborhood on the Far Rockaway Peninsula in Queens County. The GEOIDS for the project include: 360810942021, 360810942031, 360810954001, 360810964001, 360810972021, 360810972031, 360810972041, 360810992001, 360810998011, 360810998021, 360811008011, 360811008021, 360811010011, 360811010021, 360811032011, 360811032021, 360810942022, 360810942032, 360810954002, 360810964002, 360810972032, 360810972042, 360810992002, 360810998012, 360810998022, 360811008012, 360811008022, 360811010012, 360811010022, 360811032012, 360811032022, 360810942033, 360810954003, 360810972033, 360810972043, 360810998013, 360810998023, 360811008023, 360811010013, 360811032013, 360811032023, 360810942034, 360810972034, 360810998014, 360811008024, 360811010014, 360811032024, 360810942035, 360810998015.

Activity Progress Narrative:

During the last quarter DASNY provided the procurement package documentation to GOSR required to sign off on the checklist to consent to issue bids on the project sites. Consent to issue bids was granted. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will install back-up electrical power at two pump stations in the Sequams neighborhood in West Islip. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Islip in Suffolk County. The GEOIDS for the project include: 361031469021.

Activity Progress Narrative:

The engineer submitted its 60 percent design in March; the Governor's Office of Storm Recovery has initiated review of these plans. The Governor's Office of Storm Recovery is also working to formalize the final transfer of this project from the original subrecipient, the Dormitory Authority of the State of New York, to the current subrecipient, the Town of Islip. The formal project switch checklist was drafted in late March, and the Governor's Office prepared revisions for a subrecipient agreement amendment transferring all remaining project delivery from the previous subrecipient to the Town of Islip. The budget for this activity was revised. The MID budget for this activity was revised.

Village of Margaretville	Rehabilitation/reconstruction of a public improvement	R5-ComRecon	R5-CR-MargaretBullRunChannel-PI-UN	Margaretville Bull Run Restoration CR-R5	General Account

Activity Description:

The Margaretville Bull Run Channel and Stream Restoration project will fund acquisition, studies, design, engineering, and construction of improvements to Bull Run Channel wall. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Margaretville in Delaware County. The GEOIDS for the project include: 360259712005.

Activity Progress Narrative:

During this quarter the engineer completed 100 percent construction documents, one hundred percent of easement documents. A meeting was held with the Subrecipient and land owner to further discuss the easement acquisition process. Program Manger reviewed program audit requirements and sucessfully obtained the necessary audit compliance certification. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

Purchase and install a back-up generator for the Village Fire Department and Department of Public Works (DPW) facility to improve the evacuation center, sheltering space, and command center during a disaster. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Census Designated Place of the Village of Margaretville

Activity Progress Narrative:

Engineer provided front end bid documents, which were reviewed and approved by GOSR. Bid consent was authorized and Bids were issued by the Subrecipient. Duplication of Benefits for all project beneficiaries were submitted and Final project approval requested. Subrecipient submitted one request for payment which was processed and approved. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Village of Margaretville is conducting studies, scoping, and preliminary designs for a large study that will ensure the Village's longterm economic vitality and quality of life through the development of projects that will address the disasterous effects of previous flooding to the Village's downtown, infrastructure, recreational and tourist facilities, homes, and agricultural assets. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target are for this project includes the portion of the Village of Margaretville described by the GEOID 360259712005.

Activity Progress Narrative:

Engineer has completed 100 percent easement documents as well as all construction documents. Easement acquisition efforts continued and the New Mayor scheduled a meeting with impacted property owners who had questions. Subrecipient reviewed and submitted two requests for payment. GOSR processed and approved. Program Manager obtained Single Audit Certification form. The budget for this activity was revised.

Activity Description:

The Mastic Beach and Smith Spoint of Shirley Stormwater Management Plan and Improvements project will develop a comprehensive stormwater management plan on behalf of the communities comprising the Mastic Beach/Smith Point of Shirley NYRCR area and implement projects identified in that plan. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Mastic Beach in Suffolk County. The GEOIDS for the project include: 361031595091, 361031595092, 361031595062, 361031595093, and 361031595064.

Activity Progress Narrative:

During this quarter, 60 percent plans and cost estimates as well as projected project management fee estimates through construction were received and jointly reviewed by the Subrecipient (Dormitory Authority of the State of New York), the design firm, and the beneficiary, the Town of Brookhaven, with support by GOSR. Potential Uniform Relocation Act issues were also reviewed. Research into whether easements would be required for two of the sites was initiated by the Town of Brookhaven. The design firm researched whether design modifications would further reduce the need for easements and these were submitted for additional review. The budget for this activity was

revised.

Activity Description:

This project was identified in the Master Drainage Study as one of several areas that contribute to the flooding in the Town of Blooming Grove as well as the Villages of Washingtonville and South Blooming Grove during significant storm conditions, like those experienced during Hurricane Irene and Tropical Storm Lee. These communities are seeking to implement as many of the recommendations as are financially, environmentally, and technically feasible.

Location Description:

The Washingtonville Planning Area. GEOIDs include: 360710132013, 360710132011, 360710132014, 360710132012, 360710132022, 360710132021

Activity Progress Narrative:

During this quarter, the project engineer completed thirty percent of the project design, which included completion of survey base mapping, completion of wetland delineation report, completion of hydrologic and hydraulic analysis review, streambed sampling, schematic design plan and initial cost estimate and completion of the draft design memo. GOSR Environmental team initiated coordination for the NEPA and SEQRA reviews. Subrecipient reviewed and submitted three requests for payment, all of which were processed and approved. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will include the design and construction of improvements to the Mastic Beach, Smith Point of Shirley stormwater system. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

This Project will benefit the Village of Mastic Beach, Smith Point of Shirley in Suffolk County. The GEOID's for this project include 361031595091, 361031595092, 361031595062, 361031595093, 361031595064.

Activity Progress Narrative:

Evaluation of design and need for URA was determined in this quarter. Expansion in project scope was made to incorporate a Lower to Moderate Income community. The Governor's Office of Storm Recovery staff provided technical assistance to the Subrecipient and the beneficiary during the process. The Subrecipient was authorized to obtain a proposal for design and construction management.

Activity Description:

This project comprises of the design and construction of green infrastructure drainage improvements within the Meadowbrook Corridor intended to divert and delay stormwater runoff from entering existing stormwater facilities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Census Designated Place of Merrick in Nassau County.

Activity Progress Narrative:

During this quarter, this project advanced to 60 percent. Biweekly meeting were held as well as in person meetings with architectural and engineering firm. Design review was done internally and comments were made to the architectural and engineering firm regarding adding green infrastructure. Design was revised and was reviewed internally.

Activity Description:

The City of Middletown is requesting funding for the design and construction of stormwater drainage improvements between Sterling and Genung Streets and Academy Avenue near the confluence of the Monhagen and Draper Brooks. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Middletown in Orange County. The GEOIDS for the project include: 360710151005, 360710015001,

Activity Progress Narrative:

Phase two design work is on-going and is at 25 percent. Subconsultant initiated geotechnical borings work. GOSR Environmental review is underway and a coordination meeting has been scheduled. It has been suggested that several of the implementation sites being developed might be exempt from full review as they do not alter environmental conditions and are limited to the protection, repair, or restoration activities. The budget for this activity was revised.

Nassau County	Rehabilitation/reconstruction of a public improvement	R5-ComRecon	R5-CR-NCTrafficSignals-PI-UN	NCTrafficSignals CR-R5	General Account

Activity Description:

Nassau County wants to design and install transfer switches of traffic signals poles located in priority locations, identified by Nassau County, across the Seaford, Wantagh, Baldwin, Bellmore, Merrick, Massapequa (massapequa, East Massapequa, and Massapequa Park), and Freeport communities. Once connected to one of Nassau County's portable power sources, these transfer switches will allow traffic signals to remain operational in the event of a power outage. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community Wide-Massapequa, Merrick, Bellmore, Freeport, Baldwin, Seaford, and Wantagh. The GEOID's for this project include:360594129001, 360594129002, 360594129003, 360594129004, 360594135001,

360594135002, 360594135003, 360594135004, 360594135005, 360594135006, 360594136001, 360594136002, 360594136003, 360594136004, 360594136005, 360594137001, 360594137002, 360594137003, 360594137004, 360594137005, 360594138031, 360594138032, 360594138033, 360594138034, 360594138041, 360594138042, 360594138043, 360594141001, 360594141002, 360594141003, 360594141004, 360594141005, 360594141006, 360594142011, 360594142012, 360594142013, 360594142021, 360594142022, 360594142023, 360594142024, 360594143011, 360594143012, 360594143031, 360594143032, 360594143033, 360594143034, 360594143041, 360594143042, 360594144001, 360594144002, 360594144003, 360594144004, 360594144005, 360594145011, 360594145012, 360594145013, 360594145014, 360594145021, 360594145022, 360594145023, 360594150001, 360594150002, 360594150003, 360594150004, 360594150005, 360594151011, 360594151012, 360594151021, 360594151022, 360594151023, 360594151024, 360594151025, 360594152011, 360594152012, 360594152013, 360594152021, 360594152022, 360594152023, 360594152024, 360594153001, 360594153002, 360594153003, 360594153004, 360594153005, 360594153006, 360594154011, 360594154012, 360594154013, 360594154014, 360594154021, 360594154022, 360594154023, 360594156001, 360594156002, 360594156003, 360594156004, 360594156005, 360594156006, 360594157001, 360594157002, 360594157003, 360594157004, 360594158021, 360594158022, 360594158023, 360594158024, 360594158025, 360594160001, 360594160002, 360594160003, 360594160004, 360594161001, 360594161002, 360594161003, 360594161004, 360595210001, 360595210002, 360595210003, 360595210004, 360595210005, 360595211001, 360595211002, 360595211003, 360595211004, 360595211005, 360595212001, 360595212002, 360595212003, 360595213011, 360595213012, 360595213021, 360595213022, 360595213023, 360595213024, 360595214001, 360595214002, 360595214003, 360595214004, 360595214005, 360595215001, 360595215002, 360595215003, 360595215004, 360595215005, 360595216011, 360595216012, 360595216013, 360595216014, 360595216021, 360595216022, 360595216023, 360595216024, 360595217001, 360595217002, 360595217003, 360595217004, 360595217005, 360595218011, 360595218012, 360595218013, 360595218014, 360595218021, 360595218022, 360595218023, 360595219021, 360595219022, 360595219023, 360595219024, 360595220001, 360595220002, 360595220003, 360595220004, 360595220005, 360595227001, 360595227002, 360595227003

Activity Progress Narrative:

During Q1 2019, the subrecipient worked internally to review and route the bid documents for approval by the units of government with jurisdiction over procurement. Biweekly meetings were held between GOSR and the subrecipient to ensure coordination and project progress.

Activity Description:

The City of New York will be constructing BMPS NC13 and NC14 drainage improvements in Staten Island. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community of Staten Island in Richmond County. The GEOIDS for the project include: 360850112011, 360850114011, 360850114021, 360850112012, 360850114012

Activity Progress Narrative:

During this quarter, the project reached 100 percent design and was reviewed for final approval. The draft request for proposals construction bid packet was submitted to GOSR for review and approval.

Activity Description:

The New Paltz Emergency Operations Center East of the Wallkill River project will design and construct a new emergency operations center at the current Henry W. Dubois Volunteer Firehouse site. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Target Area is the Town and Village of New Paltz, Ulster County, New York. The GEOIDs for this project include 361119533001, 361119534001, 361119534002, 361119534003, 361119534004, 361119535001, 361119535002, 361119535003.

Activity Progress Narrative:

DASNY created and approved the Bid documents and submitted to GOSR for approval. GOSR issued Bid consent and bids were released to the pre-selected vendors. A pre-bid meeting was held. Bid addendum were issued and bid opening date was pushed out by one week to allow vendors adequate time to review the plans and specification. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The New Paltz Emergency Operations Center West of the Wallkill River project will design and construct a new emergency operations center (EOC) in order to provide rapid response to fire and rescue calls from Town residents that live west of the Wallkill River and to house the Village and Towns swift water rescue boat and trailer. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Target Area is the Town and Village of New Paltz, Ulster County, New York. The GEOIDs for this project include 361119533001, 361119534001, 361119534002, 361119534003, 361119534004, 361119535001, 361119535002, 361119535003.

Activity Progress Narrative:

The project scope was reduced and internal work took place to work toward closeout. Funds were spent on internal work to gather and organize required documentation from the subrecipient.

Activity Description:

The City of Schenectady will be carrying out engineering design and permitting costs to relocate and construct a new pump station. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Schenectady is a census designated place, see attached area survey data.

Activity Progress Narrative:

A revised Environmental Assessment was drafted in response to public comments received. In addition, the state regulatory agencies continued their technical review of the plans and specifications throughout the quarter. The budget for this activity was revised.

Activity Description:

This activity involves the construction of resiliency improvements to the North Tower Firehouse. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The East Bronx Community in Bronx County. The GEOIDs for the project include: 360050138001 and 360050138002.

Activity Progress Narrative:

During this quarter the project beneficiary confirmed the scope change of providing two small generators in lieu of one large generator. DASNY completed 90 percent design. DASNY prepared a new work authorization for the architect and the subconsultants. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The proposed improvements are the result of a phase I feasibility study, R5-CR-LESGardensGreenInfraStudy-PLAN/Lower East Side Community Garden Green Infrastructure feasibility Study, and entail the construction of a variety of green infrastructure improvements to 40 community gardens. The improvements vary across gardens and can include bioswales, rain barrels, and pollinator gardens. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Lower Manhattan in New York County. Activity Description:

DASNY will oversee design and implementation of storm resiliency improvements at the Town of Islip Housing Authority's Ockers Gardens public housing site. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Islip Housing Authority public housing site at Ockers Gardens in the Hamlet of Oakdale, NY.

Activity Progress Narrative:

GOSR paid to complete third party review and the engineer updated plans to reflect comments. The Program Manager and Grant Manager worked with the subrecipient to complete the bid package and advertisement to bid. The Program Manager worked with BERA to complete the environmental review. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will involve the installation of check (one-way) valves at approximately 13 outfall locations to mitigate this backup of seawater on to streets and neighborhoods. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Communities of Oakdale and West Sayville in Suffolk County. The GEOIDS for the project include: 361031476011, 361031476012, 361031476021, 361031476022, 361031476023, 361031476024,

361031477011, 361031477012, 361031477021, 361031477022, 361031477023, 361031477024, 361031478021, 361031478022.

Activity Progress Narrative:

During Q1 2019, the Governor’s Office of Storm Recovery provided technical assistance to the subrecipient and vendors as they moved towards project closeout. Notably, two reporting discrepancies between the design firm and one of its subcontractors were resolved and all outstanding elation reports submitted. The construction vendor’s final invoice was paid on February 21st. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Owego Shared Municipal Facility project will fund the construction of a new municipal services building outside the floodplain to serve the Town and Village of Owego municipalities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Activity Progress Narrative:

The Application for funding was created, review and accepted identifying the source and use of funds for the project. All five of the contractors for the project submitted woman and Minority businesses utilization plans and these plans were approved by the Diversity and Civil Rights group. The documents for contract consent were collected from each contractor and where necessary contractors were registered in the federal System for Award Management. The five contracts were consented to by the Governor's office of Storm Recovery. The budget for this activity was revised.

Activity Description:

The Town of Oyster Bay will install six permanent generators at key community facilities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Oyster Bay in Nassau County. The GEOIDs for the project include: 360595211001, 360595211002, 360595211003, 360595211004, 360595211005, 360595212001, 360595212002, 360595212003,

360595213011, 360595213012, 360595213021, 360595213022, 360595213023, 360595213024, 360595214001, 360595214002, 360595214003, 360595214004, 360595214005, 360595215001, 360595215002, 360595215003, 360595215004, 360595215005, 360595216011, 360595216012, 360595216013, 360595216014, 360595216022, 360595216023, 360595216024, 360595217001, 360595217002, 360595217003, 360595217004, 360595217005, 360595218011, 360595218012, 360595218013, 360595218014, 360595218021, 360595218022, 360595218023, 360595219021, 360595219022, 360595219023, 360595219024, 36059522001, 36059522002, 36059522003, 36059522004, 36059522005.

Activity Progress Narrative:

The subrecipient and GOSR continued bi-weekly meetings to ensure successful project progress. During the first quarter of 2019, all of the generators were installed at the five project sites. A change order was initiated during this quarter. Funds disbursed during this quarter were for the delivery and installation of the generators. The budget for this activity was revised.

Activity Description:

This activity will restore the natural shoreline in an area of the Town of Hempstead along Valley Stream and between Cloverfield Road North to Mill Road, commonly referred to as ?The Path?. This area is approximately 1,800 linear feet in total length and includes a walking trail, approximately 200 linear feet of bioswale and other green infrastructure practices to create tidal marshes and living shoreline, and approximately 60,000 square feet of pocket park area. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of South Valley Stream in Nassau County. The GEOIDS for the project include: 360594104002, 360594108004, 36094109001, 36094109002.

Activity Progress Narrative:

During this quarter, this project advanced to 60 percent construction. Site visits and weekly meetings were held with engineering firm and subrecipient regarding the status and timeliness. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Town of Prattsville Public Facilities project will provide the funding to build a regional health care facility at a site adjacent to Washington Street in Prattsville. The project involves acquiring three properties totaling approximately 55 acres, installing water and sewer infrastructure to the project site, building a secondary, emergency access road, and constructing a regional health care facility. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The region including the Town of Prattsville and surrounding counties, including Albany County, Greene County, Schoharie County, and Delaware County. The GEOIDS for the project include: 360010148022, 360010148023, 360390802021, 360390802022, 360390803001, 360390803002, 360390803003, 360390803004, 360390804011, 360390804012, 360390804013, 360390804021, 360390804022, 360390805021, 360390805022, 360957406001, 360957406002, 360957408001, 360957408002, 360957408003, 360957408004, 360259710001, 360259710003, 360259711001, 360259711002, 360259711003.

Activity Progress Narrative:

During the quarter, the project went out to bid. A lease for the medical occupant of the building is being negotiated and should be complete by bid opening. A subrecipient agreement amendment was drafted and sent to the Town for execution.

Activity Description:

The Town of Babylon is requesting CDBG-DR funding to raise selected sections of Captree Road and construct and restore shoreline stabilization measures along its southern and northern edges where determined to be necessary. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Captree Island in Suffolk County, NY. The GEOID for the project includes: 361031244023.

Activity Progress Narrative:

Responses to environmental permit submissions were received. Preliminary third party review was initiated. Environmental permits were applied for and one was received. Two reviews are pending. Authority to use Grant Funds received. The Subrecipient confirmed there was no need for temporary or permanent easements. A contract amendment change order was requested and approved so the engineering firm could comply with Minority and Women Owned Business requirements. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The County of Schoharie is requesting funding to design and reconstruct the Town of Fulton Municipal Complex. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Fulton in Schoharie County. The GEOIDS for the project include: 360957406001 and 360957406002.

Activity Progress Narrative:

In quarter 1 of 2019 this project went out to bid and bids were received for general construction and electrical, however no bids were received for plumbing and Heating Ventilation and Cooling. A meeting was held with the subrecipient and design engineer to discuss this project after the bids were received during quarter 1.

Activity Description:

DASNY will reconstruct two sections of the interior route for emergency travel. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tracts: 147004 (Block Group 1), 159510 (Block Groups 1, 2)

Activity Progress Narrative:

The sixty to ninety percent plans were reviewed by the beneficiary and other agencies in mid-March. This review had been delayed several weeks due to the partial federal shut down that started in the previous quarter and continued through the beginning of this quarter. Subsequent to this review, additional research and revisions were undertaken including within the environmental review and coordination process. The budget for this activity was revised. The MID budget for this activity was revised. The activity data for this activity were changed.

Activity Description:

The project will fund the design and construction of recreation improvements and streambank restoration at and near Kirby Park in the Village of Nichols. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town and Village of Nichols in Tioga County. The GEOIDS for this project include: 361070206006, 361070206007.

Activity Progress Narrative:

Upon inspection of all the bid documents the project was authorized to go out to bid. A pre-bid meeting was held for all interested bidders. The bids were received several weeks later and opened. Due to the bids coming in over the budget for the project, a meeting was held with the village and engineering firm and the decision was made to revise down the design package and re-bid the project. The budget for this activity was revised.

Activity Description:

The Town of Unions Refuse Garage Relocation project consists of the design and construction of a 15,000 square foot refuse garage that would house the towns maintenance and assembly area for garage trucks, dumper trucks, road sweepers, garbage compactors and refuse containers. The proposed project will benefit the Town of Union by enabling service providers to deploy personnel for quick clean up during emergencies. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Target Area is the entire Town of Union, Broome County, New York.

Activity Progress Narrative:

During the quarter, initial invoices we processed including the general contractor, plumbing and mechanical contractors. The project was on hold during the winter and was restarted at the end of the first quarter. The budget for this activity was revised.

Activity Description:

The Town of Blooming Grove will relocate equipment, materials, and personnel from the current central maintenance facility in the Village of Washingtonville to an existing town-owned facility on New York Route 94, in the Town of Blooming Grove. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Activity Progress Narrative:

Final pre-bid construction cost estimate and plans and specification were received. Bid documents were received and reviewed. Authorization to advertise bid was requested and approved. Program Manager provided pre-bid agenda to engineer and discussed GOSR program requirements to be outlined. A pre-bid meeting has been scheduled. The previously submitted change amendment for the engineer was found cost reasonable and has been subitted for final approvals.

Activity Description:

This project involves the installation of backwater valves at properties in Gravesend/Bensonhurst , Southeast Brooklyn Waterfront, Canarsie, Howard Beach, Lower Manhattan, Red Hook, Rockaway east, Gerritsen Beach/Sheepshead Bay, and the Southern Brooklyn Peninsula.

Location Description:

Targeting property owners in Gravesend/Bensonhurst, Southeast Brooklyn Waterfront, Canarsie, Howard Beach, Lower Manhattan, Red Hook, Rockaway east, Gerritsen Beach/Sheepshead Bay, and the Southern Brooklyn Peninsula.

Activity Progress Narrative:

During this quarter, semi-weekly project meetings to discuss strategy, procurement and reporting requirements continued to occur. Discussions on the best path for procuring vendors for the program were discussed in addition to the review of contract documents. Consultations on information required for the online application in addition to beneficiary reporting occurred. The project team started reviewing the program guide to ensure that all required components are included. The budget for this activity was revised.

Activity Description:

The Restoration Program for the East Branch of the AuSable River will use green infrastructure and ecological restoration techniques to mitigate flooding in the Town of Jay during future storm events through the construction of a flood wall, the restoration of overwidened reaches, and debris clearance activities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Town of Jay, in Essex County, New York. The GEOIDS for this project include: 360319602001 and 360319602002.

Activity Progress Narrative:

The design team worked with the Town and County Staff to arrange for a public meeting to present the findings from the report to the community members. GOSR Staff continued to collect documents, review them and to file documents on the required GOSR portal. The budget for this activity was revised.

Activity Description:

The Town will be demolishing the existing fire station and building a replacement fire station that meets current code and provides a dedicated ADA compliant access space to the shelter. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rochester in Ulster County. The GEOIDs for the project include: 361119530002.

Activity Progress Narrative:

During this quarter the Subrecipient Amendment additional additional funding to the project was fully executed. A meeting was held with Ulster County officials to discuss easement issues regarding the county owned roadway. Preliminary acquisition notices were being prepared. Design has progressed to sixty percent. Subrecipient reviewed and submitted two invoice during the quarter for both the enginner and their subconsultant. GOSR processed and approved. The budget for this activity was revised.

Activity Description:

The Joseph P. Addabbo Family Health Center seeks to implement a project with the Dormitory Authority of the State of New York. The Project involves constructing resiliency improvements to the facility by 1) Constructing an impermeable reinforced concrete flood barrier wall, 2) Install passive flood gate doors, 3) Install new weep holes, 4) relocate floodproofing of existing pipe penetrations, 5) Install an elevator pump unit system, 6) Provide a backwater valve and underground vault. This activity includes funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The neighborhood on the Far Rockaway Peninsula in Queens County. The GEOIDS for this project include: 360810964002, 360810992001, 360810992002, 360811010014, 360811032011, 360811032022, 360811032021, 360810954001, 360810954002, 360810954003, 360810998011, 360810998015, 360811008011, 360811008021, 360811008022, 360811008023, 360811010011, 360811010013, 360811032013, 360811010012, 360810964001, 360810972021, 360810972031, 360810972032, 360810972033, 360810972034, 360810972041, 360810972042, 360810972043, 360810998012, 360810998013, 360810998014, 360810998021, 360810998022, 360810998023, 360811008012, 360811008024, 360811032023, 360811032024, 360811010022, 360811032012, 360811010021

Activity Progress Narrative:

During this past quarter 6200 Beach Channel Drive ceased construction due to the winter season and inclement weather conditions. Construction is set to commence again next quarter during the spring when the weather is warmer. The budget for this activity was revised.

Activity Description:

The Rome Dam Initiative involves the removal of the Rome dam to reduce the risk of flooding from the West Branch of the Ausable River. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Au Sable Forks in Clinton County. The GEOIDS for the project include 360191018001.

Activity Progress Narrative:

GOSR Staff worked with the County and their contractors and subcontractors to ensure correct and complete reports and certified payrolls are submitted before invoices are submitted for payment. GOSR Staff continued to collect documents, review them and to file documents on the required GOSR portal. The budget for this activity was revised.

Activity Description:

This activity will improve stormwater drainage along an approximately 4,800 linear foot length of James Street which has experienced flooding and roadway collapse. The activity will involve reconstruction of approximately 510 linear feet of the stormwater drainage system as well as measures to reconstruct and stabilize approximately 400 linear feet of the bank of Rondout Creek. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rosendale in Ulster County. The GEOIDS for the project include: 361119528001, 361119528002, and 361119527003.

Activity Progress Narrative:

Subrecipient reviewed and submitted two requests for payment, one was for construction related activities and the other for construction inspection services. Culvert work is complete. Paving has been scheduled for next month after the asphalt plants are re-opened. Program Manager issued the seventy-five percent completion letter. Program Manger met with Subrecipient to discuss project closeout requirements. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will involve the rehabilitation of existing stormwater trenches located on the east and west sides of the neighborhood and is anticipated to include widening, deepening, and/or slope reconstruction to convey stormwater from the neighborhood in an existing flood control area and ultimately into Rondout Creek. This would include the

installation of storm sewers and catch basins along with drainage culverts and swales. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rosendale in Ulster County. The GEOIDS for the project include 361119527003.

Activity Progress Narrative:

Program Manger met with Subrecipient to discuss project close out. Subrecipient submitted final vendor invoice. A payment request checklist was submitted. All construction prime and subcontractor reporting was completed and the vendor invoice approved. Subrecipient requested that project close-out be held until it is clear as to whether there are funds available to complete the final, fully designed project component, a pedestrain bridge that provides secondary ingress and egress in the neighborhood.

Activity Description:

This program will include improvements to two town-owned culverts. This will involve studies, recommendations, engineering/design and replacement of culvert infrastructure located at Osnas Lane and Dave Elliott Road. This will mitigate stormwater flooding, maintain access by emergency responders and preserve critical evacuation routes during future storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Town of Saugerties in Ulster County. The GEOIDS for the project include: 361119501002, 361119501005, 361119504005

Activity Progress Narrative:

The Subrecipient continued with their outreach efforts to obtain the requisite easement for project implementaiton. The Subrecipient reviewed and submitted a request for payment for engineering services that covered 100 percent of their task for field survey and drainage easement, and 55 percent of their task for design, permitting and bid documents. Request for Release of Funds was submitted to HUD. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Village of Saugerties is funding a project for exploration of groundwater resources and subsequent drilling, pumping and disinfectant equipment, and piping infrastructure that will connect with the Village's main water system. This will act as a supplemental water source to protect the Village from risk of interruption in service. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The target area for this project falls into the Village of Saugerties and a portion of the Town of Saugerties. Overall,

it includes GEOIDs 361119501001, 361119502001, 361119502002, 361119502003, 361119503001, 361119503002, 361119503003, and 361119549001.

Activity Progress Narrative:

Program Manager advised Subrecipient about Single Audit requirements and provided them with Certification Form for completion. Subrecipient reviewed and submitted a payment request related to the previously approved change amendment for a subconsultant, who completed Task 1, Survey and Right of Way Mapping. The budget for this activity was revised.

Activity Description:

This project will implement resiliency measures in the City by replacing and/or improving the pump stations located at Rush Avenue, Glenwood Avenue, Jackson Street, and Bevier Street. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Target Area is the City of Binghamton, Broome County, New York. The GEOIDS for the project include 360070004001, 360070004002, 360070004003, 360070005001, 360070005002, 360070005003,

360070006001, 360070006002, 360070006003, 360070007001, 360070007002, 360070007003, 360070007004, 360070007005, 360070009001, 360070009002, 360070018001, 360070018002, 360070018003, 360070018004, 360070018005, 360070016001, 360070001003, 360070013001, 360070013002, 360070013003, and 360070013004.

Activity Progress Narrative:

During this quarter 100 percent design plans and specifications were approved by the Dormitory Authority of New York. After the completion of the design review a project beneficiary meeting was held with the project stakeholders to discuss a schedule for the bidding of this project.

Activity Description:

This project will consist of the expansion of the firehouse to function as a shelter and hardening of the facility including installation of redundant power supply, communications services and water supply. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Fulton in Schoharie County. The GEOIDs for the project include: 360957406001, 360957406002.

Activity Progress Narrative:

100 percent design plans were reviewed by the third party design reviewer and returned to the design engineer for responses. The design engineer responded to the comments and the design was approved by the third party reviewer. A project meeting was also held with the subrecipient and design engineer to discuss the progress of the design review and the proposed project construction schedule.

Activity Description:

This project will include a hydrology and hydraulic study to confirm the required pipe and culvert sizes, design of culverts that will replace the existing culverts, and construction of new culverts. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Middleburgh, NY.

Activity Progress Narrative:

Staff reviewed and processed a contract amendment for design services for the project. GOSR Staff continued to collect documents, review them and to file documents on the required GOSR portal. This project was also funded in the Irene Lee Grant.

Activity Description:

Schoharie County Soil and Water Conservation District will construct approximately 5,220 feet of drainage improvements in the Village of Schoharie. This includes relocating existing utilities, lowering culverts, developing a detention pond to attenuate peak runoff, constructing an outfall to Schoharie Creek, re-establishing swales, constructing additional drainage along and across State Route 30/Main Street and Bridge Street, constructing backflow gates to prevent Schoharie Creek flood waters from feeding back into the project site and stabilizing Schoharie Creek. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated place of the Village of Schoharie in Schoharie County.

Activity Progress Narrative:

Staff worked with the design consultant and project team to collect documents necessary to document HUD compliance. This project was also funded in the Irene Lee Grant.

Activity Description:

The Schoharie County Soil and Water Conservation District Stony Brook Creek project will include replacing two culverts, one on Frisbieville Road and one on Stony Brook Road; reconstruction of a stacked rock revetment wall; and bank failure repair at two additional locations. Additional work will include installation of precast concrete culverts, a bridge railing and approach guiderail, full-depth roadway reconstruction, installation of proposed dry stacked boulder walls, channel improvements, and landscaping. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

This activity involves the construction of streetscape enhancements to help control stormwater runoff and retention, provide shade and improve the quality of life for residents. Enhancement measures will include stormwater attenuation measures such as catch basins and bioswales and landscape improvements such as the use of tree pits for stormwater retention and planting salt-tolerant species. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Community of Sea Gate in Kings County. The GEOIDS for the project include 360470336001, 360470336002, 360470336003, 360470336004, 360470336005

Activity Progress Narrative:

During the quarter, the project continued construction. Construction was paused for the coldest months of January and February. GOSR staff provided technical assistance on the uploading of invoices and change orders. GOSR staff requested additional documentation on requested contract changes. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Dormitory Authority of the State of New York (DASNY) is requesting CDBG-DR funding to to establish Community Assistance Centers (CACs) at public libraries in key locations in the hamlets of Baldwin, Baldwin Harbor, Wantagh, Bellmore, Merrick, and Seaford, NY. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Places of Baldwin, Baldwin Harbor, Merrick, Seaford, Wantagh, and Bellmore.

Activity Progress Narrative:

During the quarter, GOSR paid for the engineer to complete sixty percent design. The Program Manager, Grant Manager, DASNY and engineer met with the beneficiary to discuss disaster response plan. DASNY Project Manager started the environmental survey. The budget for this activity was revised. The MID budget for this activity was revised.

Town of Shandaken	Rehabilitation/reconstruction of public facilities	R5-ComRecon	R5-CR-ShandakenMunicipalComplex-PF-UN	ShandakenMunicipalComplex CR-R5	General Account

Activity Description:

This project will include the design and construction of a relocated town hall and highway department, including the feasibility for development on the proposed site regarding water. This complex will centralize the Town's agencies and departments, as well as emergency operations, including a town hall and administrative offices, multi-use meeting room for ranging from court use to conversion to an emergency shelter, highway and public works department garage and maintenance facility with fueling station and wash bays, community health and human services department offices, and a no-kill animal shelter facility. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the County Subdivision of the Town of Shandaken, including GEOIDs 361119553001, 361119509002, 361119553002, and 361119553003. The relocated town hall and highway department will be built at 5605 NY Route 28, Shandaken, NY 12480, which is a site now completely owned by the Town.

Activity Progress Narrative:

Program Manger met with Subrecipient to discuss project budgets. Community indiacted they were unable to bond for the amount needed to do the entire municipal complex project. They submitted a request to switch projects to a fully designed, CDBG-DR compliant project but the GOSR new application period is closed. A meeting is pending with the Subrecipient to discuss advancing only a portion of the municipal complex project, whose budget is acheivable.

Activity Description:

This project involves investigating, designing and implementing storm resiliency improvements, such as natural bank stabilization, landforms, and built structures and features that could reduce wave action and erosion at the southern end of Shore Road Park. It may also include a public boardwalk and lighting to provide safe public access to the waterfront. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Lindenhurst.

Activity Progress Narrative:

The engineering firm conducted additional tidal vegetation survey work in response to request by the New York State Department of Environmental Conservation for more information as part of the environmental permit application process. The engineering firm reported it has included this information in the design which has progressed from thirty percent to the fifty-five percent mark. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

Nassau County is requesting CDBG-DR funding for the study, design, and construction of improvements to reduce flood risk to the Silver Lake Park and surrounding neighborhoods during major storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Baldwin in Nassau County. The GEOIDS for the project include 360594131004, 360594123021,

360594124001, 360594135005, 360594131001, 360594133001, 360594137005, 360594137003, 360594133002, 360594136003, 360594135004, 360594135001, 360594135006, 360594136005, 360594127001, 360594129004, 360594129002, 360594135003, 360594136004, 360594131005, 360594136001, 360594135002, 360594127003, 360594131002, 360594136002.

Activity Progress Narrative:

During Q1 2019, the subrecipient advertised request for proposals for architecture and engineering services. They reviewed and selected a potential architecture and engineering firm for final design and construction administration. Biweekly meetings were held between GOSR and the subrecipient to ensure coordination and project progress. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

Smith Hill Creek is a manmade stream located in the Wallace Road neighborhood and serves as part of a storm water management system for this portion of the Town of Chenango. This project will include various improvements along approximately 3050 linear feet of the creek with measures such as: increasing the size of culverts and the cross sectional area of portions of the stream channel and installation of drainage piping, check dams, catch basins and trash racks. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Chenango in Broome County. The GEOID for the project is: 360070121031, 360070121033.

Activity Progress Narrative:

The project scope was reduced and internal work was completed to convert this project to a planning activity. This included gathering and organizing required documentation from the subrecipient.

Activity Description:

The Solar One project will provide funding for the design and installation of solar panels and battery storage at at the Birch Family Services site in Brooklyn New York. These activities establish phase two of the Solar Power and Backup Program for Community Facilities. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Birch Family Services site in Carnarsie.

Activity Progress Narrative:

The GOSR Project Manager continued to work with the Grant Manager to draft the project Application for Funding Amendment 2 during this quarter. The Amendment development was paused due to negotiations between the GOSR CR Program, GOSR Finance, and the Subrecipient regarding a new budget strategy for this Phase 2 construction and installation project. No reimbursement payment was made to the Subrecipient during this quarter. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Progress Narrative:

The GOSR Project Manager continued to work with the Grant Manager to draft the projects Application for Funding during this quarter. The Application development was paused due to negotiations between the GOSR CR Program, GOSR Finance, and the Subrecipient regarding a new Budget strategy for this Phase 2 construction and installation project. No reimbursement payment was made to the Subrecipient during this quarter.

Activity Progress Narrative:

The GOSR Project Manager continued to work with the Grant Manager to draft the projects Application for Funding during this quarter. The Application development was paused due to negotiations between the GOSR CR Program, GOSR Finance, and the Subrecipient regarding a new Budget strategy for this Phase 2 construction and installation project. No reimbursement payment was made to the Subrecipient during this quarter.

Activity Progress Narrative:

The GOSR Project Manager continued to work with the Grant Manager to draft the projects Application for Funding during this quarter. The Application development was paused due to negotiations between the GOSR CR Program, GOSR Finance, and the Subrecipient regarding a new Budget strategy for this Phase 2 construction and installation project. No reimbursement payment was made to the Subrecipient during this quarter.

Activity Description:

The Stony Point Shoreline Protection project will implement physical shore defense measures that will protect the Towns waterfront against erosion and wave action. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Activity Progress Narrative:

Subrecipient received updated pre-schematic and preliminary equipment cost from the engineer. Program and Grant Manager met with the Subrecipient to discuss potential budget issues and the scope was further refined. Subrecipient notified engineer as to which components of the project to advance. Program Manager organized a call between engineer and Subrecipient to resolve scope issues. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project involves the replacement of approximately 350 feet of storm culvert that is inadequately sized to accommodate stormwater from 100-year storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Saugerties in Ulster County. The GEOIDS for the project include: 361119504005, 361119504006, and 361119506001.

Activity Progress Narrative:

Internal work took place to work toward closeout. This included gathering and organizing required documentation from the subrecipient.

Activity Description:

This project will construct and install four permanent generators to support fire emergency services provided to the Fire Island Community. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The community of Fire Island in Suffolk County. The GEOIDs for the project are: 361031470041, 361031595101, 361031595102.

Activity Progress Narrative:

The Governor's Office of Storm Recovery Team continued to provide technical assistance to the new Subrecipient. Contract consent was given. Staff assisted the Subrecipient with preparations for the pre-construction bidding meeting with the engineering construction bidding and management firm.

Activity Description:

DASNY will help restore degraded habitats in Jamaica Bay and increase wave reduction potential. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tracts: 093800 (Block Groups 1-3), 094201 (Block Group 1), 094202 (Block Groups 1, 2), 094203 (Block Groups 1-4), 107201 (Block Group 1).

Activity Progress Narrative:

During this quarter, the project reached 100 percent design and was submitted to the permitting agencies for review. GOSR and the other project partner agencies determined that a Subrecipient transition from the design phase to the construction phase is the best strategy and identified the initial GOSR process for that transition. The budget for this activity was revised.

Activity Description:

The funding will permanently install an 80kw backup generator at the town hall and a 250kw backup generator at the high school in order to provide a consistent source of power during an outage. The Town will utilize these two facilities as shelters during future storm events. During previous storm events there was a lack of critical shelter space for residents of the Town of Amsterdam, particularly those living along the north bank of the Mohawk River who regularly experience severe flooding, forcing them out of their homes and negatively impacting government operations for several days after the storm. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Amsterdam in Montgomery County. The GEOIDs for the project include 360570721001, 360570721002, 360570721003, 360570721004, 360570702001, 360570703001, 360570704001, 360570709001, 360570702002, 360570703002, 360570704002.

Activity Progress Narrative:

During this quarter a reporting issue was resolved with the design engineer. The final payment was submitted to the Governor's Office of Storm Recovery and payment was approved and received by design engineer. A conference call was also held with the Dormitory Authority of New York and the Governor's Office of Storm Recovery to discuss reporting and payment on this project.

Activity Description:

The Town of Hardenburgh will use funds for design, purchase and installation of 2 backup power generators that will provide auxiliary power to the towns hall and 2 town-owned highway garages. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Hardenburgh in Ulster County. The GEOIDS for the project include: 361119509001 and 361119509002.

Activity Progress Narrative:

During this quarter the construction contractor and subrecipient executed a change order to reduce the scope of the work. The change order will remove one of the proposed generators from the scope of work for the selected contractor. A discussion was held with the subrecipient, design engineer, contractor and consultant prior to execution of this change order.

Activity Description:

This project will consist of the design and construction of improvements to Big Pond Road and the Big Pond Road Culvert. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Hardenburgh in Ulster County. The GEOID for this project is 361119509001.

Activity Progress Narrative:

During this quarter the final easements were completed and all issues have been resolved. The design engineer and the Governor's Office of Storm Recovery consultant worked to get the bid documents in place during this quarter.

Activity Description:

The Town of Oyster Bay is requesting as described in the Massapequa NYRCR Plan to stabilize, restore, redesign, rebuild, enhance, and improve Alhambra Park. The project will reduce flood risk and vulnerability by stabilizing the shoreline to mitigate on-going erosion. It will also increase resiliency by incorporating green infrastructure and other sustainable elements in the redesign. Improvements may include, but are not limited to replacing existing falling bulkhead structure with a new bulkhead, rip rap gabions. Green infrastructure improvements include permeable paving, bio-swales, stormwater retention ponds, swirl separators and/or rain gardens. This project will benefit residents of the Village of Massapequa Park, the Hamlets of Massapequa, and East Massapequa. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Activity Progress Narrative:

During the quarter, the architecture and engineering firm applied for permitting for the project. Bi-weekly meetings were held with the subrecipient and the Governor's Office of Storm Recovery to ensure project progress is being maintained. Funds spent in this quarter were for internal project delivery. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project seeks to reduced the frequency and risk of flooding impacts from storm events, related high-tide flooding and shoreline erosion. It will protect the adjacent canals from sediment deposition. Specifically, this project will stabilize the shorelines around the terminus of Araca Road through the implementation of bulkheading , living shoreline. These improvements will protect residential homes from wave energy that would otherwise move through the area during future storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Babylon in Suffolk County. The GEOID for the project is 361031246023.

Activity Progress Narrative:

During the quarter, the project received Authority to Use Grant Funds. The project was put out to bid in February and bids were opened in March. The Governor's Office of Storm Recovery Team assisted the Subrecipient with project approval and related tasks. The engineering firm continued to pursue two environmental permits. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project represents Phase II of the Barnum Island/Harbor Isle Drainage Improvements project. It aims to implement storm water drainage improvements in order to better address future storms. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The community of Barnum Island in Nassau County. The GEOIDs of this project are: 360594162011, 360594162012, 360594162013, 360594162021.

Activity Progress Narrative:

Funds paid for this activity in this quarter were spent on the design and development of this project. During this quarter, an in-person meeting and weekly conference calls were held to review project status and project timelines. Guidance was provided to the subrecipient on invoicing and requesting project delivery funding.

Activity Description:

This project consists of the design and construction of improvements to the Town of Olive's Town Hall Complex. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Olive in Ulster County. The GEOIDS for the project include: 361119510001, 361119510002, 361119510003, and 361119510004.

Activity Progress Narrative:

During this quarter the Subrecipient submitted an invoice for the prime construction contractor, who has completed ninety-nine percent of his contract scope. GOSR processed and approved. Final punchlist items being completed by electrical contractor. All reporting being finalized by both the general contractor and electrical contractors in advance of project close-out request. The budget for this activity was revised.

Activity Description:

DASNY will construct Phase II and III of the Tottenville Dunes and Coastline Dune Planning project which will consist of the implementation of wave attenuation measures along the South Shore of Staten Island. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tract: 024402 (Block Groups 1, 2)

Activity Progress Narrative:

During Quarter 1 of 2019, funds under this activity were spent to progress toward completion of 60 percent design drawings for the Tottenville Shoreline Protection Project. The design concept was advanced sufficiently to present to NYC Parks' Chief of Design in preparation for a Public Design Commission review early in the upcoming quarter. Issues with regard to design coordination with DEP were satisfactorily resolved. Coordination continued on obtaining a NYS Department of State Consistency Letter which is a prerequisite for securing the NYS Department of Environmental Conservation and US Army Corp of Engineers permits. These permits are expected in the in the upcoming quarter. The budget for this activity was revised.

Activity Description:

The Town of Esperance Firehouse project will construct a new firehouse for the Village of Esperance adjacent to Village Hall. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Esperance in Schoharie County. The GEOIDS for the project include: 360957401001 and 360957401005.

Activity Progress Narrative:

During this quarter the final payment was submitted by the design engineer and was paid out to this firm. The Governor's Office of Storm Recovery worked with the project management consulting firm which will be the final payment for this project. The firm prepared an invoice for submittal for this project.

Activity Description:

This activity involves the replacement of an inadequately sized culvert at Platte Clove Road. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Saugerties in Ulster County. The GEOID for this project includes 3601119501003 and 361119504006.

Activity Progress Narrative:

Contractor encountered difficulties during construction with the sizing of his drilling equipment. An attempt to use larger power equipment also failed but the engineer, contractor and the town developed a contingency plan that allowed the project to continue and the contractor was able to complete the final 20 feet of piping without endangering the 90 year old structure. In order to achieve this outcome, two emergency contract change orders were submitted and approved. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Dormitory Authority of the State of New York (DASNY), on behalf of the Town of Prattsville, completed 30 percent design of project site plan for the health care facility. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The region including the Town of Prattsville and surrounding counties, including Albany County, Greene County, Schoharie County, and Delaware County. The GEOIDS for the project include: 360010148022, 360010148023, 360390802021, 360390802022, 360390803001, 360390803002, 360390803003, 360390803004, 360390804011, 360390804012, 360390804013, 360390804021, 360390804022, 360390805021, 360390805022, 360957406001, 360957406002, 360957408001, 360957408002, 360957408003, 360957408004, 360259710001, 360259710003, 360259711001, 360259711002, 360259711003.

Activity Progress Narrative:

The project bid open date was extended several times over the period and the several addendums issued prompting updated wages schedules to correspond to the new bid dates. The latest bid date was extended to second quarter. The budget for this activity was revised.

Activity Description:

The Town of Rosendale will design and and install two military surplus auxiliary power generators, installed in series, for its town hall facility. The Town will also install one military surplus auxiliary power generator at the Rosendale Community Center Poolhouse, which will be utilized as an emergency shelter restroom and showering facility during and after future disaster events. The third element of the project will be to complete construction of interior improvements at the community poolhouse in the Town. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Rosendale in Ulster County. The GEOIDS for the project include 361119527001, 361119528001, 361119527002, 361119528002, 361119527003, 361119528003

Activity Progress Narrative:

During Q1 it was determined by the town's Engineer that the generators were not suitable for use at either site as parts and servicing were unavailable due to the fact that they were military grade surplus. Program Manager met with the Subrecipient to discuss the best path forward. The Subrecipient is having the existing onsite generator that powers the community center evaluated to determine if it has the capacity to also power the upgraded bathrooms and showers in the pool house .

Town of Saugerties	Rehabilitation/reconstruction of a public improvement	R5-ComRecon	R5-CR-TSaugertiesReservoirProtection-PI-UN	TSaugertiesReservoirProtection CR-R5	General Account

Activity Description:

Implement improvements to replace three undersized culverts to increase capacity, allowing stormwater to safely bypass the reservoir and prevent potential hazards to water system customers of the Town and Village of Saugerties. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The culvert replacement activities will occur at 3 locations in the Town and Village of Saugerties, in Ulster County: Van Vlierden Road Culvert, Brink's Road Culvert (~100' east of Brink's Road's intersection with Van Vlierden Road),

and Carrelis Road Culvert (~100' east of Carrelis Road's intersection with Van Vlierden Road). GEOIDs: 361119501001, 361119501004, 361119501005, 361119502001, 361119502002, 361119502003, 361119503001, 361119503002, 361119503003, 361119549001

Activity Progress Narrative:

Subrecipient reviewed and submitted two requests for payment for engineering services. GOSR processed and approved both. During this quarter the engineer completed 70 percent of its tasks related to design, permitting and bid documents. They also completed 100 percent of their task related to geotechnical investigation. The budget for this activity was revised.

Activity Description:

The Town of Babylon is requesting funding to design and install in-line backflow valve infrastructure at multiple coastal outfalls into the Great South Bay and adjoining canals in order to reduce flooding associated with high tides during major storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The community of Babylon in Suffolk County. The GEOIDS for the project include 361031244011, 361031244012, 361031244022, 361031244021, 361031246012, 361031246013, 361031246022, 361031246023, 361031246021.

Activity Progress Narrative:

Design reached ninety-five percent completion. The Subrecipient determined temporary and permanent easements will be required at the bulkhead sites and directed the preparation of easement maps and easements in accordance with the Uniform Relocation Act. The engineering firm obtained an environmental permit for the check valve outfall locations. Separate environmental permit applications were submitted for each of the bulkheads. Authority to Use Grant Funds was issued in February. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will provide funding for the demolition and reconstruction of a 5,000 sq.ft. maintenance, storage and operations facility for the Village of Johnson City Water Department. The new building will be owned, operated and maintained by the Village despite being located within the Town of Union. The project will be a joint effort between the Village and the Town.

Location Description:

The Village of Johnson City, in Broome County. The GEOIDS for this project include: 360070138001, 360070138002, 360070138003, 360070138004, 360070139001, 360070139002, 360070139003, 360070140001, 360070140002, 360070140003, 360070141001, 360070141002, 360070141003, 360070141004, 360070142001, 360070142002, and 360070142003.

Activity Progress Narrative:

Village of Johnson City Water Maintenance and Storage Building, work and all activities were halted on this project until the Article 16 permit is approved for work needed in the Levee easement area.

Activity Description:

This project consists of the implementation of the results of the planning study final report that analyzed modifications to the Upper Pond at the Bowman Avenue Dam and included an assessment of whether modifications to the rules governing the operation of the sluice gate at the Bowman Avenue Dam are warranted. The analysis of the modifications to the Upper Pond at the Bowman Avenue Dam assessed how the pond could be modified such as how much soil could be removed, and to what extent the modifications would reduce downstream flooding. The

construction phase includes the installation of sensors to analyze flood conditions of the Blind Brook and establishment of rules governing the operation of the sluice gate. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Rye in Westchester County. The GEOIDS for the project include: 361190075001, 361190076001, 361190077001, 361190084041, 361190075002, 361190076002, 361190077002, 361190085002, 361190075003, 361190076003, 361190077003, 361190076004, 361190077004, 361190076005, 361190076006.

Activity Progress Narrative:

During Quarter 1, GOSR and the subrecipient held meetings with the beneficiary, The City of Rye, to review and approve cost proposals in order to begin the design process. The beneficiary agreed to the cost proposals submitted by the subrecipient. The project moved into the design phase.

Activity Description:

This project provides for the construction of a new 12,000 sq. ft. facility to house the Village's highway equipment, DPW, and Codes Offices in one building located outside the 100-year floodplain at the Town Hall Campus. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Owego, NY.

Activity Progress Narrative:

During the quarter, several project meetings were held and the interior layout of the building was finalized. Work was started on the environmental review and a 30 percent design review meeting was held with all of the stakeholders for the project.

Activity Description:

The Village of Ellenville will design, purchase, and install 5 backup power generators that will provide auxilliary power to the hall of the village, high school, water treatment, and monitoring station, and two American Red Cross-certified emergency shelters. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Ellenville in Ulster County. The GEOIDS for the project include: 361119547001, 361119548001, 361119554002, 361119548002, 361113548003, 361119545004.

Activity Progress Narrative:

Construction activities continue with work at both the water monitoring station and the school radio station reaching ninety percent. The engineer is preparing punchlists and a site walkthrough has been scheduled. A final shut down of power has been coordinated with the Village and the Village Police Department for the Government Center complex to test the generator. Subrecipient review and submitted three payment requests during the quarter, all of which were processed and approved by GOSR. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

DASNY is a state contracting agency that is providing support to GOSR by implementing disaster recovery and resiliency projects as part of the NY Rising Community Reconstruction Program. In this activity, Vollies Hall Gerritsen Beach VFD, DASNY will build and retro-fit fire department facilities as part of a long-term recovery and in order to reduce the future vulnerability of the Gerritsen Beach community for disasters. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Census Tracts: 062800.01-4

Activity Progress Narrative:

The design team reviewed minor objections from the New York City Department of Buildings (DOB) on the Vollies Hall building and revised the plans accordingly. The design team's expeditor took the Vollies Hall plans to DOB and the project is awaiting approval. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Village of Schoharie will acquire one property and easements in order to complete the South End Drainage Improvements project. Schoharie County Soil and Water Conservation District will also be working on the project and is the responsible for completing the design and construction to complete the South End Drainage Improvements project under activity code R4-CR-SCSWCDSouthEndDrain-PI-UN. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The census designated place of the Village of Schoharie in Schoharie County.

Activity Progress Narrative:

Staff worked with the Village to ensure all required reporting was up to date. No work was necessary other than reporting during this period as this subrecipient only performed acquisition tasks on this project. Those tasks were completed prior to bid authorization and construction. This project was also funded in the Irene Lee Grant. The budget for this activity was revised.

Activity Description:

The Village of Sidney will complete an assessment of current sewer, water, and street infrastructure capacity within the village. Upon completion of the assessment of infrastructure conditions, which is phase one of a multi-phased project, and subsequent identification of alternate project site(s), CDBG-DR funds will be utilized to complete site plans, schematics, scoping, development of plans and specifications, and construction of the infrastructure improvements necessary to serve the developed properties. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Sidney in Delaware County. The GEOIDs for the project include: 360259704003, 360259704004, 360259704005, 360259704006, 360259704007.

Activity Progress Narrative:

During Q1 Program and Grant Manger met with Subrecipient, Engineer, Village Board members and Village Attorney to discuss next steps in project coordination including property acquisition, annexiation and site plan approvals. The Engineer met with Verizon to coordinate underground utilities at project site and worked on the extnsion piping layout and profile. subrecipient eviewed and submitted three requests for payment related to engineering services. GOSR processed and approved.

Activity Description:

The Dormitory Authority of the State of New York (DASNY), on behalf of the Village of Suffern, NY, will design and construct improvements to two of the wastewater and water treatment plants in the Village. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Village of Suffern is an incorporated place. See attached for 2014 ACS Place data.

Activity Progress Narrative:

During this quarter DASNY had their engineer submit a revised proposal to elevate well casing and do environmental remediation work. Two work authorizations for the additional design needed were submitted and subsequently approved. DASNY submitted payment request which was reviewed and approved by GOSR. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project will design and construct improvements to the drainageway between commercial properties along SR 211 (Wickham Avenue) near the intersection of Lloyds Drive and directly adjacent to Middletown High School. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the Washington Heights/Mechanicstown area of the Town of Walkill in Orange County, NY, which includes GEOIDs 360710011001, 360710012001, 360710013001, 360710015001, 360710016001, 360710110001, 360710111011, 360710111021, 360710112001, 360710113001, 360710114001, 360710151001, 360710011002, 360710012002, 360710013002, 360710015002,

360710016002, 360710110002, 360710111012, 360710111022, 360710112002, 360710113002, 360710114002, 360710151002, 360710011003, 360710015003, 360710016003, 360710110003, 360710111023, 360710112003, 360710113003, 360710114003 360710151003, 360710011004, 360710016004, 360710110004, 360710113004, 360710151004, 360710110005, 360710113005, 360710151005, 361059512005, and 360710151006.

Activity Progress Narrative:

During this quarter the Subrecipient continued efforts to secure all of the requisite easements, with two donation and appraisal waivers in hand. Previously submitted change amendment was fully approved and executed. The budget for this activity was revised.

Activity Description:

This project will design and construct improvements to the Ben Lomond Culvert and Ballard Drive areas of the Scotchtown neighborhood. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project target area includes the Scotchtown area in the Town of Walkill, Orange County, New York including GEOIDs 360710016001, 360710110001, 360710111011, 360710111021, 360710112001, 360710113001, 360710114001, 360710016002, 360710110002, 360710111012, 360710111022, 360710112002, 360710113002, 360710114002, 360710016003, 360710110003, 360710111023, 360710112003, 360710113003, 360710114003, 360710110004, 360710113004, 360710110005, 360710113005, and

Activity Progress Narrative:

During the quarter, a contract amendment with engineering firm was submitted. The amendment covered the required services for the new culvert location including site investigation, survey and mark out of utilities, culvert design, hydraulic evaluation, detailed cost estimated and construction phase services. The amendment was approved and design is underway. The subrecipient processed an invoice for field work and mapping on the new culvert location. The invoice was reviewed and approved by GOSR.

Activity Description:

This project was identified in the Master Drainage Study as one of several areas that contribute to the flooding in the Town of Blooming Grove as well as the Villages of Washingtonville and South Blooming Grove during significant storm conditions, like those experienced during Hurricane Irene and Tropical Storm Lee. These communities are seeking to implement as many of the recommendations as are financially, environmentally, and technically feasible.

Location Description:

The Washingtonville Planning Area. GEOIDs include: 360710132013, 360710132011, 360710132014, 360710132012, 360710132022, 360710132021

Activity Progress Narrative:

During the quarter, several conference calls to discuss scope and cost were held with the Program Manager and Grant Manager. Negotiations with second engineering firm were successful and their proposal was found to be reasonable. Contract consent was issued, followed by a Notice to Proceed. Design work has commenced. Coordination with New York State Department of Transportation initiated. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Village of Waterford will serve as an acquisition-only subrecipient for the Consolidated Firehouse project alongside the Dormitory Authority of the State of New York, the primary subrecipient. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Census Designated Place of the Village of Waterford, in Saratoga County, New York.

Activity Progress Narrative:

The Village received the appraisal and review appraisal for the property necessary to be acquired to enable this project to proceed. An invoice was received for this work. It was reviewed and approved for payment and funds were remitted to the Village. The Village initiated acquisition of the parcel necessary for construction from New York State.

Activity Description:

This project involves the construction of drainage system improvements which will include modifications to or replacement of features of the existing system, including headwalls, wingwalls, culverts, a vegetated open channel, and catchment structures. Backflow prevention valves will be also be installed on outlet pipes, and a low section of Fourth Street will be elevated to eliminate the pooling of stormwater runoff. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Census Designated Place of the Village of Waterford, NY.

Activity Progress Narrative:

Invoices and project documents were submitted, processed, and paid. GOSR Staff continued to collect documents, review them and file them on the required GOSR portal. The budget for this activity was revised.

Activity Description:

This project consists of the design and construction of improvements to the West Hamilton Beach Volunteer Fire Department facility. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Howard Beach in Queens County, NY. The GEOIDS for the project include: 360810062011, 360810062021, 360810884001, 360810892001, 360810062012, 360810062022, 360810884002, 360810892002, 360810062023, 360810884003, 360810892003, 360810062024, 360810884004, 360810892004, 360810062025, 360810884005, 360810892005, 360810062026, 360810884006, 360810892006, 360810062027, 360810884007, 360810892007, 360810884008, 360810892008.

Activity Progress Narrative:

The Dormitory Authority of the State of New York (DASNY) completed a review of the bid documents prepared by the design team and issued comments for document revision. The project went out to bid on 2/28/2019 and DASNY conducted a pre-bid walk through of the building to review the design and specifications of construction with prospective bidders. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This activity involves drainage system improvements including repairing and upgrading the Mad Brook retaining wall in the Hamlet of Windham to increase its ability to protect the hamlet from extreme flooding events, and replacing an undersized culvert on Route 56 in the Hamlet of Maplecrest with a larger box culvert to expand its capacity and reduce localized flooding. The 625-foot Mad Brook retaining wall will be repaired, upgraded and extended approximately 150 feet upstream. The project will also replace an undersized culvert under Route 56 where it crosses the Batavia Kill in the hamlet of Maplecrest. The existing four-foot diameter corrugated metal pipe culvert will be replaced with a six (6) foot-by-six (6) box culvert to expand its capacity. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main

activity.

Location Description:

The Town of Windham in Greene County. The GEOIDS for the project include: 360390803003 and 360390803004.

Activity Progress Narrative:

Project documentation was collected during this quarter in preparation for construction once spring conditions come. GOSR Staff continued to collect documents, review them and to file documents on the required GOSR portal. This project was also funded in the Irene Lee Grant.

Activity Description:

This project will consist of the installation of backup power at the West Islip Senior Center. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Hamlet of West Islip in Suffolk County, NY. The GEOID for the project includes: 361031469014.

Activity Progress Narrative:

In the first quarter of 2019, the Governor's Office of Storm Recovery completed initial review of the ninety percent design submitted by the engineer, comments identifying potential concerns were sent to the vendor in early March, and the vendor held a meeting with National Grid in mid-March to address highlighted concerns. The Governor's Office of Storm Recovery is also working to formalize the final transfer of this project from the original subrecipient, the Dormitory Authority of the State of New York, to the current subrecipient, the Town of Islip, in that capacity, the formal project switch checklist was drafted in late March, while the Governor's Office prepared revisions for a subrecipient agreement amendment transferring all remaining project delivery from the previous subrecipient to the Town of Islip. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This project involves improvements to culvert infrastructure at the intersection of Reynolds Lane and NY S.R. 212. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Woodstock in Ulster County. The GEOIDS for the project include: 361119506001 and 361119506002.

Activity Progress Narrative:

During the quarter, the Program Manager issued a 75 percent completion letter. The subrecipient reviewed and submitted two invoices from their engineering firm for construction inspection services. Both invoices were approved and processed. Subrecipient submitted all required quarterly reports. The Program and Grant Manager both conferred with the Subrecipient regarding Federal Single Audit requirements. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

This activity involves upgrade to the drainage system along an approximately one-mile stretch of Route 212 from Route 375 to the Post Office using green infrastructure features for stormwater management. Upgrading the stormwater management system utilizing sustainable infrastructure would improve drainage along this one mile stretch of road protecting access during and after future storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Woostock in Ulster County. The GEOIDS for the project include: 361119505001, 361119506001, 361116505002, 361119506002, 361119505003, 361119506003.

Activity Progress Narrative:

During this quarter change order number three for the construction vendor was approved. This amendment addressed six additional work tasks including but not limited to additional curb repair, additional work to install crosswalk and crosswalk pavement markings, installation of underground PVC electrical conduits, and over-under quantity adjustments for each bid item. The net result of this change order was a contract adjustment credit. Final construction activities are scheduled to resume when the upstate asphalt plants re-open. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Amityville Waterfront Resiliency Improvements program will include the design and construction of approximately 2,000 linear feet of public bulkhead in Amityville. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Amityville in Suffolk County. The GEOIDS for the project include: 361031235001, 361031235002, 361031235003, 361031235004, 361031236001, 361031236002, 361031236003.

Activity Progress Narrative:

Construction continued during this quarter. Two change order requests for two of the sites were started by the Subrecipient, but could not be processed because of unresolved easement and environmental permitting issues. The Subrecipient worked with the contractors to review and finalize construction on the remainder of the sites, and initiated internal process of working toward closeout. The budget for this activity was revised.

Activity Description:

The State of New York developed the Interim Mortgage Assistance Program (IMA) to meet the needs of displaced homeowners unable to inhabit their primary residences as a result of Hurricane Irene, Tropical Storm Lee and/or Superstorm Sandy. The IMA program has developed a formula to determine monthly payment amounts to eligible applicants that takes into account the following factors: rental housing expenses, prior rental assistance, and mortgage costs. Applicants who are already in the Rental program may also be enrolled in the IMA program, pending eligibility. Assistance is provided to displaced homeowners to help them pay the lesser of their monthly

mortgage or rental payment. APA 12 amended the description of the IMA Program to extend the period in which interim mortgage assistance may be provided from 20 months to 36 months, as authorized in the February 12, 2016 Federal Register Notice (81 FR 7567). Applicants assisted through this activity were determined to meet the LMI national objective. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This narrative covers both the Urgent Need (UN) and Low- and Moderate-Income (LMI) activities for the Interim Mortgage Assistance (IMA) Program. From program inception to the end of Q1 2019, the IMA Program issued reoccurring monthly mortgage payments to 1,955 applicants, 515 of whom are LMI and 1440 are UN. Overall, from program inception to the end of Q1 2019 the program issued 1358 final payments to IMA applicants, 1047 of whom are UN and 311 of whom are LMI. Pursuant to APA 22, in Q1 2019 the program began issuing payments to applicants meeting specific criteria for approved categories of demonstrable hardships. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

Bay Park wastewater treatment facility in Nassau County is the largest wastewater treatment facility in Nassau County. During Superstorm Sandy, engines for the plants main pumping system were flooded by over nine feet of water destroying the plants electrical system and comprising other critical components of the plant, the electrical failure resulted in over 200 million gallons of raw sewage being discharged into nearby neighborhoods, waterways and natural resource areas causing a public health and safety crisis. The State of New York along with Nassau County worked with FEMA to apply for FEMA's Public Assistance Alternative Procedures Pilot Program. A settlement was reached that provided funds for repair, restoration, resiliency, and mitigation. The project will serve to protect communities located near the plant as well as to minimize outflows to bays and natural resources areas from power outages. Funds disbursed through this activity are used to pay for construction costs and have been determined to

meet the urgent need national objective. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Bay Park STP. 2 Marjorie Lane. East Rockaway, Town of Hempstead, Nassau County, NY 11518.

Activity Progress Narrative:

During the first quarter of 2019, two invoices were received from the Subrecipient and subsequently paid to the Subrecipient by GOSR. Construction continued and reached 90 percent completion. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. EFC and DEC will fund the replacement of three pumps and the installation of one new pump at the Bergen Point Wastewater Treatment Plant, owned and operated by Suffolk County. This activity includes funds from funding

round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Bergen Point WWTP is located in the town of West Babylon, Suffolk County, and services Suffolk County Southwest Sewer District #3.

Activity Progress Narrative:

In Q1 2019, it was determined CDBG-DR funding will likely no longer will be used for this project as other funds have been potentially identified. Grant application closeout activities have been initiated. The budget for this activity was revised. The activity data for this activity were changed.

Activity Description:

Project management, including staff, development of design criteria for proposed improvements, and design implementation. The proposed accomplishments include replacement of 2,195 linear feet of existing steel sheet pile bulkhead, one elevated walkway at the park, and one quarter mile of natural shoreline revetment reported here as one linear mile of public improvement because of limitations in DRGR. Funds will also be used to increase and provide greater recreational opportunities for these residents at the park. GOSR has committed an additional \$5 million to the project to support the further development of resilient recreational facilities for this LMI community

and has partnered with Major League Baseball and the Harlem RBI non-profit to create a baseball academy at the park that will serve thousands of youth from around New York City. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Roberto Clemente State Park, a 25-acre urban park serving 1.3 million visitors annually, is located in the Morris Heights neighborhood of the Bronx with 3,700 linear feet of waterfront along the Harlem River in Bronx County, New York. Owned and operated by the State of New York Office of Parks, Recreation and Historic Preservation (OPRHP/Parks), this Bronx County park was directly impacted by Superstorm Sandy.

Activity Progress Narrative:

Construction for all project components is nearing 100 percent. GOSR conducted biweekly meetings with the Subrecipient. Funds disbursed during the quarter were for Project Delivery activities completed by GOSR. GOSR provided technical assistance with regards to documentation needs for payment and closing out the project. The budget for this activity was revised.

Activity Description:

Examine existing systems and facilities and design and construct upgrades to the existing drainage infrastructure to address flood mitigation and implement resiliency upgrades to Jones Beach State Park. The project has two components, which are mechanical and electrical flood resistance improvements at existing buildings and stormwater mitigation. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

Jones Beach State Park, Nassau County, NY. Project benefits Nassau County and Queens County.

Activity Progress Narrative:

The construction contract was executed for the Stormwater Management project in March of 2019. GOSR held biweekly calls with the Subrecipient. Funds disbursed during the first quarter of 2019 were for Project Delivery activities completed by GOSR.

Activity Description:

South Nassau Communities Hospital plans to construct a new medical facility in the City of Long Beach on the site of the former Long Beach Medical Center's acute-care facility that will be constructed above the 500-year floodplain and be designed to withstand hurricane-force winds to better serve the Long Beach Populace. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The City of Long Beach in Nassau County. The GEOIDS for this project are 360594163001, 360594164011, 360594165001, 360594166001, 360594167011, 360594164021, 360594168011, 360594168021, 360594169001, 360594169002, 360594168022, 360594168012, 360594167022, 360594164022, 360594167012, 360594166002, 360594165002, 360594164012, 360594163002, 360594164013, 360594165003, 360594166003, 360594167013, 360594167023, 360594169003, 360594167014, 360594166002, 360594165004, 360594165005, 360594166005, 360594167015, 360594166006.

Activity Progress Narrative:

During the quarter, GOSR costs related to internal project development. After reviewing the FEMA scope modification request, GOSR held internal discussions on the overall feasibility and timeline for the project moving forward. The budget for this activity was revised. The MID budget for this activity was revised. Performance

measures for this activity were revised. The activity data for this activity were changed.

Activity Description:

The City of Long Beach will fund the replanting of trees damaged during Superstorm Sandy. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The City of Long Beach is divided into four tree replanting zones based on the City of Long Beach Street Tree Master Plan. This activity corresponds to Zone C. The GEOIDS for this zone include 360594165001,

360594165002, 360594167011, 360594167012, 360594167014, 360594167015, 360594168011, 360594168012, 360594168021, and 360594168022.

Activity Progress Narrative:

During the first quarter of 2019, GOSR processed and submitted for payment the prime contractor final 5 percent retainage reimbursement to the Subrecipient, which was subsequently received by the Subrecipient. In addition, GOSR submitted the final project closeout letter to the Subrecipient. The budget for this activity was revised.

Activity Description:

The Village of Freeport will construct a downtown microgrid. The microgrid will provide power to critical infrastructure during a power disruption event. The microgrid will produce power from natural gas powered combined heat and power (CHP) units and a solar array. The microgrid will sell power back to the grid during regular power times (the industry term is blue sky days instead of regular power times), and will switch to island mode during power disruption events. The project includes upgrades and repairs to the existing Freeport electrical distribution networks circuits, wires, switches and controllers to ensure compatibility and reliability with the new microgrid operating system. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Activity Progress Narrative:

The Freeport microgrid continues to progress through design. During this quarter, funds were spent on GOSR staff time. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Greenport Microgrid will incorporate 3 elements: solar power and battery storage, upgrading switches and grid hardening. The Village of Greenport microgrid will include multiple essential assets such as the firehouse, waste water treatment plant and Village Hall. Greenport will upgrade the most vulnerable parts of their grid. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Village of Greenport in Suffolk County. The GEOIDs for this project include: 361031701011 and 361031701012.

Activity Progress Narrative:

During this quarter, funds were spent on GOSR staff time. The Greenport microgrid was approved by an infrastructure application panel. Greenport is making their way towards 100 percent design. The budget for this activity was revised. The MID budget for this activity was revised. Performance measures for this activity were revised. The activity data for this activity were changed. The eligible activity type for this activity was revised.

Activity Description:

This project will assist in funding an expansion to the existing district energy system called Marquee Power in a 2 square block area of downtown Schenectady. Proctors, a not-for-profit 501(c)(3), is an art center, theater and community development organization that owns and operates Marquee Power. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The census designated place of Schenectady, NY.

Activity Progress Narrative:

During this quarter, funds were spent on GOSR staff time. Proctors is working on an MOU with National Grid. The budget for this activity was revised. The MID budget for this activity was revised. Performance measures for this activity were revised. The activity data for this activity were changed. The eligible activity type for this activity was revised.

New York State - by and through OGS and OPRHP	Rehabilitation/reconstruction of a public improvement	R5-INFRA	R5-INFRA-Moses-UN	Robert Moses State Park R5 - UN	General Account

Activity Description:

To date, three projects have been undertaken by the State of New York at Robert Moses State Park. The first project is the Robert Moses State Park Emergency Beach Renourishment Project, which was completed in May 2013. The second project, known as the Captree State Boat Channel Dredging and Beach Stabilization Project, builds on the prior Project to provide longer term stabilization of the Park infrastructure and adjoining beach. The first two parks

together restored over 1.2 million cubic yards of sand Superstorm Sandy took from beaches and dunes at the park. When the state initially chose performance metrics for Robert Moses it chose the number of linear miles. However as the project has progressed the state has determined that reporting the number of cubic yards is a more accurate measure of performance. The third project includes improvements to the water treatment infrastructure at the park. The project will elevate and strengthen the primary water treatment facility and vital electrical system elements, and will include updated treatment systems and discharges to relieve pressure in emergency situations. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Park is an 875 acre State park located on the southern coast of Long Island on the western end of the barrier island known as Fire Island. The Park extends from Democrat Point on the west to the Fire Island National Seashore on the east, and is bounded by the Atlantic Ocean on the south side and Great South Bay and Fire Island Inlet on its north side.

Activity Progress Narrative:

GOSR conducted biweekly meetings with the Subrecipient. Two Construction Contract Change Orders were initiated during Quarter 1 of 2019. Funds disbursed for the quarter were for a construction contractor as well as for constructions administration for the architectural and engineering firm.

Activity Description:

Nassau County will demolish the existing 8th police precinct station house and garage at 286 Wantagh Avenue, Bethpage, NY 11714. The rebuilt 8th Precinct will serve as an emergency response facility and will also enable the County to centralize the services currently provided at numerous Special Units located throughout the County. A command center will be posted to allow for the uninterrupted provision of police services while demolition is occurring. Construction of the new station house will begin once demolition is complete, with construction of a new garage commencing about halfway through construction of the new station house. The eligible activity for these projects is Public Facilities and Improvements, pursuant to Section 105 (a)(2) of the Housing and Community Development Act. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent match. EFC and DEC will fund upgrades to a significant portion of the Town of Orangetown aging sanitary sewer gravity collection system in the Villages of Nyack and South Nyack. The proposed project would enhance protection

of the Nyack sanitary sewer conveyance system by lining the sanitary sewers using the cured-in-place pipe method CIPP to significantly reduce infiltration into the sanitary sewers during future storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Town of Orangetown is proposing to upgrade a significant portion of its aging gravity collection system in the Villages of Nyack and South Nyack.

Activity Progress Narrative:

In Q1 2019, it was determined that CDBG-DR funding will likely no longer will be used for this project as other funds have been potentially identified. Grant application closeout activities have been initiated.

Activity Description:

Catholic Health Services will conduct a civil engineering study to investigate options to mitigate flooding in the area of the Catholic Health Services campus in order that the hospital be sustainable positioned to meet the needs of the local population in the face of flooding and storms on the scale of Hurricane Irene and Superstorm Sandy. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

The Catholic Health Services Campus at 111 Beach Drive in the hamlet of West Islip in the Town of Islip, Suffolk County, NY.

Activity Progress Narrative:

Funds disbursed during the quarter were for project delivery activities by GOSR. GOSR conducted biweekly calls with the Subrecipient and provided technical assistance regarding its diversity and compliance reporting and management services system. GOSR also provided technical assistance regarding documentation of the procurement of professional services. The budget for this activity was revised. The MID budget for this activity was revised. Performance measures for this activity were revised. The activity data for this activity were changed.

Activity Description:

This project will provide emergency back up power for the Our Lady of Consolation Nursing Home, a skilled nursing facility located in southwestern Suffolk County. Catholic Health Services of Long Island will construct an elevated building and install two new electric generators at the Our Lady of Consolation care facility to provide uninterrupted critical function in the event of future power disruptions. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension.

Location Description:

Our Lady of Consolation nursing and rehabilitative care center at 111 Beach Drive in the hamlet of West Islip in the Town of Islip, Suffolk County, NY.

Activity Progress Narrative:

During Q1 2019, the subrecipient and its engineer conducted additional meetings with the local permitting agencies for preparation of permit applications. The project engineer also prepared a revised cost estimate.

Activity Description:

The County Road 12 project is a road reconstruction and drainage improvement project in Suffolk County, which will maintain a critical evacuation route during storm events for communities along the South Shore in Western Suffolk County. Suffolk County will enhance the resiliency of an approximately 1.8-mile stretch of County Road 12 through the replacement and installation of additional piping and drainage structures. The road will then be reconstructed with pedestrian areas built to the latest PROWAG guidelines. The eligible activity for these projects is Public Facilities and Improvements, pursuant to Section 105 (a)(2) of the Housing and Community Development Act. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Suffolk County Census Tract 123500 (Block Groups 2, 3, and 4), Census Tract 123701 (Block Groups 1, 2, 3, and 4), and Census Tract 123702 (Block Groups 1, 2, 3, and 4).

Activity Progress Narrative:

Construction activities on this project continued throughout the quarter. The project remained within schedule and budget. The Subrecipient reported the project as being approximately 61 to 70 percent complete. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The Environmental Facilities Corporation EFC, a public benefit corporation of New York State, administers the EPA - Clean Water State Revolving Fund CWSRF, which provides low- or no-interest rate financing to construct water quality protection projects. Following Sandy, Congress appropriated similar funds through the Disaster Relief Appropriations Act, 2013 that were targeted to Sandy impacted facilities. As a part of the CWSRF, EFC is administering these additional Sandy related funds known as Storm Mitigation Loan Program SMLP. This program provides funding to eligible municipalities to protect water treatment facilities from future storm events. The SMLP operates as a grant loan program with a 25 percent grant and 75 percent zero-interest loan. This program comes with a 20 percent local match. GOSR will work with EFC and eligible wastewater systems to provide the 20 percent

match. The project will replace and rehabilitate sewers to reduce inflow and infiltration into the system, which have been a documented problem for the Village of Woodridge during storm events. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Village of Woodridge in Sullivan County is proposing to fund work related to inflow and infiltration reduction at the Village of Woodridge wastewater treatment plant.

Activity Progress Narrative:

In Q1 2019, it was determined that CDBG-DR funding will likely no longer be used for this project as other funds have been potentially identified. Grant application closeout activities have been initiated.

Activity Description:

This activity provides non-federal share payments to eligible public entities in the FEMA Public Assistance (PA) Grant Program to address public facility repair and rebuilding needs (categorized as FEMA Category C through G work). The work covered in this activity was determined to meet the national objective of primarily benefiting persons of low- to moderate-income. For the purposes of reporting performance measures for this activity, the

metric used is number of non-business organizations, which refers to the number of public entities that are assisted through the match payments made in this activity. Each entity may have been assisted with multiple projects, which are documented in FEMA Project Worksheets (PWs). FEMA PWs, which include information about the entity, location, and nature of work, support each draw. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Irene, Tropical Storm Lee and Superstorm Sandy damaged and destroyed a wide range of public buildings, facilities and structures in Presidentially declared counties across New York. The specific geographic location of each impacted public facility is geocoded and recorded in the project files.

Activity Progress Narrative:

Expenditures were made during Q1 2019 for planning, data collection, and analytical needs related to PWs that are tied to public facilities reimbursement work funded through this activity. Primary tasks performed by GOSR Infrastructure program staff included obtaining FEMA-reported documentation that is needed by HUD to support HUD eligibility reviews, verification of national objective determinations, analyzing PWs for potential inclusion in the program, conducting financial and CDBG-DR grant eligibility reviews, ongoing PA Match closeouts, and QA and revisions to existing closeout work.

Activity Description:

Repair of public housing developments with local match requirements in the FEMA PA program, including improvements to mitigate risk of damage from future extreme weather events and increase resiliency to storms. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Storm-damaged public housing in Long Beach, NY.

Activity Progress Narrative:

Expenditures were made during Q1 2019 for data collection and analytical needs related to FEMA Public Assistance Project Worksheets, or PWs, funded through this activity. Primary tasks performed by GOSR Infrastructure program staff included obtaining FEMA-reported documentation that is needed by HUD to support HUD eligibility reviews, verification of national objective determinations, analyzing PWs for potential inclusion in the program, and conducting financial and CDBG-DR grant eligibility reviews. A total of 6 PWs are being evaluated for this applicant. The activity data for this activity were changed.

Activity Description:

LMI - Limited Clientele. Repair of public housing developments with PHARP funds, including improvements to mitigate risk of damage from future extreme weather events and increase resiliency to storms. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Storm-damaged public housing in Binghamton, NY.

Activity Progress Narrative:

This narrative is reflective of progress on Binghamton-LMI from inception through Q1 2019. GOSR funds were used to cover project delivery costs associated with repair reimbursements, along with other architectural services.

Activity Description:

The project is a 48-unit, four-story mixed-use development with a Community Service Facility (CSF) on the first floor, multi-family residential on floors two through four. Twelve units are being set aside for persons diagnosed with serious mental illness (SMI) who will receive supportive services and project based rental assistance by Catholic Charities Supportive Scattered Site Housing program funded by the NYS Office of Mental Health. Thirty-six units are non-special needs. All units are for persons at or below 60 percent AMI.

Location Description:

The project is located at 435 State Street, Binghamton (Broome County) NY, 13901.

Activity Progress Narrative:

This narrative is reflective of progress on Canal Plaza LMI from inception through Q1 2019. GOSR issued its first payment for this 48-unit project at the construction loan closing during Q4 2018. Construction progress has subsequently advanced to 6 percent complete. GOSR funds were used to pay project delivery costs associated with architectural services, along with architectural and engineering services, environmental testing and remediation, insurance, and legal and banking fees. The budget for this activity was revised.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm to complete 50 percent design. In addition, monthly meetings were held with GOSR program, BERA and HGA on status updates. GOSR program and the AE firm met with the beneficiary of this project, Village of Hempstead to review the 50 percent design.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm on design and submission of 30 percent design. Program shared the conceptual 30 percent design with the beneficiary, the Town of Hempstead. The Town provided comments and the AE firm addressed them in a formal submission of 30 percent. Program then asked the AE firm to review the alternatives they have proposed to potentially combine alternatives. The AE firm participated in monthly meetings with Program as well.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm to conduct an initial assessment of the feasibility of the project. GOSR met with the beneficiary, the Village of Lynbrook. The AE firm participated in monthly meetings with Program as well. GOSR procurement worked on executing a final contract, a work order, and a task order.

Activity Description:

The Hempstead Housing Authority project will construct a new flood wall above the existing grade and floodbreak barriers will be installed at accesspoints.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004, 360594124005, 360594125001, 360594125002, 360594125003, 360594126001, 360594126002, 360594126003, 360594128001, 360594130011, 360594130012, 360594130013, 360594130021,

360594130022, 360594130023, 360594130024, 360594132001, 360594132002, 360594132003, 360594132004, 360594162011.

Activity Progress Narrative:

During Q1 of 2019 funds, incurred under this activity were for the work by the architecture and engineering (AE) firm. The AE firm provided an alternative analysis and guidance for the project. The AE firm participated in monthly meetings as well. GOSR worked with the environmental review team to scope an eligible project. The budget for this activity was revised.

Activity Description:

The Hempstead Lake State Park project seeks to improve the water management infrastructure in the Park, restore emergent wetlands, provide connectivity among diverse populations, enhance safety, provide emergency response facilities, and promote education and recreational opportunities for residents of the surrounding communities.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004, 360594124005, 360594125001, 360594125002, 360594125003, 360594126001, 360594126002,

360594126003, 360594128001, 360594130011, 360594130012, 360594130013, 360594130021, 360594130022, 360594130023, 360594130024, 360594132001, 360594132002, 360594132003, 360594132004, 360594162011.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for NYS Parks working closely with GOSR BERA on obtaining the necessary federal permits for the project. There was ongoing communication with HUD, USFWS, EPA, and USACE on permitting. BERA issued an Environmental Assessment for HLSP, which included a public hearing. Program continued to have bi-weekly calls with NYS Parks on project status and invoicing. GOSR continued to work with Parks on invoicing and amending their MOU. 100 percent design is completed for the tree clearing and Resiliency Center. Those two projects went out to bid via NYS Parks but cannot enter into a contract until the Environmental Review is complete and a request for funding has been fulfilled. The budget for this activity was revised. The activity data for this activity were changed.

Activity Description:

The Hofstra University Social Resiliency Public Awareness and Education project consists of two education programs, public outreach, and a workforce development program. The University will engage with high schools to promote summer science research of the Mill River, and develop a certificate program for professionals. Additionally, the University will administer a workforce development program, and develop signage and a video production related to Living with the Bay project topics.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. Activity Description:

The Hofstra University Social Resiliency Public Awareness and Education project consists of two education programs, public outreach, and a workforce development program. The University will engage with high schools to promote summer science research of the Mill River, and develop a certificate program for professionals. Additionally, the University will administer a workforce development program, and develop signage and a video production related to Living with the Bay project topics.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005,

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm on design and submission of 30 percent design to GOSR, the Town of Hempstead, and Nassau County. Program is no longer including the Village of Hempstead as a project beneficiary. The AE firm has evaluated other locations to assist in the flooding. The AE firm participated in monthly meetings with Program as well. The budget for this activity was revised. The activity data for this activity were changed.

Activity Description:

The Lynbrook Recharge Basin project will improve drainage infrastructure by constructing an open recharge basin to capture stormwater runoff.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004, 360594124005, 360594125001, 360594125002, 360594125003, 360594126001, 360594126002, 360594126003, 360594128001, 360594130011, 360594130012, 360594130013, 360594130021,

360594130022, 360594130023, 360594130024, 360594132001, 360594132002, 360594132003, 360594132004, 360594162011.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm to conduct an initial assessment of the feasibility of the project. GOSR also met with the beneficiary, the Village of Lynbrook. The AE firm participated in monthly meetings with Program as well. GOSR procurement worked on executing a final contract, a work order, and a task order.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm on design and submission of the 30 percent design for the marsh project. Q1 was spent researching active projects in the region in addition to a more scaled down approach by the AE firm for the marsh.

Activity Description:

The Mill River Greenway project will consist of a multi-use pathway to connect existing pathways along the Mill River. The Greenway will connect open space, public parks, public facilities, and locations of local historic significance. Improved accessibility will increase the safety, ecological value, and recreational opportunities for communities around the river.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004,

Activity Description:

Planning activities related to the identification and development of RBD Nassau - Living With the Bay project, funded through the New York State CDBG-DR RBD allocation. Planning activities include the gathering of information need to get this RBD project located along the Mill River in Nassau County through the AE design phase and into construction phases. Planning activities are expected to include working with municipalities that align and or are near the Mill River and Nassau County government. Planning activities will take place that address land and water based issues including but not limited to planning and developing integrated water management, coastal storm surge, stormwater run-off, coastal restoration activities in addition to creating greenways and water retention parks, and underground storage solutions, and social and educational resiliency actions. Work may

include, scope development, development of program management policies, processes and procedures, analysis of studies and data and efforts to evaluate the RBD project design that support the environmental planning activity. Activities will also include New York State's GOSR need to address progress in implementing this project and communicating it to the public. The planning activities relate to specific programs and projects which may be implemented by either New York State (NYS)- GOSR, NYS Parks and its sub-contractors, municipalities and county governments, and or the winning design team and or its subcontractors. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSR's expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004, 360594124005, 360594125001, 360594125002, 360594125003, 360594126001, 360594126002, 360594126003, 360594128001, 360594130011, 360594130012, 360594130013, 360594130021, 360594130022, 360594130023, 360594130024, 360594132001, 360594132002, 360594132003, 360594132004, 360594162011.

Activity Progress Narrative:

This activity corresponds with planning and design activities that support the Rebuild by Design Living with the Bay (LWTB) program located along the Mill River Program Area in Nassau County, Long Island, New York. GOSR procured architecture and engineering (AE) firms for all stormwater and greenway projects (14 projects, 6 AE firms). Program has met with 7 beneficiaries regarding the 14 projects to provide program and design updates. Program also held a public citizens advisory committee meeting (CAC meeting) in December 2019 to update the public on project status. GOSR and HGA have prepared over 10 pre-application memos for the projects. GOSR has also procured Hofstra University through a Notice of Funding Availability (NOFA) to work on the education and social resiliency associated with all of the projects within LWTB. The budget for this activity was revised. The activity data for this activity were changed.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work by the architecture and engineering (AE) firm to complete 50 percent design. In addition, monthly meetings were held with GOSR program, BERA, and HGA on status updates. GOSR program and the AE firm met with the beneficiary of this project ? the Village of Hempstead ? to review the 50 percent design. Additional work is needed for the project, which required initiation of a change order.

Activity Description:

The South Centre Avenue Bio-retention project will include the installation of green streets with an incorporated bio-retention area.

Location Description:

The Villages of Malverne, Hempstead, Rockville Centre, Lynbrook, and East Rockaway, and the hamlets of Lakeview, Oceanside, and Bay Park in Nassau County. The GEOIDS for the project include: 360594059001, 360594059002, 360594059003, 360594059004, 360594059005, 360594060011, 360594060012, 360594060013, 360594060014, 360594060021, 360594060022, 360594060023, 360594061001, 360594061002, 360594061003, 360594062011, 360594062012, 360594062013, 360594062021, 360594062022, 360594062023, 360594062024, 360594067011, 360594067012, 360594067013, 360594067021, 360594067022, 360594067023, 360594068011, 360594068012, 360594068013, 360594068021, 360594068022, 360594069001, 360594069002, 360594069003, 360594069004, 360594070001, 360594070002, 360594070003, 360594070004, 360594070005, 360594070006, 360594072011, 360594072012, 360594072013, 360594072032, 360594101002, 360594101003, 360594101004, 360594101005, 360594101006, 360594102001, 360594102002, 360594102003, 360594102004, 360594119011, 360594120001, 360594120002, 360594120003, 360594120004, 360594120005, 360594120006, 360594121001, 360594121002, 360594121003, 360594121004, 360594121005, 360594122001, 360594122002, 360594122003, 360594122004, 360594123011, 360594123012, 360594123022, 360594123023, 360594123024, 360594124002, 360594124003, 360594124004, 360594124005, 360594125001, 360594125002, 360594125003, 360594126001, 360594126002, 360594126003, 360594128001, 360594130011, 360594130012, 360594130013, 360594130021,

360594130022, 360594130023, 360594130024, 360594132001, 360594132002, 360594132003, 360594132004, 360594162011.

Activity Progress Narrative:

During Q1 of 2019, funds incurred under this activity were for the work the architecture and engineering (AE) firm on design and submission of 100 percent design to GOSR and the Village of Rockville Centre. The AE firm reviewed front-end bid documents. The AE firm participated in monthly meetings with Program as well.

Activity Description:

Activities related to the identification and development of RBD Staten Island - Living Breakwaters project, funded through New York State's CDBG-DR RBD allocation. Planning activities include the gathering of information need to get this RBD project through the AE design phase and into construction phases. Work may include, scope development, development of program management policies, processes and procedures, analysis of studies and data and efforts to evaluate the RBD project design. social and educational resiliency actions, development and communicating the plans to the public. Activities will include New York State's progress in implementing this project. The planning activities relate to specific programs and projects which may be implemented by either New York State GOSR, project subrecipients, and or the winning design team SCAPE and or its subcontractors. The planning could be considered a program delivery cost, but in this case, it is being classified as a program planning cost. Entitlement program regulations allow charging such costs under 24 CFR 570.205. States may adopt this approach from the Entitlement program. THIS WILL BE UPDATED WHEN A RBD ELIGIBLE ACTIVITY IS CREATED BY HUD This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Community of Tottenville in Richmond County. The GEOIDS for the project include: 360850244021, 360850244022.

Activity Progress Narrative:

During Q1 of 2019, funds under this activity were spent to complete 100 percent design, final plans and specification, and bid documents for the breakwaters and the shoreline restoration portion of the project. Technical

drawings and specifications were completed, providing the basis for the final bid documents and 100 percent completion of the design. Funds were also used to begin the process of selecting the construction contractor to undertake this work, and a Request for Qualifications was issued during this period. Planning also progressed on the designs necessary for the eventual integration of oyster restoration activities on and immediately adjacent to the breakwaters. Also under this activity, funds were spent to finalize the submission of materials necessary to secure the United States Army Corps of Engineers (USACE) and the NYS Department of Environmental Conservation (DEC) permits.

Activity Description:

The New York Harbor Foundation Oyster Restoration Design and Stewardship Support project will implement social resiliency measures for the community. Social resiliency measures include the development and administration of education programs and curricula for public school students and New York Harbor School graduates.

Location Description:

The Community of Tottenville in Richmond County. The GEOIDS for the project include: 360850244021, 360850244022.

Activity Progress Narrative:

During Q1 of 2019, funds under this activity were spent for the NY Harbor Foundation, also known as the Billion Oyster Project (BOP), to continue building their capacity to restore oysters in Raritan Bay where they had once thrived, and for the organization to build awareness of the ecological benefits of oysters. This includes expansion of oyster cultivation activities and organizational capacity, shell collection, and technical assistance on breakwater design relative to oyster restoration. With regard to educational activities, BOP has continued its work to develop and implement a curriculum related to the ecological benefits of oysters and to encourage its adoption at various schools in Staten Island and elsewhere. BOP also worked with GOSR on planning for the purchase and usage of a Floating Water Hub, a boat that will provide direct access to the breakwaters for educational, social resiliency, and

monitoring purposes. The budget for this activity was revised.

Activity Description:

The proposed project Norstar and Metroplex propose to redevelop the vacant building located at 13 State Street in Schenectady into a mixed use, mixed income for area seniors. The concept includes 61 residential units with 44,200 S.F. and approximately 4,467 S.F. of common space, and 8,650 S.F. of commercial and community supportive facility space. The residential structure includes 47 one bedroom one bath units averaging approximately 686 S.F., 12 one bedroom with den units averaging 842 S.F., and 2 two bedroom one bath units of 1,268 S.F. The project includes 29 units targeted to seniors with incomes of 50 percent or less of AMI, 24 units targeted to 60 percent or less of AMI, and 8 units targeted to 80 percent or less of AMI. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project is a redevelopment of a former YMCA located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Progress Narrative:

This narrative is reflective of progress on 13 State Street LMI from inception through Q1 2019. Funding was formally committed to this project in a construction loan closing in Q4 2015. Drawn funds were used to reimburse soft costs related to Construction and project delivery costs of this 61-unit development. Construction is 100 percent completed, the project is fully leased up, and currently preparing to close out of the program.

Activity Description:

GOSR awarded First Ward Action Council, Inc. (FWAC) is the Applicant and Developer of Binghamton Gateway Homes (Gateway), a scattered site, mixed-used project located in the City of Binghamton's First Ward. Binghamton Gateway Homes (Gateway) meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. There are 11 existing buildings that will be substantially rehabilitated plus 1 mixed-use building that will be newly constructed. There will be a total of 37 apartments 27 in the gut rehab buildings and 10 in the 3-story new construction building, which will also have 2 commercial storefronts. This multi-family project will target 6 units to persons with physical disabilities. FWAC has an agreement with Southern Tier Independence Center to provide support services and referrals for the 6 set-aside units. Gateway has unit sizes from studios to 3-Bedrooms, so it will meet the demand for quality affordable housing from individuals, small households, and large families. None of the units are reserved for a superintendent. Twelve (12) of the units are targeted to households

within incomes at or below 50% AMI and 25 are targeted to households with incomes at or below 60% AMI. An admissions preference for persons displaced by Tropical Storm Lee will be in place as part of the Affirmative Fair Housing Marketing Plan. Funds included in this Obligation Round 2 activity are expected to contribute to accomplishments that will be reported in the future during the time that future obligation rounds are active. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Binghamton Gateway project is located in the First Ward neighborhood of Binghamton, Broome County, New York. The First Ward neighborhood suffered extensive damage from Tropical Storm Lee multiple sites within the First Ward neighborhood had moderate to major damage, and a few of this project's sites have been vacant since the Storm hit in 2011. The NY Rising Community Reconstruction Program Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will cover the following addresses: 249, 252, 254, 255, 257.5, 259, 267, 269, and 273-275 Front Street, 8 Meadow Street, and 20 Spring Forest Avenue, and 164-168 Clinton Street. All sites are in zip code 13905. This new building will be constructed on the site of a local landmark that was known as the Lincoln Hotel until it was destroyed by fire last year.

Activity Progress Narrative:

This narrative is reflective of progress on Binghamton Gateway LMI from inception through Q1 2019. Funds were used to pay for costs associated with construction and project delivery costs of this 37-unit development. The project is 100 percent complete and fully leased up. The Binghamton project is preparing for program close out.

Activity Description:

GOSR awarded Sepp, Inc.(as applicant) in joint venture with Lakewood Development/2 4 Development (as Developer) of Cardinal Cove, a new construction development for low-income households in the Village of Endicott, Town of Union, NY. Cardinal Cove meets the definition of a Disaster Relief Project under Priority B.1.c. of the Early Award goals. This disaster relief project involves the new construction of 50 affordable units in 25 duplex buildings, as well as a separate community building. In addition to providing much-needed affordable housing, by keeping families in the area the Cardinal Cove will help to stabilize the neighborhood and its commercial center. The project's community building will house the manager's office, community space, a computer lab, and community laundry facilities. The site will include a playground, individual driveways at each townhouse, and an on-site storm water retention system. Cardinal Cove will consist of twelve (12) 1BR apartments, 26 2Br apartments, and 12 3BR apartments, thus providing affordable housing appropriate for a range of household compositions. 50% (25) of the units will be affordable to households up to 50% of AMI and 60% of AMI, respectively.

The Affirmative Fair Housing Marketing Plan includes a priority for applicants who received assistance from the Disaster Housing Assistance Program (DHAP), and provides a marketing preference for 3 units that shall be fully accessible and marketed to individuals with mobility impairments, and 2 units to individuals with vision or hearing impairments. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The Cardinal Cove project is located in the town of Union, Broome County, New York. Union suffered extensive damage from storms in 2006 and again in 2011 from Tropical Storm Lee a 50 Unit mobile home park located approximately 1 mile from the Cardinal Cove site was decommissioned as a result of flooding during Tropical Storm Lee. The NY Rising Community Reconstruction Program Broome County (March 2014) calls for improving the resiliency of residential structures in flood damaged areas while increasing the resiliency of storm water and sanitary sewer systems. The project will be located at 397 Glendale Drive in the Village of Endicott, in the Town of Union, in the County of Broome within New York State 13760.

Activity Progress Narrative:

This narrative is reflective of progress on Cardinal Cove LMI from inception through Q1 2019. Funds were drawn for soft costs associated with construction and project delivery costs. Construction for this 50-unit development is complete and the property is fully leased up. The Cardinal Cove project is preparing for program close out.

Activity Description:

Development of 68 units of affordable senior housing. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Located in the West Hill Section of Ithaca, NY. Located within NYRCR Amityville and Copiague plan which noted a need to develop replacement housing stock in Tompkins County as a result of Irene and Lee.

Activity Progress Narrative:

This narrative is reflective of progress on Cayuga Meadows LMI from inception through Q1 2019. Funding was formally committed to this project in a construction loan closing and funds drawn for this project were used to reimburse soft costs associated with construction and project delivery costs. Construction of this 68-unit development is complete and the project is fully leased up. The Cayuga Meadows project is preparing for program close out. The budget for this activity was revised.

Activity Description:

The project will provide 104 housing units, 93 of which are for households earning up to 80 percent of AMI. Admission preference will be given to households displaced by flooding during Tropical Storm Lee and the unnamed 2013 storms. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project will be located at 135-139 Baldwin St. in the Village of Johnson City, Broome County, NY.

Activity Progress Narrative:

This narrative is reflective of progress on Century Sunrise LMI and UN from inception through Q1 2019. Funds drawn to date were used to reimburse for construction soft costs, and project delivery costs associated with legal services for zoning and leasing. Construction of this 105-unit development is complete and the project is fully leased up. The project is preparing to close out of the program.

Activity Description:

Conifer Realty, LLC is the project sponsor for the construction of a three-story, 90-unit residential building on Long Island in the hamlet of Copiague within the town of Babylon. Of the 90 units, 71 units will be set aside for households earning up to 60 percent of area median income (AMI) and the remaining units will serve families earning up to 100 percent of AMI. CDBG-DR funds will make up 29.9 percent of the project financing. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Copiague is an unincorporated hamlet within the Town of Babylon in the County of Suffolk. As noted in the NY Rising Community Reconstruction Plan, more than a quarter of the hamlet and its surrounding areas housing stock suffered damage during Superstorm Sandy. The impact on housing stock exacerbated a housing shortage that existed prior to Superstorm Sandy.

Activity Progress Narrative:

This narrative is reflective of progress on Copiague Commons LMI and UN from inception through Q1 2019. Funds were used to reimburse for soft costs associated with construction and project delivery costs. Construction of this 90-unit development is complete and the project is fully leased up. The Copiague Commons project is preparing for program close out.

Activity Description:

DePaul Properties, Inc. will construct fifty (50) units of affordable housing in Schenectady for households earning up to 60 percent of area median income (AMI). 25 units will be set aside for participants of the Medicaid Redesign Team Financing Program. The building will have three levels and approximately 50,000 square feet. There will be 46 one-bedroom units and 4 two-bedroom units. The project is located in Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The site includes 758, 766 -782 Albany Street, 311-313 Schenectady Street, adjacent lots along Hulett Street. The project is located in downtown Schenectady City, Schenectady County adjacent to communities impacted by Hurricane Irene and Tropical Storm Lee as noted in the NYRCR Plan for the City Schenectady and the Town of Rotterdam.

Activity Progress Narrative:

This narrative is reflective of progress on DePaul JLA LMI from inception through Q1 2019. Funds were used to reimburse for construction soft costs and project delivery costs. Construction and full lease up of this 50-unit development is complete. The DePaul JLA Project is preparing for program close out.

Activity Description:

The project will consist of 77 units of affordable housing, two elevators, a mail and package room, a management office, resident-only gym, trash room, two laundry rooms on each floor, 55 underground, resident-only parking spaces, and approximately 11,992 square feet of retail space. A joint-venture consisting of developer Georgica Green Venture in conjunction with the North Hempstead Housing Authority (NHHA) proposes to develop a 77-unit project consists of 60 one-bedroom units and 17 two-bedroom units spread across seven two-story buildings on a 2.23-acre site including 76 units of parking and include recreational space to be planned in consultation with residents.

Location Description:

The site will be located at 252 Grand Street, New Cassel (Hempstead), Nassau County, NY

Activity Progress Narrative:

This narrative is reflective of progress on Grand Street LMI from inception through Q1 2019. Funding was formally committed to this project 76-unit project in a construction loan closing in Q4 2018. Construction progress has subsequently advanced to 69 percent complete. During Q1 2019, funds were used to reimburse for developer fees. The budget for this activity was revised.

Activity Description:

The projects will provide 68 housing units, 58 of which are for households earning up to 80 percent of AMI. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project is located in Beacon, NY, an area where 2,000 units were damaged by Covered Storms.

Activity Progress Narrative:

This narrative is reflective of progress on Highland Meadows LMI and UN from inception through Q1 2019. Funds were used to reimburse for soft costs associated with construction, and project delivery costs. Funding was formally committed to this project in a construction loan closing in Q2 2016. Construction was completed and the units were fully leased in Q4 2018. The Highland Meadows project is preparing for program close out.

Activity Description:

GOSR awarded Westhab, Inc. (as sponsor) and Ludlow Commons Limited Partnership (as Beneficial Owner) of Ludlow Commons, a new construction development for low-income senior households in the City of Yonkers, Westchester County, NY. Ludlow Commons involves the new construction of 70 affordable 1- and 2-bedroom apartments of elderly households with at least one household member 62 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 6,945 square feet. The building will provide surface parking, a laundry room, a community room, access to computers, a wellness/management office, a landscaped outdoor patio in the rear yard, and additional outdoor seating in the front. By being only 12 block from South Broadway, residents will be within walking distance of shopping, municipal and health services and multiple public transportation options. Residents will have convenient access to the county-wide bus and Para-Transit lines, MTA bus service to NY City, and Metro North train service to NY City and northern Hudson Valley communities. This

activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Ludlow Commons will be located at 7-17 Ludlow Street in the Town of Yonkers, in the County of Westchester within New York State 10701. It will provide 70 affordable senior apartments in a heavily storm damaged area. The City and County suffered significant damage in Superstorm Sandy--118 rental units in Westchester were damaged in one of the three covered storms, 839 owner-occupied units were damaged, for a total of 957.

Activity Progress Narrative:

This narrative is reflective of progress on Ludlow Commons LMI from inception through Q1 2019. Funds were used to reimburse for soft costs associated with construction and project delivery costs. Construction of this 70-unit development is complete and the project is fully leased up. The Ludlow Commons project is preparing for program close out.

Activity Description:

GOSR awarded Home Leasing, LLC (as sponsor) and Owego Gardens LLC (as Beneficial Owner) of Owego Gardens, a new construction development for low-income senior households in the Town of Owego, Tioga County, NY. Owego Gardens involves the new construction of 62 affordable 1- and 2-bedroom apartments of elderly households with at least 80% of households occupied by at least one person 55 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 66,250 square feet. The building will include common laundry facilities, air-conditioning, community spaces, tenant storage, patios/balconies, and on-site parking restricted to the tenancy. The municipality has elected to provide utilities and an access road to the site. The access road will link the building to Southside Drive (i.e. Route 434), as well as connect the building to any future developments on the property. The Village of Owego is distinctive for its picturesque riverfront location and its historic downtown and civic center with a village square opening to the river and the Court Street Bridge,

recently reconstructed. The public library, post office, health care and senior service facilities, banks, pharmacies, supermarket, bus stop, and various other services and amenities are located here. While the site is not located directly in the center of the village, a common hub for Tioga County's bus system aka Ride Tioga can be found in the Village square just across the bridge. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Owego Gardens will be located at 130A Southside Drive in the Village of Owego, in the County of Tioga within New York State 13827. It will provide 62 affordable senior apartments in a heavily storm damaged area. 85% of the structures in the town of Owego experienced storm damage due to Hurricane Irene and/or Tropical storm Lee over 2340 owner- and renter-occupied homes were damaged, gas and electricity were shut off for over 1400 residential and commercial properties.

Activity Progress Narrative:

This narrative is reflective of progress on Owego Gardens LMI and UN from inception through Q1 2019. GOSR funds were used to reimburse soft costs associated with construction and project delivery costs. Construction of this 62-unit development is complete and the project is fully leased up. The Owego Gardens project is preparing to close out of the program. The budget for this activity was revised.

Activity Description:

GOSR awarded Home Leasing, LLC (as sponsor) and Owego Gardens LLC (as Beneficial Owner) of Owego Gardens, a new construction development for low-income senior households in the Town of Owego, Tioga County, NY. Owego Gardens involves the new construction of 62 affordable 1- and 2-bedroom apartments of elderly households with at least 80 percent of households occupied by at least one person 55 years of age or older. Eight (8) units will be accessible for mobility impaired tenants and three (3) units will be adapted for visual and hearing impaired. The total residential square footage, measured from interior walls, is 66,250 square feet. The building will include common laundry facilities, air-conditioning, community spaces, tenant storage, patios balconies, and on-site parking restricted to the tenancy. The municipality has elected to provide utilities and an access road to the site. The access road will link the building to Southside Drive (i.e. Route 434), as well as connect the building to any future developments on the property. The Village of Owego is distinctive for its picturesque riverfront location and its historic downtown and civic center with a village square opening to the river and the Court Street Bridge,

recently reconstructed. The public library, post office, health care and senior service facilities, banks, pharmacies, supermarket, bus stop, and various other services and amenities are located here. While the site is not located directly in the center of the village, a common hub for Tioga County's bus system aka Ride Tioga can be found in the Village square just across the bridge. This activity captures expenditures, accomplishments, and beneficiaries associated with the UN components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Owego Gardens will be located at 130A Southside Drive in the Village of Owego, in the County of Tioga within New York State 13827. It will provide 62 affordable senior apartments in a heavily storm damaged area. 85 percent of the structures in the town of Owego experienced storm damage due to Hurricane Irene and/or Tropical storm Lee over 2340 owner- and renter-occupied homes were damaged, gas and electricity were shut off for over 1400 residential and commercial properties.

Activity Progress Narrative:

This narrative is reflective of progress on Owego Gardens LMI and UN from inception through Q1 2019. GOSR funds were used to reimburse soft costs associated with construction and project delivery costs. Construction of this 62-unit development is complete and the project is fully leased up. The Owego Gardens project is preparing to close out of the program. The budget for this activity was revised.

Activity Description:

Development of 45 units of affordable and workforce housing. 40 units will be made available for renters at or below 50 percent of AMI. 5 units would be available for applicants at or below 120 percent of AMI. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Located in the center of downtown Riverhead, the property is currently owned by the Long Island Science Center.

Activity Progress Narrative:

This narrative is reflective of progress on Peconic Crossing LMI and UN from inception through Q1 2019. Construction of this 45-unit development and full lease up are complete. GOSR funds were used to reimburse project delivery costs associated with the developer fee. The Peconic Crossing project is preparing for program close.

Activity Description:

The Rental Properties Program works to assist storm-damaged rental properties and is designed to restore residential rental properties located outside of New York City that were damaged by Hurricane Irene, Tropical Storm Lee, and or Superstorm Sandy. The Program is intended to assist owners of damaged small and larger residential rental properties. The Program covers costs for reimbursement of eligible repair or replacement costs, the repair or replacement of damaged real property, replacement of disaster-impacted non-luxury residential appliances, and environmental and health hazard mitigation costs related to the repair of disaster-impacted property. The Program also covers costs (including elevation) to mitigate future damage for those properties that are located within a 100-year floodplain. Assistance is provided for unmet repair or reconstruction and elevation or mitigation needs. Renters assisted through this activity were determined to meet the LMI national objective. This activity includes

funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Progress Narrative:

This narrative is reflective of progress in rental and repair activities (UN and LMI) during Q1 2019. The Rental Property Program continued to issue both Initial, Midpoint, and Final payments for Reimbursement, Repair, and all forms of Optional Payments. Cumulatively, the Program issued final payments to 68 applicants (37 UN, 31 LMI). The Program continued to move towards final closeout for its participants. The Program continued to assist homeowners with their required repair, reconstruction, mandatory elevation, and optional mitigation measures primarily through the issuance of payments based on project milestones. The centralized check distribution team distributed 110 of Initial, Interim, and Final payments for Reimbursement, Repair and all forms of Optional payments. Focus on program-sponsored environmental remediation has been very successful in getting applicants to meet midpoint payment requirements. In addition to payments, the Program continued to focus on providing technical assistance and program-sponsored environmental remediation to assist applicants.

Activity Description:

The project will be a mixed-use development consisting of 115 units and 14,000 square feet of street-front retail. The current affordability mix assumes most units affordable to residents at 60 percent of the AMI and below and 10 to 15 percent of the units affordable to moderate-income residents between 80 and 90 percent of the AMI. This activity captures expenditures, accomplishments, and beneficiaries associated with the LMI components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project will be located in the scenic downtown district of Riverhead.

Activity Progress Narrative:

This narrative is reflective of progress on Riverhead Apartments LMI and UN from inception through Q1 2019. Funding was formally committed to this project in a construction loan closing. Funds were used to reimburse for soft costs associated with construction and project delivery costs. Construction progress for this 116-unit development is 36 percent complete. During Q1 2019, GOSR funds were used to reimburse project delivery costs associated with the developer fee.

Activity Description:

The project will be a mixed-use development consisting of 115 units and 14,000 square feet of street-front retail. The current affordability mix assumes most units affordable to residents at 60 percent of the AMI and below and 10 to 15 percent of the units affordable to moderate-income residents between 80 and 90 percent of the AMI. This activity captures expenditures, accomplishments, and beneficiaries associated with the UN components of this project. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

The project will be located in the scenic downtown district of Riverhead.

Activity Progress Narrative:

This narrative is reflective of progress on Riverhead Apartments LMI and UN from inception through Q1 2019. Funding was formally committed to this project in a construction loan closing. Funds were used to reimburse for soft costs associated with construction and project delivery costs. Construction progress for this 116-unit development is 36 percent complete. During Q1 2019, GOSR funds were used to reimburse project delivery costs associated with the developer fee.

Activity Description:

Assisting in the administration of the Small Project Affordable Rental Construction Program. The project anticipates making multiple awards to developers across New York state to building affordable rental projects of no less than 8 units and no more than 20 units. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Sites to be determined in Federal Disaster declared counties for Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee throughout the State of New York.

Activity Progress Narrative:

This narrative is reflective of the SPARC Program activities from inception to the end of Q1 2019. Under the SPARC program, drawdowns were used to pay for costs associated with program delivery, to the Community Preservation Corporation (CPC) who administers the program. CPC continued to oversee developers in construction with site visits and managed the cross-cutting requirement submissions for CDBG-DR compliance. The Program has five projects, totaling 88 units under construction. The budget for this activity was revised. The MID budget for this activity was revised.

Activity Description:

The NY Rising Condominium and Cooperative Program involves repair, reconstruction, and mitigation of residential condominium, cooperative structures. This Program is available to Condominium Associations, Cooperative Boards, Condominium Unit Owners, and Cooperative Shareholders whose condominium or cooperative property is located outside of New York City and sustained damage from Hurricane Irene, Tropical Storm Lee, and or Superstorm Sandy. Housing units assisted through this activity were determined to meet the urgent need national objective. This activity includes funds from funding round 4, as well as any funds from funding round 5 that have not been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricane Sandy and Irene and Tropical Storm Lee with the majority located in Nassau and Suffolk counties.

Activity Progress Narrative:

This narrative is reflective of Condo Coop (UN) from inception through Q1 2019. The program has issued final payments to all 44 Condo Associations, Cooperative Boards, and Homeowners Associations. In Q1 2019, the program completed payment to case managers and vendors for program delivery costs. From inception to completion, the Program assisted 3,060 households through payment to the association boards and closed out all 44 Condo Associations.

Activity Description:

The NY Rising Homeowner Recovery Program includes the repair, reconstruction, and mitigation of residential owner-occupied structures. This Program is available to owners of one- and two-unit owner-occupied homes that are located outside of New York City with damage from Hurricane Irene, Tropical Storm Lee, and/or Superstorm Sandy. Key components of the program include reimbursement for eligible costs of home repair or reconstruction, or payment toward approved and eligible costs of repair, reconstruction, and/or resiliency measures such as home elevation, bulkhead repair, and other mitigating measures. Home owners assisted through this activity were determined to meet the LMI national objective. This activity includes funds from 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropic Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This narrative is reflective of Housing (UN and LMI) during Q1 2019 across all funding rounds. The Single Family Housing Program continued to issue Interim, and Final payments for Reimbursement, Repair, and Optional Measures. Cumulatively, the Program issued final payments to 7,977 applicants (5,052 UN, 2,925 LMI). The Program continues to assist homeowners with their required repair, reconstruction, mandatory elevation, and optional mitigation measures primarily through the issuance of payments based on project milestones. The centralized check distribution team distributed 604 of Initial, Interim, and Final payments for Reimbursement, Repair and all forms of Optional payments during the quarter. In addition to payments, the Program continues to focus on providing technical assistance and program sponsored environmental remediation to assist applicants. The budget for this activity was revised. The activity data for this activity were changed.

Activity Description:

The Program will provide qualified applicants with funds to cover 100 percent of down payment and closing costs determined to be necessary and reasonable to enter into a contract for sale. Where the monthly housing cost exceeds 30 percent of the applicants gross income, the Program may provide assistance to pay the principal balance. This option is available to owner-occupants and renters. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

1 Ba Mar Drive, Stony Point, NY.

Activity Progress Narrative:

This narrative is reflective of the Manufactured Home Community Resiliency Program during Q1 2019. The Manufactured Home Community Resiliency Program established a deadline of February 15, 2019 for applicants to select an assistance option. At the end of Q1 2019, GOSR disbursed funds to a total of 71 applicants, including 27 applicants receiving Manufactured Home Replacement Assistance, 41 receiving Rental Assistance, and 3 receiving Homeownership Assistance. Program closeout is underway for 40 Rental Assistance applicants, 7 Manufactured Home Replacement Assistance applicants, and 1 Homeownership Assistance applicant. The budget for this activity was revised. Performance measures for this activity were revised. The activity data for this activity were changed.

Activity Description:

The Program will provide qualified applicants with funds to cover 100 percent of down payment and closing costs determined to be necessary and reasonable to enter into a contract for sale. Where the monthly housing cost exceeds 30 percent of the applicants gross income, the Program may provide assistance to pay the principal balance. This option is available to owner-occupants and renters. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The Manufactured Home Community Resiliency (MHCR) Program will offer all applicants to the MHCR Program a combination of the following Housing Incentive types: Moving Assistance (MA), Rental Assistance (RA), and Manufactured Home Replacement Assistance (MHRA). The Program expects to provide all applicants with MA in conjunction with either Rental Assistance or Manufactured Home Replacement Assistance. In addition, applicants who elect not to benefit from RA or MHRA may benefit from a MA in conjunction with Homeownership Assistance (HA), detailed in a separate MHCR DRGR activity. The RA solution will provide qualified applicants with 42 months of rental payments based on the fair market rent for the area they are relocating to. This option is available to owner-occupants and renters. The MHRA solution will provide applicants with replacement manufactured homes to be placed on land outside the floodplain that is either purchased by the applicant or within another manufactured home community. This option is available to owner-occupants and absentee owners. The MA solution will provide applicants with a one-time payment for storage and moving costs substantially similar to benefits offered by the

Federal Highway Administration Uniform Relocation Assistance. The MHCR program expects to provide MA to all 84 applicants, consisting of 76 owners and 8 tenants, of which the Program expects to provide 43 applicants (30 LMI/13UN) with RA, 37 applicants (24 LMI/13 UN) with MHRA, and the remaining 4 applicants with assistance detailed in the HA DRGR activity. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Activity Description:

The NY Rising Homeowner Recovery Program includes the repair, reconstruction, and mitigation of residential

owner-occupied structures. This Program is available to owners of one- and two-unit owner-occupied homes that are located outside of New York City with damage from Hurricane Irene, Tropical Storm Lee, and/or Superstorm Sandy. Key components of the program include reimbursement for eligible costs of home repair or reconstruction, or payment toward approved and eligible costs of repair, reconstruction, and/or resiliency measures such as home elevation, bulkhead repair, and other mitigating measures. Home owners assisted through this activity were determined to meet the urgent need national objective. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Areas impacted by Hurricanes Sandy and Irene and Tropic Storm Lee with the majority located in Nassau and Suffolk Counties.

Activity Progress Narrative:

This narrative is reflective of Housing (UN and LMI) during Q1 2019 across all funding rounds. The Single Family Housing Program continued to issue Interim, and Final payments for Reimbursement, Repair, and Optional Measures. Cumulatively, the Program issued final payments to 7,977 applicants (5,052 UN, 2,925 LMI). The Program continues to assist homeowners with their required repair, reconstruction, mandatory elevation, and optional mitigation measures primarily through the issuance of payments based on project milestones. The centralized check distribution team distributed 604 of Initial, Interim, and Final payments for Reimbursement, Repair and all forms of Optional payments during the quarter. In addition to payments, the Program continues to focus on providing technical assistance and program sponsored environmental remediation to assist applicants. The budget for this activity was revised. Performance measures for this activity were revised. The activity data for this activity were changed.

Activity Description:

Grant and/or loan assistance to eligible small businesses to cover storm-related working capital needs, replace lost inventory, machinery and equipment, and furniture and fixtures, as well as reimburse repair and reconstruction activities including mitigation against future storm damage. As of May 1, 2015, the Program closed to new applications. By the end of 2015, all applications were submitted to the State for review that will result in an ultimate award determination. The final determination of whether a business meets the national objective of LMI Jobs or Urgent Need was previously based on the demographics information provided by each business at the later stages of application. As a result of a February 2016 HUD monitoring visit, the Program reassessed the methodology for how LMI is determined for small businesses. The methodology was revised to include LMI Microenterprise businesses, as well as those for whom Program funding was determined to have assisted with Job Creation or Job Retention. Microenterprises assisted through the Microenterprise activity were determined to meet the LMI national objective based on the income of the business owner and the business having five or fewer employees including owners. This activity includes funds from funding round 5 that have been extended beyond the 24-month expenditure limit as part of GOSRs expenditure extension. This is an associated activity. Accomplishments and beneficiaries are reported in the main activity.

Location Description:

Hurricane Sandy: Nassau, Orange, Putnam, Rockland, Suffolk, Sullivan, Ulster, and Westchester counties. Hurricane Irene: Albany, Clinton, Columbia, Delaware, Dutchess, Essex, Greene, Herkimer, Montgomery, Nassau, Orange, Otsego, Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk, Sullivan, Ulster, Warren, Washington, and Westchester. Tropical Storm Lee: Broome, Chemung, Chenango, Delaware, Fulton, Herkimer, Oneida, Orange, Otsego, Schenectady, Schoharie, Tioga, and Ulster.

Activity Progress Narrative:

This narrative covers Small Business Jobs UN and Small Business Jobs Microenterprise (LMI) for all funding rounds. During Q1 2019, the program continued to process applications. Costs associated with this activity during the quarter included direct assistance, application reviews, and program design. Primary areas of activity were in applicant closeout, management of applicant projects in the Future Construction Program, and processing applicants through recapture and associated appeals. Other programmatic accomplishments achieved in Q1 2019 included 3 businesses which received grant award letters and 2 businesses which completed all required grant conditions and signed a grant agreement with the State. From program inception to the end of Q1 2019, 647 applicants from the Urgent Need population and 273 applicants from the LMI Microenterprise population have been fully-funded.
